FORWARD PLANNING

Variation 3 to the City & County Development Plan 2021

This Variation seeks to rezone a small portion of green space in Loughboy to residential, for the purpose of a small number of Age Friendly and Disability Accessible houses. The proposed variation along with associated environmental documents are on public display until Friday, 17th January, 2025. Following completion of the public display a Chief Executive's Report will be brought forward for consideration by the Members at the February Plenary Council Meeting.

MASTERPLANS

Ballyragget/Paulstown/Kilmacow

All 3 masterplans are now approved by the relevant Municipal Districts. Work has commenced to give formal recognition to the Masterplans in the City & County Development Plan through a variation, identifying appropriate objectives from all above Plans including the Urlingford Masterplan. This to be brought forward in Q1 of 2025.

LOCAL AREA PLANS

Ferrybank / Belview Local Area Plan

The Draft Plan preparation continues. Significant issues relating to the role of Ferrybank as the second largest urban area in the County, its role as part of the wider Metropolitan Area and its role in contributing to the development of Waterford as envisaged under the National Planning Framework are being addressed as part of the Plan preparation. It is anticipated that a Draft Plan will be available in Q1 of 2025.

Castlecomer Plan Review Process

The Plan preparation process continues, with ongoing collaboration between the Community and Planning sections. The Director's Report on the pre-draft consultation stage has been published on the Consult website. This outlines the engagement to date on the Plan. The Draft Settlement Plan will be accompanied by various assessments, including an Infrastructural Assessment and Environmental Assessments. Public display of the Plan will take place in Q1 2025.

- Harrowville, Leggettsrath West, Kilkenny
- Tobair Brid, Graiguenamanagh, Co Kilkenny
- Sycamore Drive, Larchfield, Kilkenny
- Ayrfield, Kilkenny
- Greenoaks, Ferrybank
- Ogenty, Gowran
- Jerpoint West, Thomastown (The Greens)

Active Land Management

There are 18 Vacant Sites on the Vacant Sites Register, and the number of cancelled entries due to site activation or improvement is 29. The Vacant Site levy (VSL) will be replaced by the Residential Zoned Land Tax (RZLT) later this year, but any outstanding VSL's will remain due to the Council. A further €21,000 was received in December 2024, bringing the total for 2024 to €163,200. The last outstanding appeal for vacant sites has now been determined by An Bord Pleanála, upholding the Council's demand for payment on site ref. VSR18-23 in Ferrybank.

Draft Maps of land in scope for the new RZLT were published in January 2024. Submissions were received on the Draft maps, and determinations on these submissions were notified to the landowners. Four landowners made appeals to An Bord Pleanála, and all 4 appeals have been determined, upholding the Council's determinations.

The Final 2025 Map of lands in scope for the new RZLT is being prepared and will be published on the 31st January, 2025. This will form the basis for the levying of the tax by Revenue. The settlements currently liable are Kilkenny City, Rosbercon, Callan and Thomastown. The Draft Annual 2026 Map is also being prepared, and submissions will be invited on this map from 1st February 2025. The recent Budget announced a further opportunity for farmers to seek to have their land rezoned.

Conservation

The Conservation Office manages all protected structures in Kilkenny County and City. These structures are recognised for the following special interest: Architectural, Historical, Archaeological, Artistic, Cultural, Scientific, Technical, Social.

An advisory service on conservation matters is provided to the public and colleagues, while the conservation grants and funding applications are also delivered.

Built Heritage Investment Scheme 2025: The funding allocated for Kilkenny City and County is €198,611. Thirty seven BHIS applications were received by the Conservation Office. These applications have been assessed, and eleven projects have been offered provisional funding. The Department of Housing, Local Government and Heritage will assess these eleven projects and confirm acceptance in early 2025.

Historic Structures Fund and the Historic Thatch Building 2025: The Conservation Office continues to receive funding for these two funding schemes. The deadline for receipt of applications is the 17th January 2025.

Architectural Conservation Area Trails 2024: A Consultant was appointed to work with the Kilkenny County Council’s Conservation Officer, the National Built Heritage Service, and local communities to design walking trails for two Architectural Conservation Areas in County Kilkenny: Castlecomer and Freshford. The purpose of these trails is to use local knowledge to educate and inform communities and visitors about the rich built heritage surrounding them.

Built Heritage Stocktake 2024: A Consultant was appointed to work with Kilkenny County Council’s Conservation Officer and the National Built Heritage Service to deliver a stocktake for the following settlements: Callan, Gowran, Inistioge, Johnstown, Thomastown. The stocktake will focus on the structures listed on the RPS and NIAH.

Conservation Grants 2024: Successful 2024 Conservation Grant funded projects are now complete. Fifteen projects, over three Conservation Grants: Built Heritage Investment Scheme, Historic Thatched Buildings and the Historic Structures Fund are complete. These grants supported masonry, window, ironwork, and joinery repairs, re-thatching, lime plastering and re-pointing of Kilkenny’s architectural heritage structures, culminating in a total project spend over the three schemes of €673,105.

These projects provided 1,345 employment days for local crafts people and conservation professionals. The projects highlight the circular economy approach involved in conservation works, while they also have a local economic benefit by supporting local craft professionals and conserving Kilkenny’s architectural heritage. The grants, and their management, are essential for keeping historic buildings of architectural significance in use.

