

KILKENNY COUNTY COUNCIL

COMHAIRLE CHONTAE CHILL CHAINNIGH

ANNUAL REPORT 2019

Adopted by Kilkenny County Council on Monday, 18th May, 2020

STATEMENT OF AN CATHAOIRLEACH

It is a great privilege for me to introduce the Annual Report for 2019. This Annual Report details the wide variety of services provided by Kilkenny County Council to the people of Kilkenny City and County. We, the Council, play a key role in providing essential core services such as housing, roads, water, fire and emergency services and in supporting local communities through the arts, heritage, conservation, libraries and community and enterprise functions.

In 2019, the provision of additional housing continued to remain a priority for Kilkenny County Council. The Housing Task Force set up in 2017 continued to play an important in working with the Executive to progress much needed new housing units.

In 2019, the Council welcomed many dignitaries to the City & County both from home and abroad. This is an opportunity for us to showcase what is best in Kilkenny. In particular, we were pleased to welcome delegations from Moret-sur-Loing and Formigine to celebrate our St Patrick's festivities.

I also welcome the many awards bestowed on Kilkenny throughout the year. This is a recognition of the hard work of many communities across the County working in collaboration with Kilkenny County Council and many statutory agencies. These awards are a boost to many rural communities and also fosters greater community engagement and encourages other towns and villages to develop projects in their own communities. The allocation of funding under various schemes greatly assists in the development of our towns and villages. Schemes such as CLAR, Town & Village Renewal, local funding from Kilkenny County Council gives communities a much needed boost. In particular, I would like to pay tribute to all those involved in organising the wonderful night held in the Lyrath Hotel to honour all communities from all over Ireland who entered the National Pride of Place competition.

Following the May local elections, we welcomed 7 new members to the Council. I thank all Elected Members and those who serve on the various committees and sub committees of the Council. They dedicate their time to the business of the Council and to representing their particular and general interests on the committees. The extensive range of business discussed and decided is outlined in the report and is testament to their ongoing dedication and service. I sincerely thank the 7 outgoing members for their work over the last 5 years with the Council and in their communities. I wish them well for the future.

I would like to sincerely thank all the Council's staff for their work for the people of Kilkenny. I commend their commitment and dedication and we look forward to continued progress, working with all of the people of Kilkenny in making Kilkenny a better place to live in, work and visit.

Whilst we have come through very difficult times and many people are still experiencing the consequences of the recession, there is a slight increase in economic activity. Kilkenny can look forward to 2020 when we will see many important projects complete and new ones commence.

Finally, it has been my privilege as Cathaoirleach to lead my fellow Elected Members in meeting those challenging and sometimes controversial and often courageous decisions, as we work together with the Executive and staff for the betterment of Kilkenny and the communities that we all live in.

Cllr. Peter 'Chap' Cleere
Cathaoirleach

CHIEF EXECUTIVE'S STATEMENT

I am pleased to be associated with this Draft Annual Report for 2019 which outlines the extensive range of services provided directly or indirectly by this Council. Within the main body of this report the various activities and delivery of services and infrastructure projects being progressed by Kilkenny County are outlined.

There was a high level of commitment across all Departments to delivering the 2019 Service Delivery Plan and in achieving the Objectives of the Corporate Plan. Most areas met all of their stated objectives and where the level of achievement was less than 100% it will not have any impact on the Council meeting the objectives of its Corporate Plan. I am satisfied therefore that the Council substantially achieved the objectives as set out at the commencement of 2019 in the Service Delivery Plan and that it did so within the parameters set out in the 2019 budget.

I wish to pay tribute to the work being done at Municipal District level and at SPC level. These committees are invaluable in assisting the Council in pursuing its objectives and getting through its business. The Commitment of the Councillors and external members is evident from the activities outlined in the report. I express my appreciation for the dedication and hard work of all the Elected Members both current & former, my colleagues on the Management Team and the staff of the Council. I am confident, given the abilities and spirit of cooperation that is consistently shown by the Elected Members and staff that we should be in a position to meet the challenges that lie ahead. We can look forward to a positive 2020.

Finally, I would like to particularly thank the Cathaoirleach Cllr. Peter Cleere and his predecessor Cllr Eamon Aylward, the Municipal District Cathaoirligh Cllr's John Brennan and his predecessor Cllr Michael McCarthy, Cllr Eamon Aylward and his predecessor Cllr Ger Frisby, Mayor Martin Brett and his predecessor Mayor Peter Cleere, and Cllr Pat O'Neill who have distinguished themselves in their respective roles.

I commend this Annual Report for adoption by the Elected Members.

I am confident that it will give an overview to the people of Kilkenny and beyond, of the broad range of activities undertaken and of the Council's achievements in 2019.

COMMITTEES & SUBSIDIARY BODIES

Committees & Subsidiary Bodies

There is a legal obligation on Local Authorities to establish certain Committees such as Strategic Policy Committees. Local Authorities have discretionary authority to establish other Committees to assist them in performing their roles as Elected Members.

Strategic Policy Committees

Kilkenny County Council adopted a Strategic Policy Committee Scheme on 16th September, 2019 for the newly elected Council 2019 to 2024. The role of the Strategic Policy Committees [SPC's] is to assist the Council in the formulation, development and review of policy. Their composition reflect the major functions of the Council within the broader context, are tailored to the size, membership and administrative resources of the Council and have one third of their membership drawn from sectors relevant to the committees' work.

The SPC's bring together both Elected Members and people actively working with social, economic, cultural and environmental bodies to develop and review policies related to Council's services. The SPC's provide Elected Members with external views as they discharge their strategic role in the development of the local authority, including their policy development and oversight roles within the local authority.

The overall configuration and membership of the Kilkenny County Council's Strategic Policy Committees is as follows from June 2019:

SPECIAL PROJECTS

Kilkenny Abbey Quarter Development Ltd

Development proposals for the proposed buildings on the Abbey Quarter Site have been progressed by Kilkenny Abbey Quarter Development Ltd (KAQD) in 2019. KAQD is the development company set up by the partnership between Kilkenny County Council and the National Treasury Management Agency through the Ireland Strategic Investment Fund (ISIF) for the development of the building blocks on the former Smithwick's Brewery Site. The first of these buildings to be developed is the Brewhouse Building.

Work on the implementation of the Abbey Quarter Masterplan has continued in 2019. Significant progress has also been made in 2019 on the planning, design and preparation of tender documents for a number of projects within the Masterplan area.

Brewhouse Building

Work commenced on the construction of the Brewhouse Building in July 2019, with Mythen Construction appointed as main contractors for the project. The project is due for completion by the end of 2020 and includes the development of the adjoining public realm areas, specifically Horse Barrack Lane and the Brewhouse Courtyard.

The project was officially launched by Taoiseach, Leo Varadkar, with Ministers Eoghan Murphy and John Paul Phelan, Oireachtas Members, Elected Members, ISIF Representatives and invited Guests in attendance.

