ROADS

MAJOR PROJECTS

N24 Waterford to Cahir Scheme

Date for Publication of the Option Selection Report is Q3 2024.

MINOR PROJECTS

N77 Ballyragget to Ballynaslee

Construction of the scheme commenced on Tuesday 6th February 2024 with an expected 12-month time frame. Works are progressing well and are on schedule.

N24 Carrick Road

Kilkenny County Council has received formal notification that An Bord Pleanála has approved the 177AE Planning Application subject to conditions and has confirmed the CPO without modifications as of the 20th March, 2024. An application for a Judicial Review of the decision by An Bord Pleanála was lodged with the High Court by 3 applicants in May 2024. Based on current information available the timeline for the Judicial Review process will extend into 2025.

PAVEMENT SCHEMES

N76 Callan Bypass Pavement Scheme.

TII have advised that it is in order to complete the design process and to proceed to tender in anticipation of award as soon as funding can be confirmed. Approval to award the tender is subject to TII approval.

South North Access Road - Ferrybank

The South North Access Road (*Belmont Road to Abbey Road*), Ferrybank Scheme was lodged for planning in September 2024 with final submissions by October 25th.

The scheme is c.940m in length with:

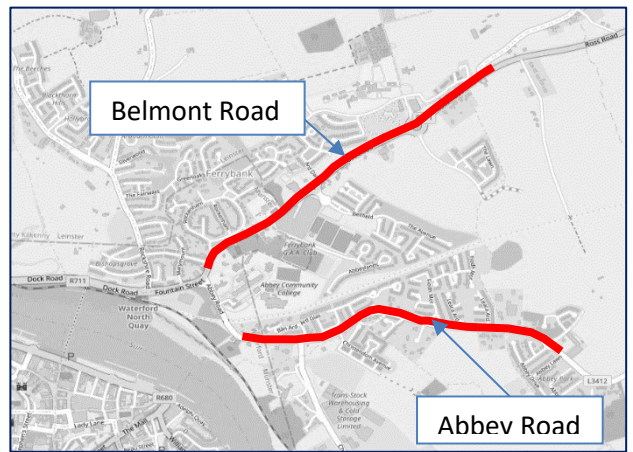

- Two signalised crossroad junctions
- Segregated pedestrian/cycle facilities
- Two zebra crossings
- Off-line bus stops
- Greenway car park (*c.172 parking bays*)
- Link to Greenway; and
- Accommodation works

Sustainable Links -Ferrybank

The appointment of a Consultant for the sustainable links, Ferrybank Scheme will be completed in October 2024 for all stages of works (*Design, Part 8, tendering for construction, Resident Engineer and handover*).

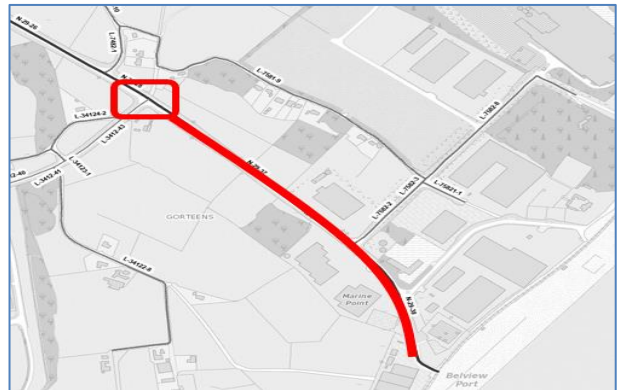

The works will include traffic calming and active travel measures over c.3km of road on Belmont Road and Abbey Road.

N29 Belview Port Road

The appointment of a Consultant for the N29 Belview Port Scheme will be completed in October/November 2024 for Design, Part 8 and tendering for construction.

This includes Traffic calming measures along c.900m of the N29 and junction improvements from the L3412 junction to the IDA Business Park south to the port access. It is intended that this will allow the reduction of the speed limit to permit access for developments onto the N29.

CBS School

Works on the road accessing the CBS School will begin along Talbotts Court/Talbotts Gate as per the Part 8 Loughmacask Link Road Phase 1(a).

