ADDITIONAL INFORMATION (IN ADDITION TO PRESCRIBED INFORMATION)

It should be noted that each Planning Authority has its own development plan, which sets out local development policies and objectives for its own area. The Authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with its development plan and in this regard Kilkenny County Council requests this information on the additional appendices attached with this application form.

Failure to supply the supplementary information will not invalidate your planning application. However, if it is not supplied, the Planning Authority may not be able to reach a decision on whether or not to grant permission on the basis of the information available to it. Therefore failure to supply this information could delay the decision on an application or lead to a refusal of permission.

Applicants should therefore familiarise themselves with the local policies and objectives, of the Kilkenny County Development Plan, which would apply to the development proposed and decide whether to submit the additional information as required.

The planning process is an open and public one. In that context, all planning applications and accompanying documentation, with the exception of certain contact details, are made available for public inspection/purchase and may be made available on the planning authority's website where this is their policy. Planning authorities also publish weekly lists of planning applications received as well as weekly lists of planning decisions in hard copy and, where this is their policy, on their websites.

It has come to our attention that the publication of planning applications by planning authorities can lead to applicants being targeted by persons in the business sector engaged in direct marketing. In response to a request from the Data Protection Commissioner, you are hereby given an opportunity to indicate a preference with regard to the receipt of direct marketing arising from the lodging of a planning application.

If you are satisfied to receive direct marketing please tick this box.

Direct marketing may be by post, by telephone, by hand or by electronic mail such as email or text message where such details are supplied.

It is the responsibility of those entities wishing to use the personal data on planning applications and decisions lists for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 & 2003 taking account of the preference outlined above.