The development of the Brewhouse will provide 4,500m² of Grade A office space in the heart of the City Centre and will be ready for occupation from 2021.

With the commencement of construction works, the active marketing of the building to prospective tenants is being pursued by letting agents Lisney. Interest in the development has been strong and it is expected that lease agreements will be concluded for the building during 2020.

New Buildings

Work has also progressed in 2019 on the procurement of design teams to progress the development of some of the new buildings on the Abbey Quarter Site. It is expected that the first design team will be appointed in early 2020, with a planning application for the first of the new buildings to be lodged during 2020. New buildings on the Abbey Quarter will be for mixed uses as set out in the Abbey Quarter Urban Design Criteria / Development Code.

Mayfair Library

Kilkenny County Council is responsible for the redevelopment of the Mayfair Building. Following the Council's decision to locate the new City Library in the Mayfair Building, Part VIII Planning for the proposed Library use of the building was approved in 2019. The Mayfair Building is a very significant building in the social heritage of Kilkenny, having housed the Mayfair Ballroom from 1943 to 1973.

A new Design Team was appointed to the project for the detailed design, including fit out, of the Library in 2019 and significant progress has been made during the year. It is expected that this project will proceed to tender in 2020 and will be completed in mid-2021.

Public Realm Areas

As per the partnership agreement with the NTMA through ISIF, Kilkenny County Council are responsible for the development of the public realm areas in the Abbey Quarter Site. The development of areas of High Quality Public Realm through the site is considered to be critical to the integration of the former Brewery site into the City Centre.

Funding for these works will be provided through the Urban Regeneration and Development Fund (URDF) (initial funding allocation of € 4.764M), the European Regional Development Fund (ERDF) for Designated Urban Centres Grant Scheme (funding allocation of € 1.0M) and own funds.

The current funding will allow Kilkenny County Council to proceed with the development of the first phase of public realm works in the Abbey Quarter including:

- Horse Barrack Lane
- Brewhouse Square
- Mayfair public square
- Riverside Garden including Skate Park
- Cultural Hub in the area of the former Squash Court

Horse Barrack Lane & Brewhouse Square

The contract with Mythen Construction for the redevelopment of the Brewhouse Building includes for the redevelopment of Horse Barrack Lane and Brewhouse Square. These projects are due to be completed in 2020.

Riverside Garden Project including Skate Park

The detailed design and tender documents for the Riverside Garden Project were completed in 2019 and the contract for the development was awarded to Niall Barry & Co. in December 2019. The development is due to commence in January 2020 and is due to be completed in Summer 2020.

Phase 1 Public Realm Works – Other Projects

Work has progressed on the design and preparation of the tender documents for the remainder of Phase 1 public realm projects. These projects are expected to go to tender and construction in 2020.

The URDF grant provides funding for the integration of the Abbey Quarter site into the City Centre. These works include the completion of the Medieval Mile to Irishtown, the refurbishment of Vicar Street, the development of City Gateways, Smarter City Travel connectivity with the Eastern Environs and the lighting of Heritage Structures along the Medieval Mile. These projects have been progressed by the Kilkenny City Area Office in 2019 and are expected to be completed in 2020.

Urban Street & Park Project

Work has progressed in 2019 on the design to planning of the Urban Street & Park in the Abbey Quarter site.

The urban park, centred around the National Monument of St Francis Abbey will be the central focus of the Abbey Quarter site and will be designed to accommodate outdoor events associated with the many festivals held in the City throughout the year. The development of the urban street, which will be of pedestrian and cyclist priority, will facilitate the development of the proposed new buildings within the Abbey Quarter site. It is expected that a planning application will be made to An Bord Pleanála for the street and park project in Spring 2020.

Tholsel Project

Work progressed on proposals for the redevelopment of the Tholsel Building in 2019, with Part VIII Planning consent approved in May 2019.

The redevelopment of the building and the opening up of the building for tourism use, whilst retaining its important civic use in the City was provided for in the Tourism Strategy for the City in 2013. The project is to be part funded by Failte Ireland as the centre piece of the Medieval Mile and planning for the project has been progressed with Failte Ireland in 2019. A funding application for the development of the project will be made to Failte Ireland in 2020. The project includes work to the structure of the Tholsel and the development of a tourist exhibition, which will be based on the telling of the historical development of the City of Kilkenny through the Mayors of Kilkenny.

Evans Home/Butler Gallery

The renovation of Evans Home is a Kilkenny County Council project, the delivery of which is funded from €3 million in grant aid from national funding, Department of Arts and Fáilte Ireland, with the remainder coming from Council sources. The refurbished building will serve as the new home for the Butler Gallery who currently operate from the basement in Kilkenny Castle. The proposed development comprised of the following components:

- The refurbishment and carrying out of conservation work to the existing Evan's Home, a Protected Structure, for use by the Butler Gallery as education rooms, archive storage, café and offices.
- The construction of 140sqm in two small blocks for a media gallery, WC accommodation, lift and staircase.

The estimated €6m refurbishment of Evan's Home commenced in June 2018. Butler Gallery is due to open in its new home around Easter 2020.

COMMUNICATIONS & SOCIAL MEDIA 2019

MEMBERS TRAINING & EXPENSES

HUMAN RESOURCES

The objective of the Human Resources Department is “to ensure that there is an appropriately resourced, skilled and motivated workforce to meet the priorities and objectives of the Organisation and to ensure as reasonably practical the safety, health and wellbeing of all our staff”.

The Human Resources Department vision is to provide effective strategic and operational support as a business partner to service delivery units of the Authority.

The Human Resources Department deals with the following areas:

- Human Resource Strategy
- Workforce Planning
- Recruitment and Selection
- Payroll and Superannuation
- Employee Training and Development
- Performance Management
- Leadership Development
- Equality
- Diversity Management
- Work-Life Balance
- Industrial Relations
- Employee Health, Safety and Welfare

Staffing Levels

The number of staff employed at 31st December, 2019 was 691 (*Headcount*) or 581 (*Whole-Time-Equivalent*). The Human Resource Department coordinates the ongoing management of the work force plans; managing new entrants, staff transfers and staff departures with line management colleagues.

Recruitment

There was a total of 28 competitions held during the year which resulted in 67 new staff (indoor & outdoor) being employed in the organisation.

Kilkenny County Council participated in a Careers Fair held in the Medieval Mile Museum on 28th December 2019, this Fair was used to highlight the jobs on offer by Kilkenny County Council with a view to expand the reach of the Authority to talent markets.

Summer Student & Lifeguard Programme

The Council employed 54 students during the summer months of 2019 to cover the area of Litter Picking, Gardening and other seasonal work under this programme.

There were also 20 Lifeguards employed throughout the County during the summer period of 2019.

