Marshes

Rivers

Grasslands

## Questions for Wildlife Detectives

- Which creature smells with its feet?
- Who carries pollen on their legs?
- What insect likes to be underneath dark and damp things?
- What bird lives by the river and can stand very still and eats fish?
- Who flies to Africa for the winter?
- What tree are hurleys made from?
- I'm a salmon – what type of habitat do I live in?
- Is your garden good for wildlife? What wildlife can you find there?