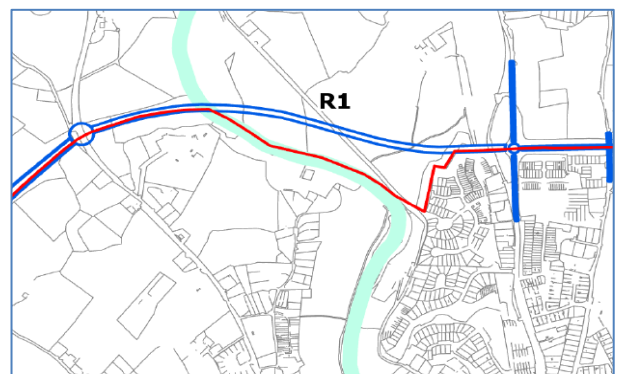

A road closure between the two estates will reduce the project timeline and see the majority of civil works between Talbotts Gate and the school completed before the year end 2024.

Kilkenny City North Transport Project

A full package of Gateway 1 appraisal documents was submitted to the Department of Transport at the beginning of August 2024. This was submitted following consultation with the Department on the necessary documents for the submission.

A breakdown of project costs for years 2024-2027 was submitted to the Department for the required funding allocation to progress the project.

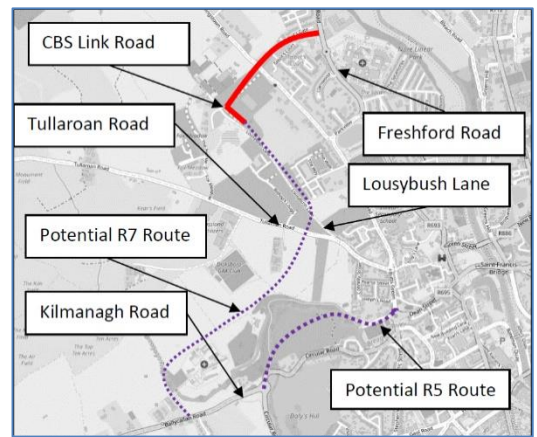

R7 & R5 Traffic Modelling

The Department of Transport provided a specific improvement grant in 2024 for Kilkenny City Traffic Analysis (*Butts Green Junctions*).

The grant was used to appoint Consultants to conduct Traffic Modeling Assessment of the R7 (*Kilmanagh Road to CBS School*) and the R5 (*Kilmanagh Road to Dean Street*)

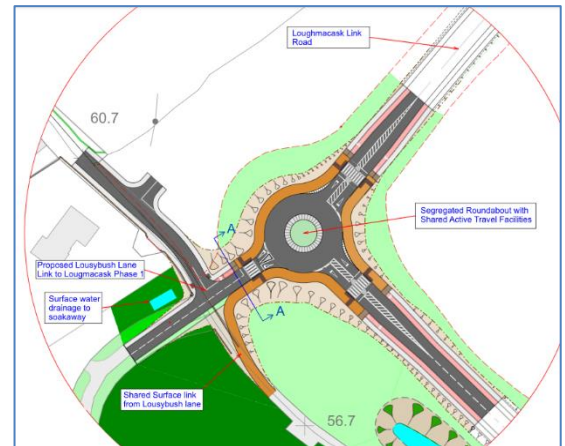

The findings of the assessment will be presented by the Consultants in November 2024.

Lousybush Lane link to CBS

The appointment of a Consultant for the Part 8 Lousybush Access Road Scheme will be completed in October/November 2024 for Detail Design and tendering for construction.

The Scheme will link the houses to the northern extents of Lousybush Lane to the CBS link road which will in turn allow the existing Lousybush lane to be repurposed as a shared use facility for cyclists and pedestrians as per the Loughmacask masterplan.

ENVIRONMENT

CLIMATE ACTION

Decarbonising Workshop

Kilkenny County Council hosted Local Authority Climate Action Teams from around the country to a full day Workshop on Decarbonising Zones: Challenges and Opportunities (*Built Environment*) on 25th September. The event, coordinated by the Climate Action Regional Office (CARO), and hosted by Kilkenny County Council, was attended by 82 Local Authority staff engaged in delivering climate action.

Attending the Decarbonising Zones and the Built Environment Workshop in Kilkenny on 25th September 2024 were staff of Kilkenny County Council Climate Action Office, CARO, the Heritage Council and KPMG.

Spotlight on Community Climate Action

The Community Climate Action Officer is continuing to visit each of the 22 communities who were awarded a total of €511,000 funding under Community Climate Action Programme. The objective of the funding is to support and empower communities to take climate action. Here's a snapshot of four communities as they prepare to start work on their projects. To see all the communities who received funding under the Community Climate Action Fund see our [Story Map](#).

