seting legacy in resource by resident data across the associations across the city be and a secondary associations across the city beautiful associations across the city beautiful associations across the city of the secondary across the city of the secondary across the city of the inaugural period of the proposers, worked with the community driven with t

years, different programmes and activities will be devel-

ties to take action locally and keep their neighbourhoods

Chairman of Kilkenny County Council, Cathao-

irleach Pat Fitzpatrick was delighted to be at the launch, which was also attended by the corporate stakeholders.

"I must compliment the man-

agement of Kilkenny County Council for progressing this initiative, I believe, the plan-ning stage was stalled with

the onset of Covid but I think

Let's Team Up to Clean Up, Together for Kilkenny has

nities throughout the county. I would also like to thank

the corporate sponsors who have come on board with this initiative and who share the Council's vision of em

powering local communities for the betterment of the en-

together to launch this initia tial, and I hope prominen community leaders put their shoulder to the wheel to enpilot event, in Kilkenny City on the 9th of October, this will pave the way for a larger, county wide event planned to coincide with St Brigid's Day, the new public holiday which will occur on the first weekend in February next year. Registration for both events can be completed via https://cleanup.kilkenny.ie/.

Mayor of Kilkenny City, Cllr David Fitzgerald commented

October Event Preparation

Event Day

Event Day

February 2023

- Aim to Register 200 Groups circa 3,000-5,000 volunteers
- Some good experiences and learning outcomes achieved by running the pilot event
- Health and Safety Risk Assessment Required for the County Wide Event
- Early Registration is important in order to prepare for the February Event
- New Promotion for February 2023 starting within the next fortnight

How Can this Event Benefit your Local Area

- Flowering bulbs available for every registered group
- Free litter picking pack for every group which may entice them to keep their area litter free in the future
- An opportunity to connect with key people and promote the works of your tidy towns group
- The more groups we get out, the greater the impact on litter louts

How Can You Help

Encourage Registration Locally

Registration is open to all groups, the more individual groups register the better

Encourage Early Registration

The county wide event will be difficult logistically, so the more advance preparation we have pre Christmas, the more successful the February event.

THANK YOU Any Questions?