Further information is presented in the Table below:

ENVIRONMENT

CLIMATE ACTION

Council Renews Commitment to EU Covenant of Mayors for Climate and Energy

Kilkenny County Council agreed to renew its commitment to the EU Covenant of Mayors for Climate and Energy, a voluntary initiative of Local Governments in Europe, at the Council meeting in December. In doing so the Council has committed, alongside other EU Local Authorities, to implement EU climate and energy objectives, and secure a better future for their citizens. The main objectives of the Covenant are to reduce greenhouse gas emission, strengthen resilience to climate change and address energy poverty.

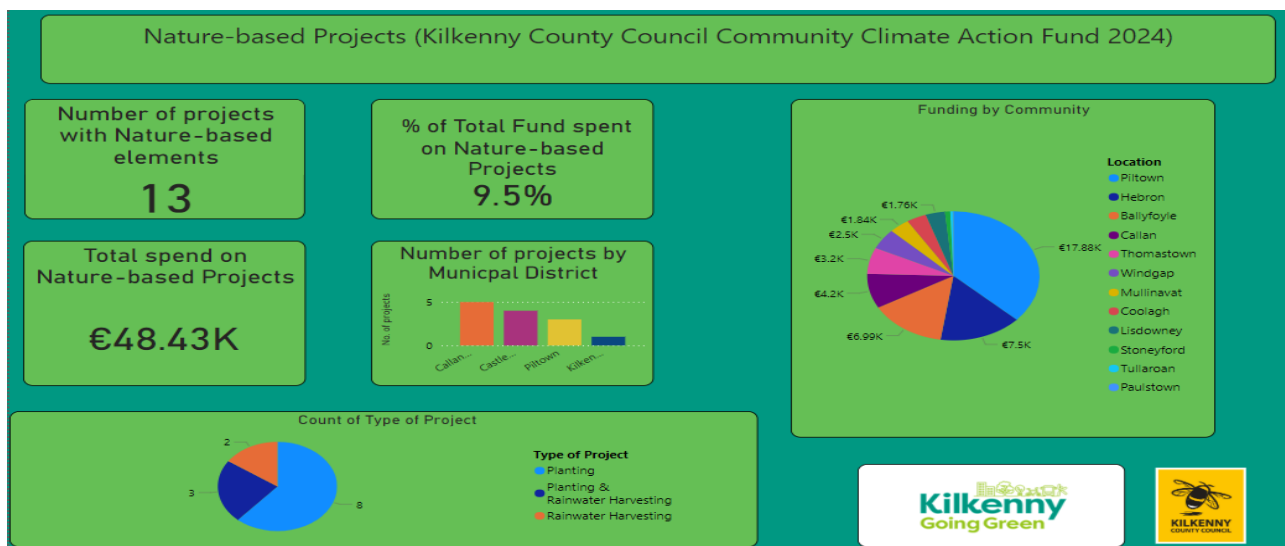

Kilkenny County Council originally signed the Covenant in 2015. It is timely to renew the commitment, given the election of a new Council in June, the adoption of the inaugural Kilkenny County Council Climate Action Plan earlier this year, and the fact that the EU updated the Covenant in the last few years.

The EU Covenant aligns closely with the Kilkenny County Council Climate Action Plan. The Climate Action Office will continue to support and promote the Council's delivery of both in the coming years.

Working with Nature to address Climate Change

Nature-based Solutions involve working with nature to address the challenges of climate change and biodiversity loss, whilst supporting human well-being. Nature based projects are a very effective and achievable way of taking climate action locally. Kilkenny County Council Climate Action Office and the Department of Environment, Climate and Communications are currently working with and funding 22 Kilkenny communities to deliver on local climate action projects.

Of the 22 communities, 13 are delivering projects with nature-based elements such as rainwater harvesting, and planting native and pollinator friendly plants. These projects account for €48,430 (9.5%) of the total €511,000 allocated under the Kilkenny County Council Community Climate Action Fund.

Agriculture Map Alerter

A new Agricultural Map Alerter has been set up on Kilkenny County Council Alerts Portal. The purpose of the alert system is to notify registered farmers. An active campaign to encourage registrations is currently being undertaken.

The map of Kilkenny is broken down into Townlands and Electoral Divisions (DEDs) with run off times for the spreading of slurry broken into two categories of 48 hours or 96 hours. If a Level Yellow/Orange/Red rainfall warning is issued for County Kilkenny then it will trigger an SMS message to agricultural alert subscribers, an SMS will go out to the farmer highlighting the pollution impact and notifying them not to spread slurry for a period of 48 or 96 hours. The Agriculture Alert can be accessed via the following link- <https://alerts.kilkennycoco.ie/>

Deposit Return Scheme (DRS) Bin Wrap Pilot

Re-Turn recently undertook a pilot “Bin Wrap Around” campaign in Dublin to encourage the use of the DRS amongst members of the public who are “on-the-go”. This has proven very successful in Dublin and Re-Turn want to undertake a further pilot in Kilkenny.

This entails installing surrounds on public bins in the City and County. The surround/shelf works for 'on-the-go' drinks, and the purpose is to see a steady reduction in public litter as a result with members of the public returning the bottles and cans to Re-turn reverse vending machines (RVM). The bin surrounds are a shelf that circles the entire circumference of the bin.

We are hoping these bin surrounds will ensure more plastic bottles and cans are being put back into the circular system, supporting EU recycling targets for 2030. Work is currently being undertaken with the Area Offices to commence same.