Shared Payroll & Superannuation Service

This service is delivered by My Pay the Local Government Shared Services Provider from its offices in Portlaoise Co Laois. Kilkenny County Council successfully completed the transition of the Superannuation function for the Council to the Shared Service Centre in January 2019.

Attendance Management

The Local Government Sectors Attendance Management Policy was revised in 2013 and revised sick pay schemes were introduced for the Sector. Absenteeism levels continue to be managed in accordance with these policies.

Training & Development

Kilkenny County Council is committed to ensuring the professional and personal development of all employees. Training and development is aimed at helping employees to become more effective in their jobs and developing their potential, while also meeting the goals and objectives of the Council. A comprehensive training programme was delivered in 2019 which incorporated Health & Safety training, Third level Learning Programmes and various other in-house training workshops. A sample of the training programmes provided in 2019 is as follows: -

- Staff Induction
- Manual Handling
- Safe pass
- Abrasive Wheels
- Confined Spaces
- Location of Underground Services
- CSCS Signing, Lighting & Guarding Training
- CSCS Health & Safety at Roadworks Training
- Mobile Elevated Work Platform Training
- Forklift Driver Training
- Dealing with Difficult Violent & Aggression
- Occupational First Aid
- Staff Induction Training
- Leadership Training
- Supervisory Management Training
- Local Government Studies

Kilkenny County Council endeavours, subject to available resources, to facilitate and support employees wishing to pursue Third Level Courses that are relevant to and contribute to their role and the business need of the Council.

Equality and Supporting Diversity

Kilkenny County Council is an equal opportunity employer and is committed to a broad range of policies, practices and procedures which aim to recognise individual contribution and performance, develop each individual's capability and give everyone an equal opportunity to use his/her talent and realise his/her potential.

Kilkenny County Council supports the employment of people with disabilities and meets the target as set out by the Department of Housing and Local Government.

Industrial Relations

Kilkenny County Council Human Resources engages positively with staff union representatives to address issues in a proactive positive manner.

INTERNAL AUDIT

The Audit Committee is made up of three external members and two elected members. The current audit committee was established by resolution of the Council upon nomination by the Corporate Policy Group and following consultation with the Chief Executive. The term of the committee is concurrent with that of the current Council which commenced on 1st June 2019 and will terminate on 31st May 2024. Its role is:

- To review the Council's financial reporting practices and procedures
- To foster the development of best practice in the local authority internal audit function
- To review the Council's financial reports and to report on its findings
- To assess and promote efficiency and value for money
- To review systems that are operated by the local authority for the management of risks.

Due to the Local Elections, there were three Audit Committee meetings held in 2019. During the year the Committee met with the Chief Executive Colette Byrne and various line managers to discuss a broad range of issues.

Areas of priority included:

- Annual Financial Statement 2018
- Annual Budget 2019
- Internal Audit Reports
- Key Capital Projects
- Local Government Audit Service Statutory Report 2018
- Housing Programme
- NOAC Reports

ROADS & TRANSPORTATION

The Elected Members adopted the 2019 Roadwork's Scheme for County Kilkenny in April 2019. The total value of Maintenance and Improvement Schemes amounted to € 23.8 million.

A significant amount of works were carried out on both national and non-national throughout the year.

NATIONAL ROAD NETWORK

N25 New Ross By-Pass

The design and construction phase for the delivery of this significant infrastructure is being done under a PPP Contract. Works commenced on site in February 2016 and were substantially completed by Q4 2019. The Scheme is expected to open to traffic during Q1 2020. A very informative project website www.n25newross.ie was available for updates on progress of the scheme for the public.

N25 Glenmore to Waterford Major Scheme

Allocation of €400,000 was provided in 2019 to advance this Scheme. The planning and design (Phase 1) of the scheme is completed and is progressed through to (Phase 2) Option Selection of the TII Project Management Guidelines during 2019.

The first public consultation on potential route options is expected during late Q1 2020.

N24 Waterford to Cahir Major Scheme

In Q3 of 2019, TII gave approval to Kilkenny County Council to engage the services of an engineering consultant to advance the planning and design stage of this Scheme. Kilkenny County Council will be the lead authority on the project through a Section 85 agreement with Tipperary County Council. Tender for consultancy services is presently in train with a closing date of mid Q1 2020. The successful consultant is expected to be appointed during late Q1 2020.

Pavement Improvement and Minor Works Programme

Under the Pavement Improvement and Minor Works Programme, Kilkenny County Council has made significant progress with respect to the following:

N25 Graiguenakill (New Ross By-pass tie-in) to Gaulstown/Luffany/Rhu Glenn

This project consisted of a 4.5 km pavement improvement overlay and other associated works. The project was completed during 2019 with a contract value of €2,040,000.

N76 Ballymack to Castletobin/Brownstown to Ballybur/Cuffesgrange

The design and tender documentation preparation for this scheme progressed during 2019. The tender documentation will issue during early Q1 2020.

N24 Carrick Road Minor Improvement Scheme

An allocation of €200,000 was provided in 2019 to advance the design stage of this Scheme. A public consultation was held in the Mooncoin Community Hall in July 2019, where the preferred route option was outlined.

N24 Tower Road Junction Improvement Scheme

An allocation of €400,000 was provided in 2019 to advance the design stage of this Scheme. Part 8 Planning Approval for the scheme was secured in April 2019 and the scheme is presently at Compulsory Order Stage. Application was submitted to An Bord Pleanála on the 25th October 2019. Objections were lodged and it is expected that an Oral Hearing in relation to the CPO will be held during Q1 2020.

N77 Ballyragget to Ballynaslee Improvement Scheme

An allocation of €100,000 was provided in 2019 to advance the design stage of this Scheme. It is expected that a planning application and CPO application will be made to An Bord Pleanála during 2020.

N78 Castlecomer Pedestrian Bridge

Application for planning approval was submitted to An Bord Pleanála on the 4th October 2019. Oral Hearing on the project is set for Q1 2020. The earliest commencement date for construction subject to necessary approvals is in late 2020.

National Road Capital Maintenance Works.

Works to the value of €400,000 were completed on the N24 at Mooncoin & the N76 at Garryricken to Kiltallaghan during 2019.

HD15 Safety Improvement Works on the National Road Network

Kilkenny County Council secured funding of €72,000 during 2019 to undertake safety improvement works on the N76 Callan by Pass. These works were completed during Q3/4 2019.

The tender for pavement and safety improvement works (provision of right turn lanes) on the N25 at Curraghmore was issued during Q4 2019. The contract is expected to be awarded during Q1 2020.

Kilkenny LED Replacement Programme National Roads

Kilkenny County Council completed works during 2019 to the value of €250,000 in the retro fit of 548 public lights as part of energy efficiency improvements on the national road network. Locations which were addressed included: N77 Ballyragget, N78 Castlecomer, N24 Mooncoin, N10/77 Kilkenny City (Ring Road) and N76 Callan.

