

Department of Rural and Community Development Community Enhancement Programme 2021

Guidelines

PLEASE READ THE FOLLOWING GUIDELINES CAREFULLY BEFORE COMPLETING THE APPLICATION FORM.

1. Introduction

The Community Enhancement Programme (CEP) provides funding to community groups across Ireland to enhance facilities in disadvantaged areas.

The **CEP** is funded by the Department of Rural and Community Development (*the Department*) and administered by the Local Community Development Committees (LCDCs) in each Local Authority area.

The Department provides funding to each Local Authority (LA) area and the LCDCs then administer this funding locally to ensure funding is targeted appropriately towards addressing disadvantage in the areas that need it most.

It is important to note that other agencies and departments also invest in disadvantaged areas¹. The **CEP** will operate in a complementary manner to add value to other front-line schemes and programmes being operated in communities.

The Department has recommended that LCDCs ring-fence some funding to provide small grants of €1,000 or less. Ring-fencing funding at this level will allow a larger volume of those with limited resources to receive some funding. The programme can also fund or partially fund larger scale projects to address disadvantage.

Applications can be made to the relevant LCDC by Friday 18th June, 2021.

This iteration of the CEP will provide:

grants towards projects or equipment enhancing facilities (similar to previous years) and
one-off grants towards costs associated with reopening of a facility or the sustainability of a facility.

¹ For example, the Department of Education and Skills in DEIS schools and community liaison officers, HSE in community care services, DSP in Intreo and through the Local Employment Service etc. This Department of Rural and Community Development also operates the SICAP (Social Inclusion and Community Activation Programme) to assist individuals and groups from disadvantaged communities.

These include costs such as utility bills, etc. To ensure appropriate monitoring and governance, the Department is stating that only costs falling due for payment in 2021 are eligible.

Target groups

This funding is targeted towards enhancing community facilities for individuals and communities that are impacted by disadvantage as identified in the LECP.

3b. What is not eligible for funding?

The following expenditure is not eligible for funding:

- Any project not in keeping with the ethos of the Programme
- Employment costs
- Legal fees
- Project management fees
- Purchase of lands or buildings
- Feasibility studies
- Private or commercial operations

4. Requirements of the Programme

The following conditions apply to all projects. Depending on the nature of your project (and the group applying), there may be further requirements that must be met. The LCDC/LA will discuss this with you, if your application is successful.

Tax Requirements

- The applicant group/organisation does not have to be registered for tax purposes.
- Any applicant group/organisation that is registered for tax purposes must be tax compliant. In line with revised tax clearance procedures, which came into effect in January 2016, the Tax Clearance Access Number and Tax Reference number must be submitted for verification purposes.

Statutory Consents - Applicants must ensure that all necessary statutory permissions or consents have been obtained before any works commence. This includes but is not confined to planning permission.

Insurance - Written evidence of a valid insurance policy may be requested by the LCDC, where relevant, during the applications review process.

Acknowledgment of funding - Due to the value of some of these grants, it would not be cost-effective to require signage acknowledging the Department, Local Authority or LCDC. Other suitable acknowledgements will suffice e.g. on a group/organisation's website or social media platforms. Where signage is developed it should acknowledge the contribution of the Department.

Match-funding - this is not a requirement under this programme.

5. Selection Criteria

Applications will be evaluated by the LCDC to ensure eligibility and that they are targeted at addressing disadvantage as identified in its LECP. Projects must be in keeping with the ethos of

the programme, which is to provide funding to communities across Ireland to enhance facilities in disadvantaged areas.

Projects may also be judged having regard to how they:

- Assist organisations with reopening their facilities;
- increase participant or visitor or audience numbers, and improve and extend access to facilities within the catchment area;
- invest to increase or extend the use of the facility, for example, to voluntary and community groups;
- reduce the annual running cost of a facility;
- have a positive impact on the environment, for example, a reduction in energy consumption;
- demonstrate collaboration with the local authority or other relevant bodies in the catchment area;
- support the creation of a sense of place within the community including through the enhancement of the built environment;
- address health and safety issues; and/or,
- invest in technology which will be accessed by individuals and communities that are impacted by disadvantage.

Projects may also be judged having regard to additional criteria deemed appropriate by the LCDC which demonstrate the added value of the project or element of a project in suitably addressing the programme's aims in each Local Authority administrative area.