Green Schools Programme

The Environmental Awareness Officer [EAO] continues to support 92 schools as part of the An Taisce Green Schools Programme to renew or attain a flag. Green schools is an International Environmental Education Programme, offering a well-defined, controllable way for schools to take environmental issues into the curriculum and apply them to the day-to-day running of the school. Green schools is a holistic, long-term programme and has a two-year cycle in relation to preparation, assessment and attainment of a particular flag.

The EAO is continuing to assist schools around the County to renew their membership as part of the Green Schools programme under their respective themes- Litter and Waste, Energy, Water, Travel, Biodiversity and Global Citizenship. The EAO will be undertaking assessments of Green Schools over the next 3 months. Deadline for the applications for School Flags is 28th March, 2025.

WASTE

Bring Banks Usage

The Council provides and manages 47 Bring Centers across the City and County. A total of 2045 tonnes of recyclables were collected from our Bring Centers to date in 2024. This represents a 1% increase from the same period in 2023. Loughboy Shopping Centre (20 tonnes collected), Aldi - Kilkenny City (16 tonnes collected), Lidl - Johnswell and New Park Shopping Centre, Kilkenny City (12 tonnes collected) are the busiest locations in the City. Lidl - Thomastown (11 tonnes collected), Aldi - Ferrybank (10 tonnes collected), and Graiguenamanagh and Supervalu - Thomastown (9 tonnes collected) are the busiest outside of the City. Environment staff are continuing to work very closely with our service providers to ensure the collection service is in keeping with demand, especially around long weekends and holiday periods.

Dunmore Civic Amenity Site (CAS)

The month of December saw an increase in waste stream tonnages compared to November as the people prepared for Christmas 146 tonnes of Municipal Solid Waste, 60 tonnes of Municipal Dry Waste and 58 tonnes of Green Garden Waste.

The various other recycling streams deposited at the Dunmore facility during the month of November and their respective tonnages can be seen in Table 1 below.

Table 1

Recycling Stream	Quantity (Tonnes)
Cardboard	9.6
Plastic	5.4
Paper	9.9
Green Waste.....	58
Food Waste.....	0.8
Mattresses.....	3.3
Metal	7.9
Timber.....	8.7

WEEE	8.5

As part of the Landfill Aftercare the landfill gas flare continues to run 24 hours per day seven days per week extracting and burning approximately 35m³ of landfill gas per hour. 65 tonnes of Leachate waste was tankered off site for waste water treatment.

AIR NOISE WATER

Water Quality - Farm Inspections

Farm inspections for 2024 are now completed reaching our inspection target for 2024. Reporting will commence in January and February with submission of findings to the EPA in February.

Septic Tank Inspections

Kilkenny County Council have been liaising with LAWPRO in relation to septic tank inspections. LAWPRO have shared a register of households which have been referred by them for a grant. We will assess these as householders get in contact. RMCEI reporting will include the good news that all inspection for 2024 have been achieved with regards to septic tanks.

Section 4 Discharge Licenses

Following sampling carried out in December, results will now be analysed and establishments contact regarding the same.

Misconnections

All misconnections will be reported in the RMCEI return in February 2025.

Environment Complaints

All Environmental complaints received are logged on the CRM (*Customer Relations Management*) System. The number of complaints that have been received and logged for the month of December 2024 is 43 compared to 70 complaints received in December 2023. The number of complaints received in the twelve months to the end of December 2024 (*965 complaints*) is up 3% when compared to the same twelve-month period in 2023 (*938 complaints*). The nature of these complaints included littering, illegal dumping, burning of waste and abandoned cars. The majority continue to be related to littering and illegal dumping. Whilst every effort is made to bring unacceptable environmental practice into compliance, Environment Enforcement staff continue to manage significant enforcement cases progressing through prosecution cases.

Noise

The final Noise Action Plan was completed prior to the Christmas Break and is awaiting to be published on our website. The plan and reporting were submitted to the EPA in December. Once the final plan is made the report will be updated with the EPA for their submission to the EU on 18th January, 2025.

Air

Kilkenny County Council have completed over 100 inspections in relation to solid fuels. Two inspection reports will be presented to our legal team to determine if prosecution action can be taken.

Over 30 inspections have taken place in relation to stage 1B Petroleum Vapours with follow-up letters to be sent to petrol stations prior to the Christmas Break.

Inspections have commenced in decorative paints and solvents and again follow-up letters will be sent out to operators prior to the Christmas Break.

Kilkenny now has 3 air monitors back up and running in Thomastown, Castlecomer and on the Callan Road. The Castlecomer Monitor had been offline for some time and so it has been replaced by a new monitor. Two new monitors have been purchased. One will be placed in The Butts and the other in the City Centre.

PARKS & SPECIAL PROJECTS

SOUTH EAST GREENWAY

Mainline Works Contract - Ferrybank to Curraghmore

Works on the 5.5km section of Greenway from Ferrybank to Curraghmore, which commenced in November 2023, are now substantially completed. Once all outstanding minor work items are completed a Safety Audit will be conducted, thereafter, any recommendations arising out of same will be assessed and, along with any minor finishing out works outside of the contract, will be completed to facilitate the opening of this section of the Greenway towards the end of Q1 2025.

Various images along Lot 5a

Remaining Lots: Works are continuing to be advanced to detail design stage on the remaining sections of the Greenway.

RELATED SCHEMES

South - North Access Road, Ferrybank: A Planning Application under Part 8 of the Planning and Development Regulations, which includes for the proposed South East Greenway Trailhead carpark at Ferrybank, was approved by Council at the December meeting. Works will now progress to detail design.

