RE: ROAD WORK SCHEME 2021

DATE: 13TH April, 2021.

Dear Elected Member,

Please find attached Road Work Scheme for 2021. Each individual municipal has reviewed and agreed the programme at Municipal District meetings held in March 2021. As you will see from the report, the increase in funding from the Department of Transport has continued and is making a significant improvement to our local and regional road network.

In conclusion I recommend approval of the members for the Road Works Programme 2021.

Yours Sincerely,

Tim Butler
Director of Services