NON- NATIONAL ROAD NETWORK

Restoration Improvement and Restoration Maintenance Programme 2019

The road improvements on the Non-National road network are funded from the Road Restoration Improvement and Maintenance Grant Scheme. The Council received a total grant allocation of €13.8m for non-national roads with €8.7m specifically allocated for surfacing. The surfacing works are prioritised on a basis of providing for enhancements to the road condition rating, skid resistance and impermeability. In 2019, 59Km of roads were improved under this Scheme, with 78Km improved under the Restoration Maintenance Programme (Surface dressing). Significant progress has been made on the Non-National road network over the years since the Restoration Grant was introduced and the condition rating of the roads in County Kilkenny compares favourably with that of other Counties.

Non- National Low Cost Safety Programme

The Non- National Low Cost Safety Programme is targeted at locations along the non-national road network which have been identified as collision prone zones. The works carried out under this programme include improved junction delineation and visibility splays, traffic calming, enhanced roadside delineation and pedestrian crossing facilities within urban areas. Eleven [11] schemes were completed under this programme at a cost of €318,000 in 2019.

KEY INFRASTRUCTURE IMPROVEMENT SCHEMES

Irishtown Street Enhancement Scheme

Works continued in 2019 on the Irishtown element of the Medieval Mile Street Enhancement Scheme which provides for the upgrade of existing pedestrian facilities and pavement. The completed works greatly improves the attractiveness of the streetscape whilst also providing for better pedestrian connectivity.

Kilkenny Northern Ring Road Extension

A Judicial Review of the 2014 decision by An Bord Pleanála to approve the EIS and CPO for this scheme was sought by 3 local landowners affected by the project. In May 2017 the High Court referred the case to the European Court of Justice. On foot of the European Court of Justice decision, the High Court with the agreement of An Bord Pleanála quashed the decision to approve the EIS and CPO. The Council has now recommenced the planning and design process in order to advance the project. In the time since the original Bord's decision in 2014, the planning and design process has changed. Kilkenny County Council will now be required to prepare an EIAR (Environmental Impact Assessment Report) and to re-do the route selection process (which may likely lead to the need for a revised CPO).

The first element of the planning and design process for this scheme (Submission of Preliminary Appraisal Form) was forwarded to the Department of Transport, Tourism, and Sport by Kilkenny County Council in December 2019.

Kilkenny Western Environs Phase 1 Infrastructure

Construction of the scheme commenced on March 4th 2019. Works are progressing well and are on programme to finish by the planned completion date of September 2020. Main contractor for the scheme is SIAC Construction Limited. The Circular Road is currently closed to facilitate construction of a new bridge over the River Breaghagh. These works are expected to be completed in March 2020 allowing the Circular Road to reopen in advance of the completion of the remainder of the scheme.

R700 Thomastown Culvert

Works commenced on the Thomastown Cuvert during Q1 2019 and were substantially completed by the end of Q3 2019. The works were necessary as deficiencies were identified during the course of a recent Town and Village Renewal Scheme with this culvert which carries a small stream under the Regional Roads R700, R448 via Lady's Well Street, Pipe Street and Market Street. The overall cost for the works will be €800,000 with funding made available by the Department of Transport, Tourism and Sport through the Specific Improvement Grant.

Kilkenny LED Replacement Programme Non National Roads

The Council was awarded funding through Better Energy Communities 2019 (BEC) for the retrofit of approximately 1,005 lanterns at a cost €209,000. 30% was funded by SEAI and the remainder by Kilkenny County Council. This was the third phase of the public lighting energy upgrade and works are completed. 1,300 lanterns in 2017 and 2,240 lanterns in 2018 have been retrofitted.

Road Safety

The Council continues to fund this important function through road safety awareness, the school warden system and the support of community focused road safety campaigns.

The Kilkenny Road Safety Plan 2015 to 2020 was adopted by the Elected Members in July 2015. This Plan sets out a clear blueprint for progress in the area of road safety up to the end of 2020. The Plan is underpinned by a series of defined projects and actions across the core areas of intervention namely: Engineering, Education, Enforcement and Engagement. Preparation on a new Road Safety Plan will commence and will involve the Transportation SPC and the relevant stakeholders.

FLOOD RELIEF SCHEMES

In 2018, the Flood Risk Management Plans for Kilkenny were published by the OPW. In May 2018 funding was announced by the Minister for 6 No Flood Relief Schemes in Kilkenny.

€29.8 million was approved for Kilkenny as follows:

- Graiguenamanagh..... € 9.06 million
- Ballyhale.....€ 0.43 million
- Freshford.....€ 3.80 million
- Thomastown..... €12.70 million
- Inistoige.....€ 1.49 million
- Piltown..... € 1.60 million

Q2 2019 - Flood Relief Capital Office was established. Kilkenny County Council appointed an in-house team to deliver the 6 Flood Relief Schemes over the 10-year period.

The first 2 schemes commenced were Graiguenamanagh and Ballyhale Flood Relief Schemes.

Graiguenamanagh Flood Relief Scheme

The Graiguenamanagh Steering Committee Group was formed in April 2019 with representatives from both Kilkenny and Carlow Local Authorities and the OPW. Section 85 Agreement was approved by both Local Authorities assigning Kilkenny County Council as the lead Authority to deliver the scheme.

Q4 2019 - Tender Competition was executed using the OPW Framework to secure the services of Engineering & Environmental Consultancy Services to design the scheme for Graiguenamanagh. Tenders were received in October 2019 with the successful Consultant to be appointed in early January 2020. Stage 1 of the project will commence in Q1 2020.

Q4 2019 - two new water level gauges were installed on the Duiske River at Turf Market and Coolroe to aid the collection of data to profile the Duiske River.

WATER SERVICES

Operation & Maintenance

Kilkenny County Council manages 23 public drinking water supplies and 36 public waste water treatment schemes on behalf of Irish Water. 10.40 billion litres of water (28.5 million litres/ day) was supplied through Kilkenny's public water supply network to approximately 67,500 customers.

2018 is the latest year for which the EPA has published its Drinking Water Quality Report. The 2019 report will be published later in 2020.

In 2018, for the eight year in a row, Kilkenny's Public Water Schemes achieved 100% microbiological compliance (National average 99.83%). 99.6% compliance was achieved for chemical parameters (National Average 99.6%).

In line with recent years, the level of environmental compliance achieved at Kilkenny's Waste Water treatment plants have continued to improve. This overall trend is illustrated by the improvement in results recorded in the EPA's Annual Urban Waste Water Reports.

CAPITAL WORKS

Inistioge Water Supply Scheme

This €12m water supply scheme involves the construction of 18.7Km of new water mains, 2 new reservoirs, 2 new borewells and a new booster pumping station along with upgrades to existing infrastructure. Works commenced on site in August 2017 and are now substantially complete. The scheme is expected to be brought into operation in January 2020.