Woodstock to South East Greenway Connectivity Link: This Greenway Project is currently in Phase 1 (*Concept and Feasibility*) stage. In accordance with the TII's Project Management Guidelines, certain deliverables are required at this stage.

- A project outline was presented to the Callan - Thomastown Municipal District Members on the 8th January, 2025.
- The project website also went live on the 8th January and can be accessed via: <https://www.woodstocktosegreenway.ie>
- Public Consultation No.1 will commence in early February. Notices will be advertised in local newspapers, a letter drop (*via An Post*) will also be undertaken within the project study area along with posters erected at public building etc.
- There will be two Open Public Consultation events held from 24th to 27th February, 2025 at Inistioge and New Ross Golf Club (TBC) and details will be advertised in advance of same.

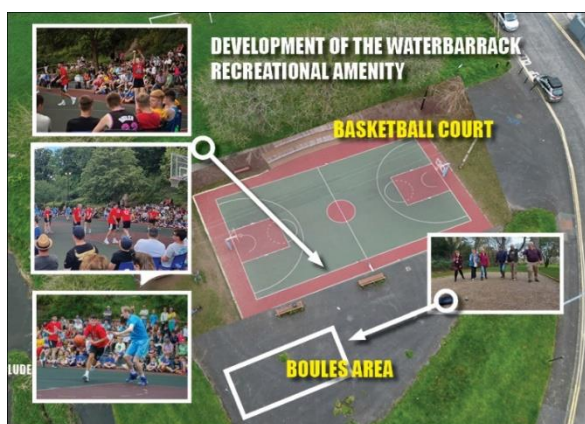

South East Greenway to Glenmore Connectivity Link: Tender documentation is currently being finalised and will be advertised shortly for a competition to engage the services of a multi-disciplinary Engineer led Design Team to advance this project through detail design, tender award and construction stage. This tender competition will be advertised shortly.

South East Greenway to Slieverue Southern Connectivity Link: A Planning Application under Part 8 of the Planning and Development Regulations was advertised in September for the Southern Connectivity Link. The public consultation period under this process has concluded and the final date for submissions was the 25th October, 2024. After considering the comments/observations received a number of modifications are proposed to the scheme and a Planning Report & Recommendation, incorporating said modifications, will go before Council for consideration at the January Council Meeting.

Sports Capital and Equipment Programme

Engagement with Stakeholders and Contractors is nearing conclusion with respect to finalising updated quotations for works pertaining to the enhancement proposals associated with the Waterbarrack Basketball Court and surrounding open space. The proposals include for the following:

- Upgrading the outdoor Basketball Court including the upgrade of the surface and the installation of two Basketball Posts.
- Installation of park lighting and fencing.
- Installing a Boules Court on the site

It is envisaged, subject to final approval of recommendations by the Sports Capital Unit, that this project will be completed and open to the public in late Q2 2025.

Works will also commence on the other three funded projects in the coming months.

Playgrounds

The annual independent inspections of the playgrounds was completed in December, with no major red-line issues reported. Routine inspections were conducted by the Parks Department throughout the Christmas period.

In December significant upgrades were carried out at Coan Playground, including the installation of a new seesaw rocker and a wheelchair accessible roundabout with a tiger mulch rubber surface. Additionally, new seating was installed to match the existing design, along with a communication board to enhance the playground's accessibility and functionality, see images.

The Council is also assisting the local community in Bigwood to deliver a new playground close to the national school, and works are expected to commence later this month.

Woodstock Gardens & Arboretum

We regret to announce that Storm Darragh has had a significant impact on Woodstock Gardens & Arboretum, resulting in the loss of several of our most iconic and historic trees:

- The magnificent Monterey Pine (planted in 1845)
- A towering Monterey Cypress from the mid-1800s
- A stately Noble Fir, also from the mid-1800s

These trees, which have stood for over 175 years, were more than just part of our landscape; they were a cherished part of our heritage and a testament to history.

While this loss is deeply felt, it is a part of the natural cycle in a heritage tree garden. Unfortunately, Woodstock was not the only significant garden in the country to suffer the loss of iconic trees due to the storm. We have already begun the process of replacing these trees. Our head gardener has initiated a propagation program, taking cuttings from the fallen trees to replant and

continue their legacy.

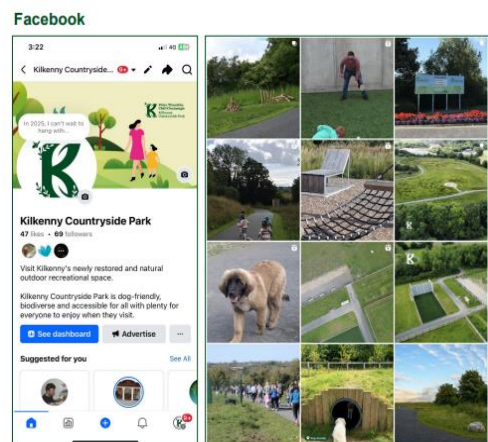

As a consequence of the above, major storm clean-up efforts began in December and are still ongoing. Additionally, other works are taking place throughout the gardens. The terrace gardens have been enhanced with winter planting, including pansies and violas, to provide vibrant colour throughout the winter and into the summer months.

Over the Christmas period, the Reindeer Trail was a highlight, delighting visitors as they explored the Noble Fir and Monkey Puzzle Avenue.

Season tickets were promoted as festive gifts during the Christmas season. These tickets remain available and offer excellent value, allowing visitors to enjoy the gardens throughout the year.