6. Corporate Governance

6a. Monitoring:

Grantees will be required to comply with the highest standard of transparency and accountability as documented in Department of Public Expenditure and Reform Circular 13/2014 - Management of and Accountability for Grants from Exchequer Funds <http://circulars.gov.ie/pdf/circular/per/2014/13.pdf>

The overall principle is that there should be transparency and accountability in the management of public funds, in line with economy, efficiency and effectiveness. The circular outlines, for example, that grant recipients should not dispose of publicly funded assets without prior approval.

6b. The Code of Governance for Community and Voluntary organisations

The Department is encouraging funded bodies to adopt the Governance Code, a Code of Practice for Good Governance of Community, Voluntary and Charitable Organisations, which will assist in achieving excellence in all areas of your work. The Governance Code asks organisations to agree to operate to key principles in order to run their organisation more effectively in areas such as

leadership, transparency and accountability and behaving with integrity. Further information on the Code is available at www.governancecode.ie

7. Approval Procedures

All applications for funding under this programme received by each LCDC will be reviewed and assessed to ensure consistency with the relevant Local Economic and Community Plan (LECP).

In deciding the final allocations of funding to projects, the LCDC may take account of a number of factors including geographical balance and the desirability to fund a variety of different projects and the relative disadvantage of the area where the facility is located (or will serve)².

Following the decision each approved project, subject to the completion of legal formalities and other requirements, will receive an offer in principle of grant-aid. This will be subject to compliance with the relevant conditions and subject to the satisfactory acceptance by the applicant of that offer.

The right is reserved to reassign the funds offered to another approved project if all requirements are not met within a reasonable period.

The Department and/or the Local Authority reserve the right to carry out an audit of expenditure or conduct inspections from time to time.

Please Note:

Requests for assistance usually exceed the funds available and it is important therefore that the process of evaluation is rigorous. The purpose of this process is to ensure that the best projects, taking all factors into account, emerge and receive support. It is Departmental policy to ensure that every application is treated fairly and impartially.

Offers of funding may be for a lesser amount than that sought by the applicant. Applicants should be aware that the Programme may be oversubscribed. Therefore, in such circumstances, all applications fulfilling the conditions may not be successful or may be for a lesser amount.

The LCDC in evaluating proposals received may seek advice and consult with other agencies, and may disclose information on projects under consideration to those experts and agencies.

² This may include cross-referencing the location of the facility (or the area it serves) with the Pobal Hasse deprivation index which is available on www.pobal.ie.

8. General

The information provided in this document is intended to give applicants an understanding of the process by which applications for funding are assessed and approved and does not purport to be a legal interpretation.

Freedom of Information Act 2014

Under the Freedom of Information Act 2014, details contained in applications and supporting documents may, on request, be released to third parties. If there is information contained in your application which is sensitive or confidential in nature, please identify it and provide an explanation as to why it should not be disclosed. If a request to release sensitive information under the legislation is received, you will be consulted before a decision is made whether or not to release the information. However, in the absence of the identification of particular information as sensitive, it could be disclosed without any consultation with you.

Site Visits

The Department, Local Authority or LCDC may carry out unannounced site visits to verify compliance with Programme terms and conditions.

Further information may be requested

The LCDC reserves the right to request further information from you in order to assess your application if so required.

Usage of information

The information provided on the form will be utilised for the purposes of evaluating and administering the grant process, and to facilities audits and any site visits. When evaluating the applications received the LCDC may seek advice and consult with other agencies, and may disclose information on projects under consideration to those experts and agencies.

Other

- Under the programme it is intended that 30% of the funding that is allocated to each Local Authority area will be ring-fenced for grants of €1,000 or less.
- For grants towards equipment or the upgrade of facilities, applicant groups shall self-certify that they do not have the funding to undertake the work, without the grant aid, or alternatively that with the grant they will now undertake a larger project which they otherwise would not be able to afford.
- If the funding application is for one element of a project, applicants will be required to provide documentary evidence of the availability of the balance of funding for that particular element of that project.
- There is no limit on the number of applications for different projects from any organisation. However, applicants should be aware that an equity/fairness approach will be taken by the LCDC to ensure an even distribution of funding.
- The Programme is 100% exchequer funded. Applicants are free to leverage other funding/match funding for projects (e.g. with LEADER, Tidy Towns, Town and Village Enhancement funding, etc.) although that is not a requirement of this new programme.

- It is the responsibility of the administrators of/body responsible for any other funding scheme or programme to ensure that using this Programme to co-fund a project does not contradict the rules of that other scheme/programme.
- VAT will only be paid where it is included in the application amount. No further requests for VAT payments or repayments will be accepted.