Castlecomer Enterprise Centre

The Enterprise Centre Castlecomer is making their building more energy efficient and comfortable by insulating their ceiling and upgrading their heating and lighting.

Happe House & Millennium Court, Kilkenny City

Happe House & Millennium Court Group are installing a new polytunnel and raised beds to sow vegetables all year round. They are installing composters to recycle their garden and kitchen waste and sowing an edible native hedge which will become a bee friendly corridor and help store carbon.

Stoneyford Community Hall

Stoneyford Development Group are making the Community Hall more energy efficient and comfortable by upgrading the lighting, insulating the walls, installing thermal window blinds and upgrading the external doors.

They are also installing a bike rack and bike repair station and planting pollinator friendly plants in the garden.

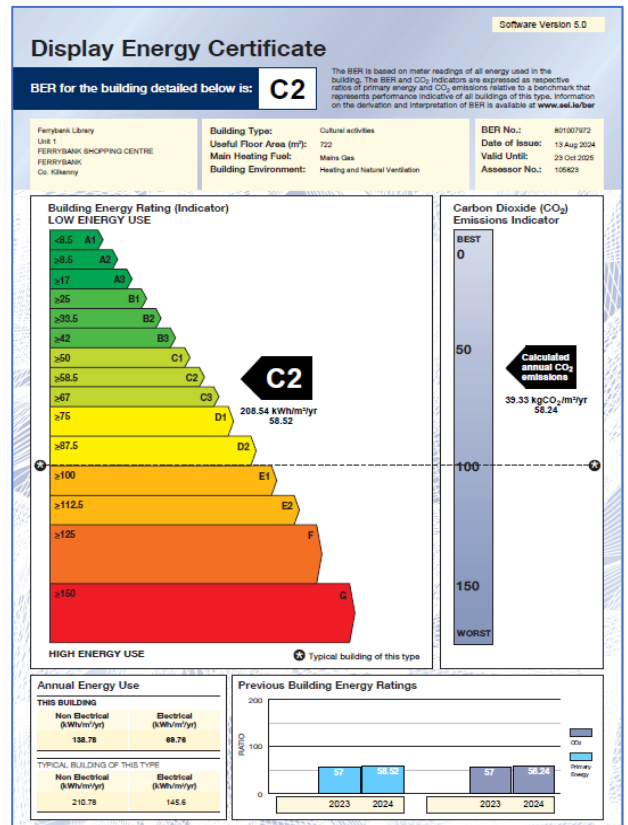

Piltown AFC

Piltown AFC are installing a bike rack to encourage people to cycle to the grounds and planting a native hedge on the perimeter of their new soccer pitch to help store carbon.

Energy Certs for Council Buildings

Display Energy Certs (DEC's) were completed for 7 Council buildings. A DEC is an annual assessment of the energy performance and carbon emissions of the building over a 12-month period. It includes recommendations on actions to reduce energy and emissions and must be displayed in a prominent position in the building to raise awareness.

Building	Rating
County Hall	D1
City Hall	E1
Johns Green House	C2
Ferrybank Library	C2
Loughboy Library	B1
The Watershed Leisure Centre	C2
Graiguenamanagh Library	B1

Energy Audits

Energy Audits were completed for 3 Council Buildings including the Road Design Office (No. 1 Dean Street), KRSP Office (No. 5 Dean Street) and the Carnegie Library. The audits examine the building fabric, heating systems, internal lighting and energy cost and consumption for a 12-month period and make recommendations on actions to reduce energy and emissions.

The findings of the Energy Audits are used to develop a list of priority projects for the Council which when implemented will help us to achieve our statutory emissions and energy reductions targets.

A series of Free Electrical Recycling Days took place throughout the Month of August in Kilkenny. This was a collaborative program between the Environment Department of Kilkenny County Council and WEEE Ireland as well as our local community and Tidy Towns organisations. Any household waste electrical items, batteries or energy saving lightbulbs were accepted. From fridges to phones, laptops to lawnmowers, toys to power tools and everything in-between.

Team Up to Clean Up-Together for Kilkenny

This year's "Team Up to Clean Up" took place from the **20th to 22nd September, 2024** led by Kilkenny County Council in a collaborative effort to promote environmental stewardship, leading sponsors including Dawn Meats, Tirlán/Glanbia Plc, Panda, PRL and the John O'Shea Trust joined forces to support this essential community initiative.