Kilkenny Countryside Park and Woodstock Gardens and Arboretum Marketing

The Parks Department has engaged the services of O'Connell Marketing to build on previous promotion campaigns for Woodstock but also to promote a new social media platform for Kilkenny Countryside Park. These platforms are the perfect place to showcase the latter's wonderful amenities which cater to a wide variety of visitors from families with young children, dog walkers, fitness enthusiasts, and wildlife spotters alike. Since launching these platforms, we've seen increased footfall within the Park.

Broadband/ Digital Update

Kilkenny County Council is developing a three-year Digital Strategy for the County covering the period 2025 – 2027. Work is on-going with a first draft now under review. The Broadband Officer is also awaiting the launch of the DRCD National Hub Strategy 2024 – 2027 in early 2025.

Launch of Kilkenny Photobook

The new photobook, “Kilkenny – Live, Work, Enjoy,” was launched at the Parade Tower on 13th December. The event saw a large turnout of photographers and poets who contributed to the project, excited to see their work in print and on screen. Kilkenny County Council expressed gratitude to everyone involved in contributing to the book and celebrating the County’s rich history, heritage, and scenic charm.

In May 2024, Kilkenny County Council invited amateur and professional photographers from across the County to submit photographs capturing the spirit and essence of Kilkenny and its citizens. The resulting collection of images showcases the natural beauty and vibrant culture of Kilkenny City and County.

Night Time Economy Forum

The Night Time Economy Stakeholder Forum met for the fourth time on the 4th December. Chaired by Ignacio Peregrina, the Forum members were provided with an update on the progress of the pilot to date. The Forum agreed on the key priority areas to focus on for the remainder of the pilot in 2025

Yulefest

LEO Kilkenny, Shop Kilkenny and the Night Time Economy supported Yulefest with the launch of Festive Fridays during December. This initiative was designed to encourage later evening and night time shopping and entertainment in the City. The Battle of the Buskers saw 12 buskers entertain the streets of Kilkenny for the chance to win a €500 cash prize, together with recording time in studio and airplay on KCLR 96FM.

A Reindeer Trail saw all 9 of Santa's reindeers popping up in shop windows around Kilkenny and encouraged families to follow the trail around the City. The Yulefest Christmas Trail was also an experience that invited visitors to explore Kilkenny's historic streets, uncover hidden gems, and participate in an exciting interactive quiz. There was also a host of live musical performance in the Yulefest Yurt and the night market remained open for all visitors each Saturday evening until 8.00 p.m.

Night Time Transport

In collaboration with the National Transport Authority and TFI Local Link, TFI Local Link Carlow Kilkenny Wicklow, the 897 bus route has been enhanced to include a new evening return service from Thursday to Saturday between [Kilkenny City](#) and Moneenroe. The bus service leaves Ormonde Road in the City at 10.30 p.m. and returns from Moneenroe at 11.25 p.m. to the City.

Kilkenny Tourism

Kilkenny Tourism's marketing activity focused on promoting all things Yulefest for December to encourage visitors and locals to come and experience Christmas in Kilkenny.

Visitors to the festival experienced festive treats, creative crafts, live music and family entertainment each weekend in December, along with the Yulefest Christmas trail.

The tourism team supported Bo Media productions to produce a Christmas special for RTÉ One that aired on Christmas Eve, featuring the Nativity story. This new production was a fantastic opportunity to showcase Kilkenny's attractions and local culture during the festive season and will potentially be aired for the next number of years on RTE. Age Friendly Creative Christmas Connections

As part of Kilkenny Age Friendly Programme and in collaboration and supported by Creative Ireland, a number of free events were organised throughout the month of December. The 'Creative Christmas Connections 2024' programme of events were targeted for older people to enhance community connections by engaging in creative workshops and events.

The workshops included 'Festive Flower Arranging' workshops held in Thomastown, Ballyragget and Kilkenny City where each participant to create a beautiful flower arrangement. There were also 'Christmas Crafts' workshops held in Stoneyford and Mullinavat where participants painted and created crafts. Locals in Kilmanagh created Christmas decorations through crocheting. The 'Festive Storytelling' in Urlingford, Stoneyford and Mullinavat was an enjoyable event of listening and telling stories with an illustrator capturing the event. There was an afternoon of comedy sketches, poetry and sing along with musicians for the 'Rambling House Christmas Show' at St.Canices Neighbourhood Hall, Kilkenny. In collaboration with Kilkenny Arts Office there were drop in Embroidery sessions. All the events were well attended and there was positive feedback.

Healthy Kilkenny - Kilkenny One Parent Community

Kilkenny One Parent Community (KOPC) is a community of individuals who are parenting alone, sharing parenting, or parenting following bereavement, with a vision that Kilkenny is a place where the unique experiences of One Parent Families are recognised, respected and supported. This network is supported by the Kilkenny LCDC Healthy Ireland Fund in collaboration with the Social Inclusion programme in Kilkenny Leader Partnership. KOPC aims to improve the health and wellbeing of one-parent families by providing opportunities for one parent families to connect, and participate in family activities and wellbeing initiatives.

Kilkenny One Parent Community since its establishment in 2020, have offered parents opportunity to engage in cultural, health and wellbeing and parenting programmes, personal development courses, and provided a space for single parents to connect and engage with each other to reduce loneliness and isolation. In December 2024, KOPC held several activities designed for parents and families.