Mullinavat Waste Water Treatment Plant

This scheme involves the construction of a new wastewater treatment plant on a greenfield site, a new outfall to the River Blackwater, a new pumping station and some network improvements. Planning permission has been granted for this project. Negotiations are ongoing with respect to land and it is likely a compulsory purchase order (CPO) will be required to complete the required land acquisitions. Site investigation works were completed in 2019 which will allow the detailed design of the scheme to be completed once land issues are resolved. Progression of the project beyond detailed design is also contingent on funding being available.

Inistioge Waste Water Treatment Plant

This scheme involves the construction of a new wastewater treatment plant, upgrading of the existing pumping station and some network improvements. Planning Permission has been granted for the project and all land and wayleave acquisitions are complete as are the site investigation works. Detailed design of the scheme is ongoing. Progression of the project beyond detailed design is contingent on funding being available.

Kilkenny Drainage Area Plan

This project involves the mapping and modelling of the existing sewer network in the City and will allow an assessment of the capacity, condition and performance level of the sewer network. Once complete this plan will help to improve the performance of the wastewater networks, protect the environment and facilitate social and economic development over the coming years. An advanced survey of the 'Breaghagh Valley Sewer & Branches' was completed in February 2019 with subsequent hydraulic modelling carried out. The main survey works commenced in April 2019 and were temporarily ceased in September 2019. The main survey is expected to recommence in February 2020 and will take approx. 4 months to complete.

Gowran Regional Water Supply Scheme

This scheme involves the construction of a new water treatment plant, reservoir, rising mains, development of two abstraction boreholes and decommissioning of an existing plant. This project

will increase the water supply capacity to Gowran, Goresbridge & Paulstown and will enable growth and development in the local area. Planning for the scheme was granted in September 2019. Preparation of tender documents are at an advanced stage. Progression of the project to tender is contingent on funding being available.

Kilkenny City RWSS – Troyswood WTP Upgrade.

Planning permission and the Compulsory Purchase Order without modification was granted by An Bord Pleanála in late 2019. The CPO (under the PDA 2000) has to be confirmed by Irish Water within 12 weeks of the decision. The project was advertised for tender in 2018 but the tendering process was suspended due to appeals to An Bord Pleanála. It is expected that the tendering process will be completed in early 2020 with works to start subject to funding in mid-2020.

Rural Water

While the EPA is the Supervising Authority for public water supplies, Kilkenny County Council is the Supervising authority for private water supplies in County Kilkenny which fall under the Drinking Water Regulations.

This includes 134 small Private Supplies (SPS) which typically include schools, food premises and rural housing estates.

The Council also manages and allocates Government grants approved under the Rural Water Programme for group water and waste water schemes in addition to private wells grants.

There are 195 Group Water Schemes. 125 of which are served by own sources and 70 which are served from public mains.

Government Grant Aid for the Multi Annual Rural Water Programme 2019-2021 was not received by Kilkenny County Council until October 2019. Due to this late allocation, major capital works did not take place in Kilkenny in 2019. Major Capital works are now being planned and designed and will be completed over the next three years.

€90,855 was paid by the Department of Housing, Planning & Local Government to Kilkenny County Council for works undertaken under the Rural Water Programme.

- ✓ €38,737 for the installation of meters on 6 Private Group Water Schemes.
- ✓ €21,361 for the Taking in Charge process by Irish Water.
- ✓ €25,872 for the provision of a new 8" well at Baunmore GWS.
- ✓ € 4,855 for upgrades to water treatment and well head protection.

Taking in Charge by Irish Water

- ✓ 9 Public Group Water Schemes were officially taken in charge by Irish Water in 2019.
 - Ballyboodan, Ballydaniel, Birchfield, Clonmoran, Kilcurl, Molassy, Newtown Ballinearla, Radestown, Troyswood.
- ✓ €395,639 paid to 52 Group Subsidies - operational running costs
- ✓ €157,326 paid out in well grants.
- ✓ 91 grant applications were approved for private wells.

Right to Read Champion Awarded for Literacy work

Community and Culture

- The library is a centre of community and cultural activity. It provides a welcoming space for individuals and all communities, bringing people together, celebrating diversity and facilitating personal development
- Participated in Creative Ireland 2019 Programme including Cruinniú na nÓg and Bookville Festival

- The service continues to participate and engage with national and local festivals and programmes including: Heritage week, Science week, Bealtaine, Savour Kilkenny, Seachtain na Gaeilge, Yulefest, Culture Night
- Home Energy Saving Kits were rolled out in both rural and central locations in partnership with Kilkenny County Council Environmental Department, along with a range of other initiatives, such as Spring clean packs and upcycling events

Service Development and Infrastructure

Our public libraries are places of free civic participation and vibrant focal points of the community. We constantly strive to redesign our spaces to reflect changing community and individual need. Initiatives were as follows:

- Kilkenny's sign up month and other ongoing initiatives led to an increase of 26% in membership
- Progressed planning of new library in the Mayfair, Kilkenny City
- Created modern, vibrant and accessible spaces using modern furniture and colour and flexible shelving
- Streamlined and automated processes, increased use of ICT and digital options
- Liaised with Libraries Development Unit and the Department of Rural and Community Development
- Increased promotion of library services with a dedicated video and animated film to increase engagement

Workforce

Kilkenny Library Service works to contribute to the vitality and success of its public libraries and the diverse community we serve by positioning our library staff to be proactive, customer focused and well trained. A range of training and development courses were attended as well as library conferences and workshops. A workforce plan has been agreed and recruitment has commenced.

ARTS

The Arts Office develops, co-ordinates, motivates, inspires and empower artistic activity throughout the City and County. We promote the arts as a worthwhile activity for all and work to further strengthen Kilkenny's position as a centre of excellence for the arts and ensure a successful and prosperous arts environment within the region. The Arts Officer also supports the facilitation and coordination of the Creative Ireland Kilkenny Programme.

FIRE SERVICES & MAJOR EMERGENCY

Kilkenny Fire and Rescue Service main functions are:

- To engage with the community in order to inform and educate citizens in how to reduce the risk of fires and other emergencies.
- To influence and regulate the built environment in order to protect people, property and the environment from harm.
- To plan and prepare for emergencies that may happen, and making a high quality, effective and resilient response to them.
- To work together to deliver the highest quality services within a safe and positive environment for everyone in the organisation.

Our focus is on protecting the communities we serve. The determination and dedication of our staff to protect life and property are paramount. Kilkenny Fire and Rescue Service provides a highly skilled response to a range of emergencies and have implemented lifesaving initiatives. Firefighting is dangerous, but we continue to improve our working practices to make responding to incidents as safe as possible.