Over the course of the weekend, over 120 registered groups participated with an estimated 4,000 enthusiastic volunteers engaged in litter picking across the County reinforcing the community's commitment to maintaining a clean and vibrant environment. This included 35 schools across the City and County. Volunteers not only contributed to a cleaner environment but also became ambassadors for sustainable practices that mitigate littering in the long term.

Composting & Recycling for Schools Programme August 2024

As part of the “Team Up to Clean Up-Together for Kilkenny” Campaign for 2024, **20 primary and secondary schools** involved in the Green Schools Programme have registered to participate in the award-winning Composting and Recycling for Schools Programme.

The aim of the programme is to help schools prevent waste, improve recycling and set up, start or improve on-site composting systems to reduce waste, save money and combat climate change. The programme also helps schools improve their gardening efforts and increase biodiversity around their schools. All of these activities assist schools with attaining their Green School Flags and reaching their Sustainable Development Goals. In addition, the programme gives teachers access to a wide variety of fun, participatory and interactive activities for school children to learn about waste prevention, recycling, composting and gardening. These activities support children’s understanding of the underlying principles of ecology, biology and biodiversity that underpin all life on our planet.

Each participating school will receive a €250 voucher to spend on in-school collection caddies, indoor recycling bins, instructional signs, a variety of composting systems, including composting bins, leaf mould cages and wormeries, and composting tools, including secateurs, pitch forks, compost aerators, watering cans, thermometers and anything that supports their respective action plans.

WASTE

Bring Banks Usage

The Council provides and manages 46 Bring Centers across the City and County. A total of **1550 tonnes** of recyclables were collected from our Bring Centers to date in 2024. This represents a 1% from the same period in 2023. Loughboy Shopping Centre - Kilkenny City (14 tonnes collected), Aldi - Kilkenny City (13 tonnes collected), Lidl - Johnswell, Kilkenny City (8 tonnes collected) and are the busiest locations in the City. Aldi - Ferrybank (9 tonnes collected), Lidl - Thomastown (7 tonnes collected) and Graigue-managh (6 tonnes collected) are the busiest outside of the City. Environment staff are continuing to work very closely with our service providers to ensure the collection service is in keeping with demand, especially around long weekends and holiday periods.

AIR NOISE WATER

Water Quality – Farm Inspections

186 farm inspections have now been completed, leaving 55 to be completed by the end of the year. This is on track to meet the target of 241 farm inspections by the end of 2024.

Septic Tank Inspections

The Environment Office has completed 61 inspections which is 10 more than the target of 51. We will be also closing out the remaining historical open advisory notices dating back to 2013 and this process is already in motion with people contacting us hoping to have them closed out after contact was made with letters. Septic tank grant approvals are currently ongoing. Upgrade works and work approvals are being carried out with various applicants who are applying for the grant. The Environment Office are still dealing with a large volume of queries in relation to the criteria for eligibility for the grant.

Section 4 Discharge Licences

The Environment Office will be closing out all 25 Section 4 Discharge Licenses in Q4.

Misconnections

The Council is currently in the process of investigating a serious misconnection in Thomastown.

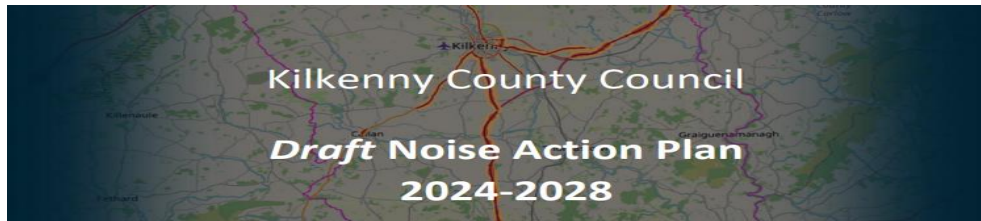

Environment Complaints

All Environmental complaints received are logged on the CRM (*Customer Relations Management*) System. The number of complaints that have been received and logged for September 2024 is 89 compared to 96 for the same period last year. The number of complaints received in the nine months to the end of September 2024 is up 9% when compared to the same nine-month period in 2023. The nature of these complaints included littering, illegal dumping, burning of waste and abandoned cars. The majority continue to be related to littering and illegal dumping. Whilst every effort is made to bring unacceptable environmental practice into compliance, Environment Enforcement staff continue to manage significant enforcement cases progressing through prosecution cases.