Families attended a Christmas tree decorations workshop in the Mayfair Library and KOPC showcased their Christmas Tree in St. Canice's Cathedral for the Christmas Tree Festival. Families also attended mandala craft workshops at the Mayfair Library. Over the festive period, one-parent families will also have the opportunity to attend the Christmas Pantomime in the Watergate Theatre. For more information, please visit the KOPC website: www.kilkennyoneparentcommunity.ie

INTEGRATION

The Local Authority Integration Team (LAIT) continues to provide on-going integration supports to people categorised in any of the following groups living in the City and County of Kilkenny:

- International Protection (IP) Applicants,
- Programme Refugees
- Beneficiaries of Temporary Protection (BOTP)
- Refugee, Subsidiary Protection, or Permission to Remain status.

Currently there are 173 International Protection Applicants (92% Male, 6% female), and 633 BOTP's in County Kilkenny. 65% IP's and 45% BOTP's are employed.

December was an exciting month for the LAITs with a very successful Intercultural event on 8th December with Mayor Andrew McGuinness opening the event, in the Ossory Youth Centre. A mix of music, dance and food from all over the world including Jordan, Syria, Lebanon, Somalia, Uzbekistan, Ukraine, Pakistan, Afghanistan, El Salvador, Bangladesh and Ireland. This event was an opportunity to showcase the Irish Boxhats that a group of Ukrainian and Irish women had made in October and also the Ukrainian women showcasing their Ukrainian headwear – an intercultural mix. Dancing and music from all over the world including an Irish set dance piece. Over 80 people attended the event and was a fantastic cultural exchange.

The LAITs continued their work with providing information, advice and advocacy for 28 International Protection Applicants, in December, with 53 queries ranging from legal/immigration, health access, education including English language, traineeships, employment access, DSP supports, accommodation and transport to bank account setup.

They also worked with 17 BOTPs with 30 interventions including:

- health access;
- legal/immigration;
- education;
- evictions;
- employment;
- DSP;
- independent living;
- accommodation;
- transport.

FIRE SERVICES

Fire Safety Certificate Applications

- 97 applications for Fire Safety Certificates were received to date.
A Fire Safety Certificate is a Certificate issued by the Building Control Authority which states that the works or building to which the application relates will, if constructed in accordance with the plans and specifications submitted, comply with the requirements of Part B of the Second Schedule to the Building Regulations 1997.
- The Fire Authority Technical Staff have been involved in Kilkenny County Council's Ukrainian Response Unit.
- A large number of risk premises throughout Kilkenny City and County have been subject to review and Fire Safety Certification applications to ensure minimum standards.

Fire Services Acts 1981 and 2003

- Fire Prevention staff made targeted inspections of premises both to provide advice and to enforce legislation during 2023.
- 68 Licence Applications were processed under Section 24 of the Fire Services Acts 1981 and 2003.
- 12 Licence Applications under the Dangerous Substances legislation were assessed to date.
- 99 Fire Safety Inspections of premises have taken place in 2024.

Fire Brigade Operations

The existence of a professional Fire and Rescue Service is fundamental to public and personal safety. The Fire Service plays a crucial role in making our communities safer, whether it be preventing and protecting people from fire and other risks or responding swiftly and effectively to the incidents and emergencies that occur 24 hours per day/7 days per week/365 days per year.

The Brigades have attended 847 incidents in 2024. These incidents included a number of road traffic collisions, house fires, ambulance assists, car fires, chimney fires and automatic fire alarm activations. All Fire Brigades were busy on the 7th December, 2024 during Storm Darragh attending fallen trees, structural damage to properties and making numerous scenes safe.

Recruitment of Retained Firefighters

Our second recruitment campaign has commenced to recruit Fire Fighters in Castlecomer, Freshford, Urlingford, Thomastown and Graiguenamanagh. Interviews have been carried out. All new recruits will undergo extensive initial training to equip them with the skills to be a Retained Firefighter. As well as responding to emergency calls and undertaking community fire safety initiatives, Retained Firefighters attend weekly training nights to maintain competency levels and undertake routine checks on their equipment.

Fire Appliances

Kilkenny County Council's Fire and Rescue Service maintain fire appliances in all seven Fire Stations throughout the County. Kilkenny County Council Fire and Rescue Service have a Command and Control vehicle, 2 seater electrical fire vehicle and a Class B Fire Engine being built at present. These should be delivered in early Q3 2025.

Community Fire Safety Programme

Kilkenny Fire and Rescue Service continue to deliver the National Directorate Fire and Emergency Management Primary Schools Programme. It is targeted at all Third Class Primary School children. The Fire Authority has delivered this programme from inception in 2006 and every year subsequently (*except during the recent pandemic*). Over 20,000 pupils have participated in the Primary School's Programme to-date.

Training

Kilkenny County Council's Fire and Rescue Service are obliged under the Fire Services Acts 1981 and 2003 and the Safety, Health and Welfare at Work Act 2005 to ensure that our Fire-fighters and Officers are adequately trained and competent to deal with tasks and varying roles they may encounter in the performance of their duties.

All personnel responding to Fire and Rescue Service incidents require a minimum level of training to meet core requirements. In addition, many personnel also require further training for specialist or supervisory roles. Furthermore, a number of Fire and Rescue Service personnel have completed Instructor courses in order that they in turn can instruct and direct delivery of training sessions/courses. Personnel also require appropriate refresher training in all of the above throughout their careers, generally delivered either through on-station training or through specific refresher courses.

A water awareness course was held in Graiguenamanagh Fire Station. Instructors on the course are external. This course provided practical training on the knowledge and skills that are required to enable Firefighters to safely operate near water.