Key Statistics for 2019

- ✓ 815 incidents responded to by Fire Personnel
- ✓ 105 applications for fire safety certificates were received
- ✓ 1 Fire Safety Notice under the Fire Services Acts 1981 and 2003 was served
- ✓ 53 Fire Safety Inspections were carried out
- ✓ 1 Fire Safety Assessment was ordered under the Fire Services Acts 1981 and 2003
- ✓ 2,079 children in 65 schools received the fire safety primary school programme

Capital Projects

Kilkenny Fire Service have successfully moved to TETRA digital radio technology on the National Emergency Services digital radio system. Terminals have been fitted to each fire service vehicle and training has been rolled out to all fire service personnel. TETRA radios greatly improve Kilkenny Fire Services communications throughout the county and also provide direct communication with the other principal emergency services.

Community Fire Safety

- Personnel involved in 51 community events throughout 2019 – great work, great involvement and very positive feedback from the organisers.
- 35 of our 68 fire fighters have received training in public speaking and presentation skills to deliver the fire safety message within our communities
- Ongoing public messaging campaigns were maintained to encourage members of the public to install smoke alarms and to test their smoke alarms once a week to ensure that they are working
- Awareness campaign held during National Fire Safety Week in October to highlight the importance of fire safety in the home

Chip pan demo with Thomastown N.S.

Talks and information were given to various communities such as Kilmacow Active Retirement Group, Thomastown Men Sheds, etc.

Fire Officers from the crew of Graiguenamanagh visited Gahan House local retirement home to discuss fire safety and fire prevention with the residents and the staff.

Kilkenny Fire and Rescue Service continue to deliver the NDFEM Primary Schools Programme (PSP) throughout the City and County of Kilkenny. This programme has been running since 2006 and over 19,112 3rd class pupils have received the fire safety programme to date.

Kilkenny Fire and Rescue Service attended the SOS Family Fun Day

Visits by various groups to the Fire Stations was also facilitated so the community get to see some of the specialist equipment and learn more about fire safety in the home.

Training

The following training was provided by Kilkenny Fire and Rescue Service in 2019:

- Breathing Apparatus Refresher
- RTC
- First Responder
- ESDS
- Emergency First Responder
- CAFS
- Pump Operators.

All fire service personnel have been trained to Cardiac First Response Advanced level as part of the (Pre-Hospital Emergency Care Council Emergency) First Responder programme delivered by members of Kilkenny Fire Service and refreshed every 3 years.

Fire personnel from around the county attended an in-house Pump Operators 3-day course at the new Fire Station in Graiguenamanagh

Breathing Apparatus Refresher training in Hackettstown Breathing Apparatus training centre. All staff do a 2day refresher training every two years.

Kilkenny City and Freshford Fire Brigade carried out a hazardous materials exercise at Troyswood Water Treatment plant. Picture also shows our new decontamination facility.

Freshford Fire Brigade

A recognition night was held in all the fire stations. Cathaoirleach Peter Chap Cleere presented commemorative 1916-2016 medals to personnel that were in the fire service in 2016.

Operations

The Fire Service is a very resilient and useful resource to the Local Authority. Brigades (trained and equipped manpower) can be mobilised within minutes of an emergency in their area. etc.

Installation of tablets on all frontline appliances, with a new incident management software application has enabled Kilkenny Fire Service to better communicate, manage and record incidents. Incident Commanders now have access to both on line and offline real time information for safer management of incidents with time stamped risk assessments and recording of information for post incident debriefing.

Major Emergency Management

The following documents were reviewed and updated in 2019:

- ✓ Major Emergency Management Plan and Appendix
- ✓ External Emergency Plan for Transtock under the Seveso III Directive in 2019 (*also tested*)
- ✓ Flood Emergency Response Plan and the Severe Weather Plan (*excluding Flooding*)

CIVIL DEFENCE

Kilkenny Civil Defence is a volunteer-based organisation that supports the Principal Response Agencies (County Council, Gardai and HSE) in dealing with severe weather, flooding, major incidents and searching for missing people. It also assists our local communities at large and small events including concerts and festivals, fun days and sporting events. There are currently 29 active volunteers in Kilkenny.

2019 Callouts

The Civil Defence can be activated by the Gardai and the Fire Service to assist for missing persons on land or in the rivers. They can also be requested to assist a neighbouring county during an on-going search.

Equally under the 2019 RMCEI Enforcement element of the Plan, Kilkenny was awarded the overall Plan rating of 'High' from a score range of High, Medium or Low.

RMCEI Assessment

- Kilkenny City retained its gold medal in the National Tidy Towns competition. Inistioge & Tullahought also retained their silver medal. Ballyragget received an Endeavour award. Kilkenny City and Tullahought received awards under the Local Authority Pollinator Award category.
- 19 schools renewed their green flag award in March and a successful green schools co-ordinators information session was held in the autumn.
- 12 Community Anti-Litter and Graffiti grants were approved.
- 19 environmental themed projects centered on climate change and biodiversity were awarded under the Community Environment Action Fund.
- 11 waste Prevention Grants were awarded.
- 41 Grants approved under the Graveyard Grant Scheme.
- Supported the continuation of the Savour Kilkenny festival "going green" initiative.

- Kilkenny City was assessed as cleaner than European norms and topped the league table in the first assessment of 2019. It retained this position on the second assessment and was announced the overall winner in early 2020.
- Over 150 Community groups actively participated in the National Spring Clean.

- Over 1,400 tonnes of recyclable material and over 3,000 tonnes of residual waste were collected at the Dunmore Recycling & Waste Disposal Centre with 60,000 customers using the facility.
- 3 Bring Centres were provided and a total of 1,775 tonnes of glass and 106 tonnes of aluminium and steel were collected across the 46 Bring Centres in Kilkenny City and County.

- 1,066 environmental complaints were received, all of which were inspected and the appropriate action taken to resolve same.

- Held a hugely successful Household Bulky Goods Disposal Event at the Dunmore Civic Amenity Centre and at the Civic Amenity Centre in Granny in July.
- Supported the Kilkenny Rotary Club's 'Bikes to Africa' initiative, approximately 400 bikes were dropped off at Dunmore in 2019.
- Hosted a tent at the Iverk Show. The Guest speakers, ongoing demonstrations and information stands were popular with the visitors.
- Collaborated with the #BeatClimateChange initiative to improve the Beat FM Fairy Festival by undertaking waste reduction initiatives including the reduction of single-use plastics on site and providing segregated bins at the hugely successful 2019 event held in Woodstock Gardens.

- 120 Fixed Penalty Notices were issued for various offences under the Litter Pollution Act.
- Commenced door-to-door inspections under the County Kilkenny Waste Management Bye-laws to check how households are disposing of their waste.
- An Garda Síochána invited the Environment Section to participate in a number of major Operations to identify the illegal movement of waste.

- Prepared a Noise Action Plan 2019-2023.
- 2019 was a very successful year in terms of homing /re-homing dogs from the Carlow Kilkenny Dog Shelter, with in excess of 99% of all dogs finding an alternative suitable home or reclaimed
- Dog licence increase – from 4,630 in 2018 to 5,472 in 2019.
- Provided lifeguard service to supervise the public bathing areas in the County for the months of June, July and August.
- Under the 2019 Historic Landfill Remediation Project the site in Gowran was remediated and the Ballyragget site was 85% with a completion date for Qtr. 1 2020. In December 2019 the Council drew down circa. €1.55 million from the Department of Communication, Climate Action and Environment to fund these projects.

