

## CLÁR 2022 SCHEME OUTLINE

### MEASURE 3 'OUR ISLANDS'

#### Background

CLÁR (Ceantair Laga Árd-Riachtanais) is a targeted investment programme for rural areas that aims to provide funding for small infrastructural projects in rural areas that have experienced significant levels of de-population. The funding works in conjunction with local/Agency and other Departmental funding programmes and on the basis of locally identified priorities.

#### 2022 Our Islands Funding

Recognising the critical role that volunteer organisations play in the provision of vital services to vulnerable sectors of the community and particularly on our Islands, CLÁR 2022 has introduced a specific measure to respond to the needs of these Island communities.

Like many of our other CLÁR areas, the Islands have seen significant levels of depopulation over the last number of years and also face specific challenges such as rural isolation, population decline, service accessibility and social disadvantage.

#### This measure will fund;

- i) **Island Community Transport** – community bus/vehicle with an electric charging point which is powered by solar PV panels.
- ii) **Outdoor Community Recreation Amenities** – benches, picnic tables/areas, toilets.

#### Eligible Costs;

- i) **Island Community Transport**

The scheme will cover the cost of:

- a vehicle and/or the fit out of a vehicle where necessary. The Department will prioritise funding for the purchase of hybrid/electric vehicles.
- PV solar panels to be erected on community facilities which are generating electricity for a connected electric vehicle charging point. This must be in tandem with the purchase of a hybrid/electric vehicle.

Applicants should provide full details regarding the costs associated with the purchase and/or fit out of proposed vehicles, charging points and PV Solar Panels.

Conditions as follows;

- Any vehicle funded must be in good condition and not more than 5 years old.
- Any vehicle funded is used solely for the activities outlined and not for any commercial transport routes and
- The Department must be acknowledged in signage on the vehicle.
- Only one vehicle per Island will be considered.
- The Department to be advised of the main location of the vehicle (where it will be parked overnight). Eircode to be provided.

The scheme will not cover any ongoing running costs such as insurance, maintenance, fuel etc. Applicant organisations will be required to outline how they will manage the ongoing operation of the vehicle.

The measure is open to **established organisations/groups** that operate **on a voluntary basis**. In the case of community transport, the provision of transport services must be provided **free of charge**.

Applications under Island Community Transport will be accepted directly by the Department from established representative organisation/groups that operate on the islands.

## ii) **Outdoor Community Recreation Amenities**

This Measure will consider supports for the enhancement of existing and/or the development of new accessible outdoor community recreation facilities e.g. covered seating & picnic benches, toilets etc. Applications should detail the eligible costs

associated with the proposed project. Please note only items of a **capital** nature, integral to the project are eligible.

All administration costs/professional fees associated with the proposed project should be kept to a minimum. Such costs will be eligible up to a maximum of **10%** of the overall project costs.

The application form must clearly outline the need and rationale for the interventions put forward.

All projects must display and encourage abidance by the *Leave No Trace* principles. The cost of appropriate signage may be included in the overall project costings.

Applications under Outdoor Community Recreation Amenities will be accepted directly by the Department from established representative organisation/groups that operate on the islands or from the relevant local authority.

### **Eligible CLÁR Area**

CLÁR eligibility is based on being physically located within a designated CLÁR DED.

### **Rate of Aid**

All expenditure registered through the Department's Rural Schemes i.e. Town and Village Renewal Scheme, CLÁR, Outdoor Recreation and Infrastructure Scheme (ORIS) will be subject to the terms of the Public Spending Code which can be found at <http://publicspendingcode.per.gov.ie/>.

In addition to this, the requirements outlined below will apply to all funding approved through those schemes. The need for adherence to all of the requirements will be reflected in the contractual agreement between the Department of Rural and Community Development and the grantee approved for funding under the scheme.

<b>1</b>	Projects will be expected to commence and be completed in line with the timelines set out in the relevant Scheme Outline.
<b>2</b>	The Department may de-commit funding allocated to projects under the Scheme where the project is not completed within the time specified, and where the express agreement of the Department to extend the funding arrangement has not been agreed in advance.
<b>3</b>	A cash contribution as set out in the relevant Scheme Outline is required. The grantee will be required to provide confirmation that the cash contribution is in place and retain a record of the source of the cash contribution.
<b>4</b>	Projects must be completed in full in order to drawdown the full grant amount. Where it is established that a project has not been completed, the Department may request the grantee to repay any funding received on the project. Any changes to the proposed project must be advised and agreed with the Department in advance of the change being implemented.
<b>5</b>	Where an element of the approved project is not carried out as per the project application, grant funding may be reduced to reflect the amended project.
<b>6</b>	If the project involves works on buildings or lands that are not in the ownership of the grantee, a minimum 5 year lease must be in place from date of project completion.

<b>10</b>	Grantees will acknowledge the support of Project 2040 / Department of Rural and Community Development/ Government of Ireland, and any other applicable sources of funding (as identified in the relevant Funding Agreement) in all public announcements, advertising and signage, as appropriate, relating to the project. In addition, the Department may seek to use the project in the broader promotion of its policies.
<b>11</b>	Grantees will provide any reports and information relating to the project as may reasonably be requested by the Department of Rural and Community Development from time to time.
<b>12</b>	On-going monitoring and evaluation of the project outputs and outcomes should take place in the context of assessing the impact of the project. On request, a brief report (1-2 pages) on the outputs and outcomes of the project funded should be completed and made available to the Department.