LIBRARY

Winter Reading Challenge for Adults

In December, Kilkenny County Council Library Service launched a new winter reading challenge to encourage adults to take time out and read 4 books over the Christmas period. The challenge ran until 14th January and adults who successfully received their 4 stamps will be entered into a draw to win a fabulous reading hamper. Borrowers can sign up for the challenge and collect a bookmark at their local library branch for free.

Upgrades to Public Access PCs and printing services

In the final quarter of 2024, considerable work was done to upgrade the public access PCs and printing services across our branch network. This has resulted in an enhanced user experience with uniformity across our branches, greater ease logging onto public PCs and the ability to book an adult PC session from home in advance.

Library users who wish to send their prints via email and collect at their local library can now do so via two centralised email addresses. This offers greater flexibility as users can now send their print to a dedicated email address for either black and white or colour prints and collect from any of the branches which offer this service. Surfbox printing is currently available in Castlecomer, Ferrybank, Loughboy, Graiguenamanagh and Mayfair libraries.

Black and White printing: print.bw@pcg.ie

Colour printing: print.colour@pcg.ie

Thomastown Library Update

- Roof guttering and roof cladding near completion.
- Front entrance floor poured.
- M&E containment has commenced.

Library Activities

This month we held lots of activities and events across our libraries.

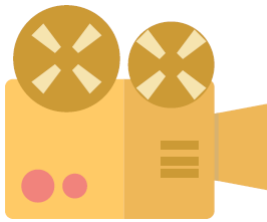

These events included:

- A performance by the Lady Desart Choir in the Mayfair Library
- A Christmas arts and crafts class for children in Loughboy Library
- A Christmas movie night in Ferrybank Library
- A talk on birds and their behaviour in Graig Library
- A toddler Christmas party in Castlecomer Library
- A lino printing workshop in Thomastown Library
- A chair yoga class in Urlingford Library
- A winter art exhibition in Callan Library

Online Services Usage

Digital Engagement

Library staff prepared, recorded, edited and published 193 posts and videos on our social media platforms in December. Our engagements for the month were 6,365 and our videos and reels had 10,830 views. Our virtual newsletter was sent to 7,989 email accounts.

Alignment with the Sustainable Development Goals

Here are 2 ways in which Kilkenny County Council Library Service helped to further the United Nations Sustainable Development Goals in December:

SDG 17: Partnership for the Goals

Staff in Loughboy Library teamed up with staff from Kilkenny Carlow ETB to deliver the Hug Your Book programme – a programme designed to equip parents with the necessary skills to make reading fun and promote language and literacy development in their children.

SDG 9: Industry innovation and infrastructure

Staff in the Mayfair Library welcomed students from Youthreach for an “Introduction to 3D printing” workshop in the makerspace.

ARTS

Community Arts

As part of Creative Kilkenny 'Creative Christmas Connections' programme individuals joined Kilkenny Arts Office to contribute their stitches to a large community embroidery sampler featuring beautiful motifs relating to textiles, mending, and the natural world. Three sessions were held in Vincent's Charity Shop Kilkenny and the Tea House, with thirty attendees in total. The Community Embroidery Sampler Project is part of the Waste Not Want Not Community Climate Action Programme.

Participants contributing to the Embroidery sampler

Poetry Broadsheet

Kilkenny Arts Office will celebrate the 25th Anniversary issue of the Kilkenny Poetry Broadsheet in 2025. The aim of the Kilkenny Poetry Broadsheet is to give local writers a platform for their work, whether they have been published previously or not. Enda Wyley is confirmed as the 2025 editor who is a poet, children's author and teacher and has published six collections of poetry. Enda has been poet-in-residence for many projects and institutions, including The Coombe Maternity Hospital, Dublin, The Bealtaine Poetry and Film Project and *The People's Acorn*, a sculpture project with sculptor Rachel Joynt for Áras an Uachtaráin, the Official Residence of the President of Ireland.

Artist Gathering Event

Kilkenny Arts Office delivered an evening of food, chat, music and networking for local artists of all artforms in Harry's Bar, Langton's on 4th December, 2024. This panel discussion 'Exploring Artist Supports' with artists Gillian Grattan, Thomas Duffy and Anne Tannam shared their journeys as recipients of Arts Office bursaries and supports, offering a glimpse into how these have influenced their careers and creative practices. The gathering was an opportunity for fellow artists to connect and gain insights into the impact of support, financial or otherwise. The aim for the event was that the audience would acquire a comprehensive understanding of the diverse range of supports provided by the Arts Office, acknowledging that there is more support available to them than merely financial assistance. The event was well attended with 33 people in attendance.

2025 Grants and Bursaries

Kilkenny Arts Office is delighted to announce their annual call out for applications for the Arts Act Grants, Artists' Residency Awards and ArtLinks Bursaries for 2025. The Arts Act Grant provides financial assistance for the purposes of stimulating public interest in the arts and is open to anyone who wishes to promote Arts in any artform. The Artists' Residency Awards aims to support both established and emerging artists by providing them with a residency at either Tyrone Guthrie Centre in Monaghan or Greywood Arts in Cork.

The ArtLinks Bursary is designed to support artists to develop their practice by providing artists with the time and resources to think, research, reflect and critically engage with their art.

The closing date for applications for the ArtLinks Bursaries is 4.00 pm, Monday 20th January, 2025. The closing date for applications for the Arts Act Grant and the Artists' Residency Awards is 4.00 pm, Monday 27th January 2025. For further information and application forms for all grants and bursaries, visit the Kilkenny Arts Office website - www.kilkennyartsoffice.ie .