Ballyragget - December 2019

- Kilkenny and Tipperary County Councils continued to lead the national shared service Local Authority Waters Programme (LAWPRO) that supports and co-ordinates implementation of the River Basin Management Plan for Ireland 2018 – 2021 (RBMP). Nationally, the RBMP requires the LAWPRO team to focus on 189 priority areas for action and anticipates water quality improvements in all of them by December 2021.
- Under the Local Authority Waters Programme (LAWPRO), the Catchment Assessment Team set up in 2018 carried out approx. 60 desk top studies. The Community Water Officer ran community information meetings in 92 of the Priority Areas for Action and carried out fieldwork assessments in 82 of the Priority Areas for Action.

VETENINARY SERVICES

- The Veterinary Service fulfils the food safety service contract between the FSAI and Kilkenny County Council which includes responsibility for the Local Authority Veterinary Service in the Carlow area. The Veterinary public health and animal welfare functions include providing official controls/ regulation in small to medium throughput slaughterhouses and small meat processing plants, and the regulation of small poultry slaughtering plants (including on farm slaughter of poultry i.e. seasonal slaughter etc).
- It should be noted that there are continuous consultations with new food business startups, and sometimes with currently supervised food businesses on expansion plans. In these cases, the regulatory requirements under food legislation are discussed with businesses and they are often referred onto other relevant state agencies if they require other supports e.g. business mentoring from the Local Enterprise Office etc. In 2019 the Veterinary Service had consultations with 2 small food businesses who wish to open new businesses and 20 Food Businesses were under the supervision of the service.
- Each animal slaughtered for human consumption, in premises approved under food legislation must undergo an Ante Mortem and Post Mortem inspection.
- All premises supervised under food legislation must have a Food Safety Management System i.e. generally based on HACCP principles
- Approved Slaughterhouses under the service's supervision in 2019, slaughtered 4,586 Cattle, 20,132 Sheep, and 144,540 Poultry.
- 177 Hygiene Inspections (other than AM/PM Inspections) were done in food premises under the services supervision.

Dogs and Horses

- Together with the Dog Warden Service, the Veterinary Service is involved in the implementation of the Control of Dogs and the Dog Breeding Establishments Acts. 21 Dog Breeding Establishments (DBEs) were registered as at the end of 2019 and there were 62 DBE inspections completed during the year.
- The roll out of the Dog Licence Inspection Unit in 2019 saw a significant increase in the number of dog licences purchased, increasing from 4,630 in 2018 to 5,472 in 2019.
- 517 dogs were surrendered to the Carlow Kilkenny Dog Shelter in 2019 or picked up as strays by the Dog Wardens. Of these - 322 dogs were rehomed and 192 reclaimed. Regrettably 3 dogs had to be put to sleep during the year due to health issues or aggressive nature.
- 19 horses were impounded under the Control of Horses Act in 2019.

CLIMATE CHANGE & ENERGY EFFICIENCY

- Adopted inaugural 5-year Climate Change Adaptation Strategy.

- Nominated as partner authority to support Kildare County Council in the implementation of the Eastern & Midlands Climate Action Regional Office (CARO).
- The Public Sector in Ireland is tasked with reducing their energy consumption by 33% by 2020. In 2019 Kilkenny County Council achieved 33.2% and has reached the 2020 targets. The Council's energy team is currently setting out an action plan to deliver the 2030 target of 50% reduction in energy consumption.
- Commenced the process to achieve certification to ISO 50001 Energy Management. The Council's Energy Performance Officer and Energy Officer will continue and complete ISO 50001 training in 2020 and will endeavour to achieve certification to ISO 50001 by Q4 2020.
- Launched Home Energy Saving Kits for borrowing through the Kilkenny Library Service Network. The kits contain practical tools to help households save on their energy bills.
- 2 successful applications to the Sustainable Energy Authority of Ireland (SEAI) for grant funding through the Better Energy Communities programme.
- Energy efficient LED streetlights were installed across the county with support from SEAI and TII. Almost 60% of the council's streetlighting stock is now converted to LED.
- Kilkenny County Council and 3cea hosted delegations from Poland, Belgium, University of Eindhoven to learn about energy efficient and smart LED street lighting projects installed across the county.

PARKS & AMENITY

Parks & Recreation

The Parks Department was established to oversee the development and maintenance of recreational amenities in Kilkenny City and County. Since its establishment in 2004 the Parks Department has delivered a range of high-quality recreational amenities including playgrounds, parks and sports pitches which are available for use to people of all ages. The Parks Department is responsible for on-going developments, visitor management and maintenance of Woodstock Gardens and Arboretum in Inistioge which has become a major tourist attraction in the south east. The Parks Department is also involved in the development of the South Kilkenny Greenway which travels from Ferrybank to New Ross.

Playgrounds

Development of playgrounds county-wide takes place in conjunction with local communities. A smaller number of playgrounds were provided as part of housing developments by the developer and when completed to a satisfactory standard were taken in charge by the County Council and managed thereafter by the Parks Department. 27 playgrounds in total are now open for play at the following locations across the County. All playgrounds are inspected weekly by Parks Staff and any repairs or cleaning necessary are undertaken immediately in the interest of maintaining the playgrounds in good order for safe play.

River Nore Linear Park: The route covers approximately 7km of river bank and provides an attractive walkway and cycleway for outdoor exercise. The riverside paths are exceptionally well used. The development of the Ossory pedestrian bridge under the existing Ring Road bridge allows for a loop of the city south of John's bridge. The linear park will be further developed with links in the near future to the river banks at the former brewery site. The long-term plan is to create a loop back to the city north of Green's bridge by means of a second foot bridge at Talbot's Inch, returning to the city on the eastern bank. This last phase would create a continuous 10km loop walk of the city, all off road.

The Parks Department manages the large grassland meadows in both Bishopsmeadows and Dukesmeadows which make up the linear park with sustainable mowing practices. The meadows are a significant wildlife habitat and home to a variety of important grass and wildflower species. Meadowgrass cutting is carried out once a year only after flowering in support of pollinators.

Tree Planting

The Parks section carried out a programme of tree planting in the city and county commencing in December 2019 to commemorate a number of special anniversaries. The planting programme is part of our commitment to increase tree planting county wide to achieve the objectives in the Climate Change Adaptation Strategy. The trees will all be native and/or pollinator friendly and will be semi mature at planting.

