## **2. (c) *Cáin Mhaoine Áitiúil - Local Property Tax***

Mr. Martin Prendiville, Head of Finance referred Members to the Chief Executive's Report circulated with the Agenda. He advised that following the Government announcement that revaluation of properties will take place and therefore the decision on the Local Property Tax (LPT) is required by 31<sup>st</sup> August, 2021. It is a statutory requirement to determine the LPT liability for tax payers for 2022. He referred to the challenges from Covid 19 for the 2021 Budget. Support from the Government will be required again in 2021. Compensation will be required to offset the losses in income in rates and car parking charges. The scale of reduction in income streams will continue to have a significant impact on our Budget for 2022. Further national financial support will be required in 2022 to avoid severe cuts in services. He referred Members to the report which outlines the huge range of community and voluntary projects which are supported by Kilkenny County Council. The Council uses its discretionary funding to provide match funding for many national funding streams and assistance for local schemes and these projects would not be delivered without the Council's assistance.

The LPT and Rates accounts for just under 40% of our income on an annual basis. The Government have announced that the LPT bands are being changed. In relation to Kilkenny, 90% of all residential properties in Kilkenny are in Bands 1, 2 and 3. It is likely that 90% of the residential properties will not see any substantial change in the LPT. Currently the LPT yields an additional €1.1m in income to the Council. The Chief Executive is recommending that the Elected Members maintain the LPT as set at the 2021 level and that the local adjustment factor remains the same as that which applied from November 2020 to November 2021.

Cllrs. Mary Hilda Cavanagh and Andrew McGuinness thanked Ms. Byrne for her detailed report and Mr. Martin Prendiville for the overview today. They thanked both for dealing with all Members queries in advance of the meeting.

It was proposed by Cllr. Mary Hilda Cavanagh, seconded by Cllr. Andrew McGuinness that:

*"We, the Members of Kilkenny County Council in pursuance of the provisions of Section 20 of the Finance (Local Property Tax) Act, 2012 (as amended), hereby resolve that from the period 1<sup>st</sup> November, 2021 to 31<sup>st</sup> October, 2022 the local adjustment factor shall remain the same as that which applied from 1<sup>st</sup> November 2020 to 31<sup>st</sup> October 2021 in respect of relevant residential properties situated in the administrative area of Kilkenny County Council. The invariable rate shall take effect from the liability date in the year in which notification is sent to the Revenue Commissioners".*

**47 (21) Mayo County Council**

"That this Council calls on the Minister for Social Protection and the Government to carry out a review of the Carer's Allowance Scheme and the Carer's Benefit Scheme. In the case of the Carer's Benefit Scheme that the cap of 2 years duration should be removed. In the case of the Carer's Allowance Scheme that the assessment of the Carer and their spouse/partner/co-habitant should be based on net income and not gross income as is currently the situation. We are requesting the Minister to offer the HPV Vaccine free of charge to ALL secondary school students."

**51 (21) Clare County Council**

"Due to recent events, that the Department of Health provide funding to all communities throughout County Clare for defibrillators and training. There needs to be more than one covering each area."

**52 (21) Waterford City & County Council**

"Adult literacy limitations can prevent people from taking a full and active part in our economy so it is vitally important that all possible supports are provided to deal with the issue. The Labour Court has made a recommendation in relation to a claim brought by SIPTU and TUI in respect of regularising the terms and conditions of Adult Education Tutors employed by Education and Training Boards. This recommendation has been under consideration by officials from the Department of Further and Higher Education; Research;

Innovation and Science; the Department of Education; and, the Department of Public Expenditure. It is now over 5 months since the Minister of State at the Department of Further and Higher Education, Research, Innovation and Science (Niall Collins TD) in reply to a parliamentary question in early December 2020 said that the Labour Court recommendation was still under consideration by officials, and he did not advise when this would be completed. We propose that Waterford City & County Council write to Minister Simon Harris, and cc Ministers Michael McGrath and Norma Foley, and Minister of State Niall Collins, to call for the implementation of the Labour Court recommendation to be treated with the importance and urgency that it deserves."

**53 (21) Meath County Council**

"That Meath County Council call on the Government to explore the German Sparkasse Community Banking model, to provide balance for the Irish Banking system and to avoid potential banking monopolies which could damage availability at reasonable cost, to necessary finance for our citizens."

**54 (21) Meath County Council**

**55 (21) Kerry County Council**

"That the Department of Education would give all schools an allocation of hours for a dedicated Home School Liaison Officer (*similarly the allocation of Guidance Counsellor hours for Covid-19*) to work with families on the reintegration of their children whom Covid-19 had an impact on their attendance and therefore their learning."

**56 (21) Sligo County Council**

"To call for funding to be made available for the provision of small wastewater treatment systems in local villages throughout the country."

**57 (21) Donegal County Council**

"I propose that Donegal County Council write to the Minister of Health, Stephen Donnelly, Chief Clinical Officer, Colm Henry and HSE Director General Paul Reid, calling on them, as a matter of urgency, to make Patisiran available to everyone in the 26 Counties who require this life-changing drug. Furthermore, I ask Donegal County Council to circulate this motion to all other county Council in the 26 Counties to ask them for their support in this matter."

**58 (21) Donegal County Council**

That Donegal County Council calls upon the Dublin Government to expel the Israeli Ambassador and staff in the Israeli Embassy in order to demonstrate the Irish people's disgust at the slaughter of innocent civilians and children in Gaza and the occupied West Bank and that we as a Council:-

- Fully support the international campaign of BDS (*Boycott, Divestment & Sanctions*).
- And that this Council invites the Palestinian Ambassador to Ireland, Dr. Jilan Wahba Abdalmajid, to address this chamber so that we, the elected local government representatives in County Donegal may learn at first hand of the situation in Gaza and the occupied territories."

**59 (21) Donegal County Council**

"That this Council make serious representation to An Taoiseach and the Department of Foreign Affairs as regards the treatment of the families and friends of the Ballymurphy 10, who were shot dead by the parachute regiment. After 50 years waiting for justice, let the British Government treat these people with humanity and dignity and apologise to the family and friends of the innocent lives that they took."

#### **60 (21) Dún Laoghaire-Rathdown County Council**

"It is the policy of this Council not to purchase goods or services, produced or provided in whole or in part (as practicable) from illegally occupied territories by illegal settlers and that any such contracts should cease as soon as allowed.

We ask that a copy of this motion if successful is sent to each Local Authority.

#### ***Footnotes:***

2. *Illegal Settlers:* a Member of the civilian population of an occupying power whose presence within the relevant occupied territory is being facilitated by the occupying power.
3. *Occupying Power:* as defined by fourth Geneva Convention."

#### **61 (21) Wicklow County Council**

"That as part of the conditions for planning applications for new housing estates, developers must install Automated External Defibrillators (AED's). We are also calling on the Minister to instigate a review in order to install AED's in all existing residential developments across Ireland. 70% of cardiac arrests happen at home, every minute that there is a delay in acting reduces the person's chance of survival by 10%. Having the AED close at hand provides a vital link in the chain of survival and offers the person, adult, baby, or child the best chance of surviving a cardiac arrest."