Breaking the Patterns

Breaking the Patterns Programme offers a three-month artist residency and work placement programme for emerging visual artists in Lisbon, Portugal. This programme is a partnership between Carlow, Kilkenny, Waterford, and Wexford Local Authority Arts Services and Capacity Ireland and as part of Invitation to Collaboration and Creative Europe. The programme is designed to target, support and engage with emerging Irish Visual Artists, who may not have the means to develop their artistic practice due to barriers such as financial, social or lack of support to do so. Sarah Jones Kelly is the successful artist from January to April 2025.

Artists Professional Development Programmes

The Arts Office have confirmed their first two Artists Professional Development Programmes for 2025. 'Performing Arts' in partnership with the Irish Theatre Institute programme will commence in January and will include Script Development Workshops, One-on-One Mentorship Sessions and In-Conversation Sessions. The second programme is 'Visual Arts' in partnership with Big Look Arts which will help meet the needs of visual artists in Kilkenny by providing funded participation in a structured learning programme which will focus on contemporary visual art practice. The programme is based on current international trends, studio practice, and how to attract opportunities in this field, with the chance for participants to learn both from mentors and each other through a lively exchange of ideas and work.

Creative Ireland

During December the Creative Ireland Programme in Kilkenny supported a variety of projects which included Christmas Miscellany at Rothe House. Collaborative projects demonstrate the increased levels of raising awareness and impacts of consolidated efforts. The collaborative efforts significantly strengthened relationships with internal departments and showcased the enthusiasm and contributions from individuals of all ages.

Creative Kilkenny along with the Climate Action Office and the Biodiversity Office created 'Gaia: Goddess of the Earth' Christmas tree for the community display of Christmas trees at St Canice's Cathedral. The symbolism of the installation aimed to represent life and the interconnectedness of all living things. Crafted from foraged and upcycled materials, featured elements of nature. The white lights at her feet represented the mycorrhizal network. The tree was well received by the community and the festival itself was visited by 3,380 visitors. All the items included in the display were readily reintroduced back to nature after the event.

Age Friendly 'Creative Christmas Connections' workshops was a collaboration with Age Friendly Kilkenny, the Arts Office Community and Creative Kilkenny. The workshops have greatly improved social inclusion among older adults. Participants felt more connected and encouraging others to join. Conversations sparked ideas for future workshops and broader community engagement through pop-up outreach. The workshops fostered a sense of belonging and reduced isolation, with participants providing honest feedback through evaluations. They also built meaningful relationships with Kilkenny County Council staff, and local service providers. The age-friendly programme engaged a diverse demographic with interactive activities, strengthening community connections. Overall, the initiative promoted a more inclusive and supportive environment, with qualitative data guiding 2025 programme planning.

BIODIVERSITY

Kilkenny Swift Project

Swifts are a migratory bird who spend their summers in Ireland. They prefer to nest in cracks and crevices, unfortunately their numbers are in decline due to the loss of nesting sites. The Kilkenny's County Swift Report 2021 recommended additional nest boxes in the James Stephens Army Barracks to support their existing swift population. With the assistance of Kathryn Finney of BirdWatch Ireland and Lt O'Dwyer of the 3 Infantry Battalion, 12 triple cavity nest boxes were installed on site with four caller systems. Kilkenny County Council would like to acknowledge and thank Lt O'Dwyer for his assistance in getting the permissions to get this project over the line. This project was part funded by the Local Biodiversity Action Fund provided by the National Parks and Wildlife Service.

Swift Nest Boxes installation in progress at James Stephens Army Barracks

The Biodiversity Officer continues to collaborate with other agencies with suitable sites identified in Kilkenny's County Swift Report to encourage swift box installation as a positive biodiversity action to support swift populations.

The public consultation on Kilkenny's Draft Biodiversity Action Plan closed on Wednesday 18th December 2024. It received 8 submissions which will be processed and amendments made to the draft plan where deemed necessary. The final plan will be brought forward to the full Council for adoption and launched in 2025.

FINANCE

The expenditure by Service Division to the end of December is set out in Table 1. Total Expenditure for the period was €129.1m compared with the Annual Budget of €111m.

Increased Cost of Business (ICOB) Grant Scheme

As part of Budget 2024, the Government signed off on a package of €257m for the Increased Cost of Business (ICOB) Grant as a vital measure for small and medium Enterprises. This rollout was managed through the Local Authorities and funded by the Department of Enterprise, Trade and Employment (DETE). Eligible businesses will receive a once-off grant which will be based on the value of their Commercial Rates Bill in 2023. A total of 2,450 grants were paid out up to 31st October, 2024 with a value of €4,394,000. The scheme closed on 27th September, 2024 and the online portal closed on 25th October, 2024.

Power Up Grant

As part of Budget 2025, the Government has announced a new €4,000 grant called Power Up, to assist businesses in hospitality, retail and beauty sectors. This rollout is being managed through the Local Authorities and funded by the Department of Enterprise, Trade and Employment (DETE). The main eligibility criteria are the same as for the Increased Cost of Business Scheme: Kilkenny County Council has, to date, paid out €3,360,000 in Power Up Grants to 840 businesses. Businesses that were in operation in 2023, but did not qualify for ICOB because they were not valued, and now rated are now eligible for the grant. 40 businesses have been contacted with details on how to apply. There has been no decision from the Department of Enterprise Trade and Employment on the treatment of businesses that were mis-classified and could not apply for Power Up.

Rates Revaluation