Noise

Kilkenny County Council with support of Noise Consultants Limited have completed the draft Noise Action Plan 2024-2028. The *draft* Noise Action Plan is aimed at strategic long-term management of environmental noise from major roads. It does not apply to noise from domestic activities, neighbourhood noise, noise at workplaces or noise inside means of transport or due to military activities in military areas.

The plan is now at the public consultation stage between 30th October and 11th of November 2024 with submissions being accepted until 25th November 2024. The final plan is on target to be submitted to the EPA in December 2024.

PARKS & SPECIAL PROJECTS

South East Greenway

Glas Civil Engineering Ltd. commenced works in November last on Lot 5A of the Greenway, a 5.5km section, from Ferrybank to Curraghmore. Over the past few weeks there was a big push to carryout pavement surfacing works in advance of the winter months, with circa. 4.95km overlaid with a bound material. Fencing works along the Greenway continues and the installation of the timber screen fencing along Lot 2 Ferrybank also commenced recently.

The installation of the safety fence in the permanent Greenway carpark at Ballyverneen, Glenmore is expected this month along with the completion of the public lighting. Once both of these work items are completed a Road Safety Audit will be undertaken prior to the full opening of the 39 bay carpark.

The programme remains on track for the works contract to be completed by the end of the year, thereafter, this section of Greenway will be subject to a safety audit and minor finishing out works to facilitate the opening of same to the public in Q1 2025.

Lacken Boardwalk Enhancement Scheme

Works continue to progress on the Lacken Boardwalk with circa. 75% of the works now completed. Unfortunately, the wet summer and subsequent poor ground conditions has delayed the completion date by a number of weeks. However, we are confident that this new bespoke piece of amenity infrastructure will be opened in time for the Christmas break. The cross-section width of the new boardwalk is 3.6m compared to 1.2m wide of the original structure and is being constructed using 100% recycled plastic components. The works are being carried out to a very high standard and will see an investment of c.€800,000, funded in part under the Outdoor Recreational Infrastructure Scheme and the Council's own funds.

Sports Capital and Equipment Programme (SCEP)

Funding was recently secured under the SCEP for the following two projects:

- **Kilkenny Countryside Park**

Provision of spectator fencing and access gates to the perimeter of ball wall area. Provision of a portable container and development of a compound area to store maintenance equipment for the upkeep of the Park.

- **Garringreen Recreational Amenity Area Refurbishment**

The upgrade of the existing Multi Use Games Area (MUGA) along with enhancements to the grass soccer pitch.

Clover Centre Ferrybank

In late 2023 Kilkenny County Council took possession of circa. 9.5 acres of land, which includes sports pitches and a clubhouse from the trustees of Clover Meats in Christendom, Ferrybank, South Kilkenny. A condition attached to this land transfer was that same could only be used for the recreational use of the community.

The Council has identified the need to engage the services of a multidisciplinary landscape architecture & engineering led design team to prepare a masterplan for the future development of a high quality, community centred and multifunctional local park on this site. To this end, a tender for the above services was advertised on e-tenders in September and the deadline for tender submissions is set for the 23rd October 2024.

The development of the Masterplan will be undertaken in a collaborative approach with the local community through extensive public consultation to identify local community needs, priorities and desires. The overall objective of this initiative is to develop a high-quality parkland that will attract not just locals but visitors from the wider urban and rural catchment. It is our desire that the Park, when complete, will support the role of Ferrybank to achieve a more balanced Waterford City on both sides of the River Suir creating a space that offers quality of life improvements in terms of physical and mental health wellbeing and returning this area once again to a hub for social interaction.

Playgrounds

Ongoing maintenance continues around the County in our playgrounds and parks to maintain them to a high standard. This month the focus was on the replacement of parts of old or worn play equipment and re-mulching. In Ferrybank Neighbourhood Park footpath rehabilitation works were progressed with same expected to be completed in mid-October.

In collaboration with the Community Section, along with the support of the Kilmacow Sports Complex and St. Senan's National School, funding was secured earlier in the year under the DCEDIY Capital Grant Funding Scheme for Play and Recreation to install new play components in Kilmacow playground. This grant provided for the installation of a wheelchair accessible roundabout and communications board. The latter will assist individuals with autism to communicate more effectively, enabling them to express their thoughts and feelings in a non-verbal way.

New wheelchair accessible roundabout

Amenity Grants

In 2024, 175 applicants under the Amenity Grant scheme were awarded funding totalling €140,000. This funding enabled groups across the County to maintain their own outdoor recreational spaces. The range of works typically involve tree planting, grass cutting, planting flowers and many other amenity type projects. Successful applicants were required to submit documentation (*receipts in respect of expenses incurred and photographs of completed projects*) to claim their grants by 27th September, 2024. Grants are currently being processed.

