2nd Edition

Kilkenny's Repair Directory

Kilkenny County Council published its 1st Repair Directory in August 2015. It received great interest both locally and nationally and now many counties have produced similar publications. This 2nd edition was collated by Kilkenny County Council with the assistance of Kilkenny City Tidy Towns group, Keep Kilkenny Beautiful and Thomastown Tidy Towns. Repair can extend the life of products thus reducing waste which is a key objective of the Southern Waste Management Plan. This publication is funded under Kilkenny County Council's Waste Prevention programme.

Kilkenny County Council does not advocate or endorse any listing. Prior to using any service, please ensure that you are satisfied with the service provider's relevant experience, authorisation and liability cover.
