2018 Financial Review

1. Introduction

The Council's 2018 Annual Financial Statement (AFS) has been prepared in accordance with the requirements of the Department of the Housing, Planning, Community and Local Government Guidelines. In the adoption of FRS102, the financial statements have been renamed as per the new naming conventions.

2. Statement of Comprehensive Income (formerly Income & Expenditure Account)

The total expenditure incurred in the provision of services by the Council in 2018 was €84.6m. The surplus for the year was €7.1k bringing the cumulative surplus to date to €17.8k. It is critical that expenditure matches the available income on an ongoing basis.

3. Financial Position (formerly Balance Sheet) at 31st December 2018

The Council has maintained a relatively strong balance sheet as at December 2018. There was no additional non-mortgage loan finance required during the year. The net cash on hand has increased to €15.8m as at December 2018. The overdraft facility was utilised during the year on 26 occasions. The maximum overdrawn balance was €2.3m.

Further progress was made on reducing income arrears in 2018 on rents and housing loans. The collection on commercial rates reduced to 93% in 2018, mainly as a result of the impact of appeals to the valuation tribunal. The historic collection rates on the main income categories are set out in Table 1.

Table 1	Collection %	Collection %	Collection %	Collection %
	2015	2016	2017	2018
Commercial Rates	92	94	95	93
Rents & Annuities	92	93	92	93
Housing Loans	82	80	85	88

These collection rates remain among the highest of all local authorities.

4. Capital Project Funding Arrangements

The total expenditure on capital projects delivered under the Capital Programme in 2018 was €48.3m. Housing and Roads accounted for 87% of the total expenditure. The outstanding commitments on completed capital projects amounted to €12m as at December, 2018. The annual budget provides for repayment of this commitment over a period of 8 years.

The Council adopted a Capital budget for the three year period 2018 to 2020 in May 2018. This budget sets out the estimated cost of the capital projects under consideration and the related funding sources.

This capital budget will be updated and presented to Council in the coming months. The Council can only initiate capital projects that have an identified funding source.

5. Conclusion

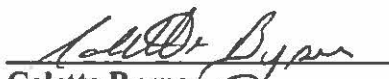

Current financial constraints mean the Council must meet increased demand with less resources. It is essential to have effective performance management and cost control within the council. The Council remains focussed on delivering value for money services and capital projects where resources permit.

Audit Opinion

To the Members of Kilkenny County Council

I have audited the annual financial statement of Kilkenny County Council for the year ended 31 December 2018 as set out on pages 5 to 26, which comprises the Statement of Accounting Policies, Statement of Comprehensive Income, Statement of Financial Position, Statement of Funds Flow and Notes on and forming part of the Accounts. The financial reporting framework that has been applied in its preparation is the Code of Practice and Accounting regulations as prescribed by the Minister for the Environment, Community and Local Government.

Responsibilities of the Council and the Local Government Auditor

The Council, in accordance with Section 107 of the Local Government Act, 2001, is responsible for the maintenance of all accounting records including the preparation of the Annual Financial Statement. It is my responsibility, based on my audit, to form an independent opinion on the statement and to report my opinion to you.

Scope of the audit of the financial statement

I conducted my audit in accordance with the Code of Audit Practice, as prescribed under Section 117 of the Local Government Act, 2001. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the annual financial statement. It also includes an assessment of the significant estimates and judgements made in the preparation of the financial statement, and of whether the accounting policies are appropriate to the Council's circumstances, consistently applied and adequately disclosed.

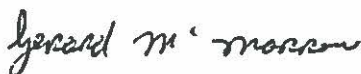

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide sufficient evidence to give reasonable assurance that the annual financial statement is free from material misstatement, whether caused by fraud or error.

Opinion on the financial statement

In my opinion the annual financial statement, which has been prepared in accordance with the Code of Practice and Accounting Regulations for local authorities, presents fairly the financial position of Kilkenny County Council at 31 December 2018 and its income and expenditure for the year then ended.

Statutory Audit Report

I have also prepared an associated audit report as provided for in Section 120(1)(c) of the Local Government Act, 2001.

Gerard McMorow
Local Government Auditor

Date: 30th August, 2019

STATEMENT OF ACCOUNTING POLICIES

1. General

The accounts have been prepared in accordance with the Accounting Code of Practice (ACoP) on local authority accounting, as revised by the Department of Housing, Planning, Community and Local Government (DECLG) at 31st December, 2018. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'.

The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS.

Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

3. Accruals

The revenue and capital accounts have been prepared on an accruals basis in accordance with the Code of Practice.

4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non-mortgage related loans

4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authority to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to asset/grants and revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

Footnote: From 2017 onwards, local authorities no longer retain PRD locally. Accordingly, an upward adjustment was made to the LPT baseline of each local authority, to include an additional amount equivalent to the PRD income retained by local authorities in 2014.

6. Overheads

Within the Service Division structure, there are certain costs that can be attributed to more than one division. These costs are defined as Service Support Costs. The net Service Support Costs are allocated on the basis of the cost drivers attributable to each division.

7. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

8. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad & doubtful debts.

9. Fixed Assets

9.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in Note 1 to the accounts.

9.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

9.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Finance Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DECLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

Asset Category	Basis of Valuation
1. Land	Depending on anticipated use, it is valued at either: (a) Cost plus allowable rolled up charges or estimated allowable costs, or (b) Market value.
2. Local Authority Housing	Market value with vacant possession
3. Buildings	Depending on the use of the building (a) Market value (b) Current replacement cost
4. Plant & Machinery, Equipment, Furniture	Estimated current value taking account of condition
5. Road Network	Value based on the current cost of replacing the existing network

9.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature, the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

9.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DECLG.

9.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on the Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement). All assets other than the road network, heritage, library books, buildings and housing are depreciated.

The policies applied to assets subject to depreciation are as follows:

Asset Type	Bases	Depreciation (%) P.A.
Plant & Machinery		
- Long Life	S/L	10
- Short Life	S/L	20
Equipment	S/L	20
Furniture	S/L	20
Heritage Assets		Nil
Library Stock		Nil
Playgrounds	S/L	20
Parks	S/L	02
Landfill sites (*See note)		
Water Assets		
- Water Schemes	S/L	Asset life over 70 years
- Drainage Schemes	S/L	Asset life over 50 years
Roads		Nil

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

***The value of landfill sites has been included in Note 1 under land. Depreciation represents the depletion of the landfill asset.**

10. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

11. Development Debtors & Income

Short term development levy debtors are included in Note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

12. Debt Redemption

The proceeds from the early redemption of loans by borrowers are applied to the redemption of mortgage related borrowings from the HFA and OPW.

13. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long term creditors. The funding element of lease principal is transferred and offset against a lease repayment reserve in a similar manner to non-mortgage related loans.

14. Stock

Stocks are value on an average cost basis.

15. Work-in-Progress & Preliminary Expenditure

Work-in-Progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

16. Interest in Local Authority Companies

The interest of Kilkenny County Council in companies is listed in Appendix 8.

17. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

- a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;
- b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and
- c. follow a code of conduct issued by the Minister for the Environment, Community and Local Government under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Planning, Community and Local Government in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements. Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

18. Management of and Accountability for Grants from Exchequer Funds