The anniversaries to be marked are as follows:

- 120 years of Local Government with sites at Ballyragget, Castlecomer, Piltown, Callan and Kilkenny City
- 40 years of the Rotary Club. Forty trees planted in Loughboy Neighbourhood Park
- 30 years of the Kilkenny Civic Trust. 30 Trees planted in Loughboy Neighbourhood Park
- 20 years of Woodstock Gardens Restoration Project. 20 specimen trees will be planted in the arboretum to replace storm losses from previous stormy years
- 25 Years of the Kilkenny Cat Laughs. 25 trees planted in Lintown Hall to recreate the avenue of Lime trees which were previously vandalised.

Woodstock Gardens and Arboretum

The Parks Department look after the day to day operations and planning of future restoration projects for Woodstock Gardens in Inistioge which has become a major attraction in the South East

attracting in the region of 35,000 – 40,000 visitors per year. These formal gardens and parkland areas are maintained to a high standard by a dedicated crew of staff. It is a popular destination for visitors from home and abroad and particularly for those with special interest in our very significant tree collection which recently was very highly commended by visiting judges from the Entente Florale. A number of events including a very popular Fairy Tale Festival, Light Up Gold, orienteering, fun runs and forest schools were held for the enjoyment of our visitors in 2019. These were very well attended and many were free of charge where possible. Woodstock is becoming increasingly popular for civil ceremonies in recent years and has hosted a number of weddings for couples on their big day with further weddings booked in for 2020.

All funding was successfully drawn down on the Woodstock Loop Walks under the Outdoor Recreation Infrastructure Scheme. The footpaths which span 4.7 km are very popular with walkers including those accessing Woodstock gardens from the village of Inistioge and those travelling the section which covers the way marked trail of South Leinster Way. An application for funding has been made to the Department of Rural and Community Development to continue these type of trail works into a second phase further along the South Leinster Way which would see the development of the walks as far as the waterfall at the Red House. Funding of €17,634 has been awarded under the same ORIS grant scheme to prepare a communications and marketing strategy for Woodstock gardens in 2020. This will promote the gardens as a tourist destination of significance in the south east.

Ferrybank Neighbourhood Park

Construction of the scheme commenced on September 30th 2019. Works are progressing well and are on programme to finish by the planned completion date of March 2020. The main contractor appointed for the scheme is Tom Beckett Landscaping Limited, with Kompan Limited appointed for the supply and installation of the Park playground.

South Kilkenny Greenway

After an extensive round of consultation with local people along the route of the proposed Waterford to New Ross Greenway, the project was subsequently granted planning permission. The proposed Greenway follows the line of the old railway line from Waterford to New Ross where it will link in with the New Ross Red Bridge Trail. On the Waterford side it will link in due course to the Waterford Greenway upon development of the North Quays project. Wexford County Council are the lead authority for this regional project which involves linking up Counties Wexford, Waterford and Kilkenny.

Works have commenced on the initial stages of the South East Greenway which runs from Ferrybank in Waterford to New Ross, terminating at Mount Elliot just after the tunnel is exited. The route covers a distance of 24km in total. To enable the detail designs to be completed for the project the track has been cleared of scrub vegetation allowing access for the first time in years. Site surveys are now being carried out along with bore hole investigations at sites where underpasses may be required for certain farming operations. In tandem with this process, a team from Wexford and Kilkenny County Council are meeting with landowners along the entire route to discuss accommodation works.

Contract documents will shortly be ready to send to the Department of Tourism Transport and Sport for approval following which the procurement process can commence.

Amenity Grants

163 groups received grant assistance in 2019 amounting to a total of €127k. The range of works funded includes landscaping, grass and meadow maintenance and development of open spaces, the provision of street and outdoor furniture and small-scale improvement works. These works will help to continue to contribute to the overall amenity of County Kilkenny, and help enhance the County's reputation as a quality place to live.

ECONOMIC DEVELOPMENT

- Urban Regeneration and Development Fund (URDF) application was successful in late 2018 with an allocation of €6m in funding announced for a number of public realm and supporting projects in Kilkenny City.
- Funding of €1.8m was secured under the Enterprise Ireland Regional Enterprise Development Fund (REDF) towards the development of the Centre for Design – C4D. The other partners in this project include Institute of Technology Carlow, the Design & Crafts Council of Ireland and the Kilkenny Industrial Development Company (KIDCo).
- EU Commissioner Phil Hogan launched the Precision Centre of Excellence (PACE) in Kilkenny in May. PACE is a new digital innovation hub in Kilkenny that will deliver advanced ICT software to the Irish agriculture and food sector. The centre is being developed by Waterford Institute of Technology with support and assistance from Kilkenny County Council. Currently operating out of Burrells Hall, St. Kieran's College PACE will relocate to the Abbey Quarter.

**DIRECTORATE OF FINANCE,
INFORMATION TECHNOLOGY,
FACILITIES MANAGEMENT**

Head of Finance: Mr. Martin Prendiville

FINANCE

The Finance Department is responsible for the overall control and management of the Council's finances. The main services being provided under this directorate are Financial Planning and Control, Income Collection, Treasury Management, Property Management, and Motor Taxation.

Income and Expenditure Account Statement

The Income and Expenditure Account summarises the expenditure on the day to day services provided by the Council and provides details of how this expenditure is funded. There was a surplus in the year of €14,047 which resulted in a cumulative surplus at 31st December 2019 of €31,852. Strict budgetary controls were maintained on a total expenditure of €88.4 million (*revenue expenditure €83.5m plus transfers to reserves €4.9m*).

Capital Project Funding Arrangements

The total cost of capital projects delivered under the Capital Programme in 2019 was €63.7m. Housing and Roads Projects accounted for 82% of the expenditure. The outstanding commitments on completed capital projects amounted to €10.3m at 31st December, 2019. The annual budget provides for repayment of this commitment over a period of 8 years.

The Council adopted a Capital budget for the three-year period 2018 to 2020 in May 2018. This budget sets out the estimated cost of the capital projects under consideration and the related funding sources. An updated capital programme will be presented to Council in 2020.

The Council can only initiate capital projects that have an identified funding source.

Balance Sheet at 31st December 2019

The Council has maintained a relatively strong balance sheet at 31st December 2019. There was no additional non-mortgage loan finance required.

The total bank loans (excluding housing related loans) outstanding at 31st December 2019 were €11.7m.

The bank overdraft facility was utilised for 96 days during the year and the maximum overdrawn balance was €5.7m. The closing cash balance on hand at the end of December 2019 was €10.8m.

Debt Collection

Further progress was made on reducing income arrears in 2019. The historic collection rates in the main income categories are set out hereunder.

	Percentage Collection	Percentage Collection	Percentage Collection	Percentage Collection	Percentage Collection	Percentage Collection
	2014	2015	2016	2017	2018	2019
Commercial Rates	89	92	94	95	93	94
Rents & Annuities	92	92	93	92	93	95
Housing Loans	77	82	80	85	88	90

These collection rates on the main income streams are among the highest of all Local Authorities. Total arrears have been reduced by almost €2.1m (50%) since the end of 2013.