Tree Surgery

Our annual Tree Surgery Works Programme recently recommenced. The focus will be on crown reductions and the removal of branches where there is a particular safety concern of where such interventions will help to prolong the life of a tree. In certain circumstances the removal of trees can't unfortunately be avoided, however, it is proposed that compensatory planting will be undertaken later on in the year within the Kilkenny Countryside Park, Woodstock, Ferrybank Playground, and Slieverue Linear Park.

2023 Local Biodiversity Action Fund

Over the next month, major work will be carried out in Woodstock to remove invasive species such as Cherry Laurel, Rhododendron Ponticum, and Himalayan Honeysuckle at the Waterfall Trail and between the Noble Fir and Monkey Puzzle avenues within the gardens. This project, along with removal of Himalayan Balsam earlier in the year in Sliaire Wood, Graiguenamanagh is being funded under the Local Biodiversity Action Fund.

Woodstock Gardens and Arboretum

Our new autumn campaign for Woodstock Gardens and Arboretum was launched in September with the tagline "*Wander Through the Seasons.*" This campaign will market the gardens and woodlands, showcasing the fantastic walks and trails where visitors can enjoy the stunning autumn colours of the trees in Woodstock.

FORWARD PLANNING

Variation 2 to the City and County Development Plan[CCDP] 2021

Proposed Variation 2 to the CCDP, Small Towns and Villages, to change the terminology of the settlement hierarchy, commenced public display on 12th September. Submissions are invited until Thursday 10th October. The Chief Executive's Report on this variation will be presented to Elected Members at the October Council meeting.

MASTERPLANS

Ballyragget/Paulstown/Kilmacow

The Paulstown Masterplan was adopted at the Castlecomer Municipal District meeting in September. A Director of Services Report is prepared on the submissions to the Ballyragget Masterplan and this will go before the Castlecomer Municipal District Elected Members at their October meeting for approval.

The draft Masterplan for Kilmacow was on public display for a period of 7 weeks from Friday 12th July to Friday 30th August. A Walk-in Public Meeting was held also in Kilmacow Community Hall during the public display on Wednesday 7th August, which had in excess of 60 attendees. A Director of Services Report is currently being finalised and will be presented to the Piltown Municipal District Elected Members at their November meeting, seeking the Masterplans adoption.

LOCAL AREA PLANS

Ferrybank/Belview Local Area Plan

An issues paper was published for the Ferrybank/Belview Local Area Plan and a public consultation event took place in the Abbey Community College, Ferrybank on Wednesday 19th June. More than 100 attended the sessions. Submissions are now being taken up to 5.00 p.m. on the 12th July. A Chief Executive's Report will be prepared on the process and presented in early September. The drafting of the LAP document and associated Environmental Reports will continue

over the coming weeks with a view to publication of a draft Plan in early November.

Castlecomer Plan Review Process

An Issues Paper for the review of the Castlecomer Local Area Plan was published in July and submissions were sought, and a Health Check survey was available until 23rd August. An Information Evening was held on 23rd July in Castlecomer Library. An excellent response was received to the Pre-Draft stage, with 17 submissions and 123 responses to the survey. There will be significant collaboration between the Community and Planning Sections in this process as the Castlecomer Town Team has recently been established. The Chief Executive's Report on the pre-draft consultation process is now being prepared.

Cluster Housing Design Guidelines for Co. Kilkenny

Consultants, Place +Urbanism Ltd. were appointed in February to carry out Cluster Housing Design Guidelines for County Kilkenny. The process initially involved several weeks of gathering data, site inspection and review and a pre-draft document presented to the Planners and Road Engineers for discussion, with an associated Workshop held in September. Further work is required following initial concepts on addressing the challenges facing all settlements within the County. A further workshop will be held in late October to discuss the document and its concepts, with a view to progressing to a draft document for discussion in late Q4 2024.

Taking in Charge

The following estates were initiated and have been advertised should anyone wish to make a submission on the proposed Taking in Charge:

- TC158 Moneenroe, Castlecomer, Co Kilkenny
- TC172 Orchard Close, New Orchard Road.
- TC177 Weir View Gardens, Kilkenny
- TC186 Ladyswell, Thomastown, Co Kilkenny

The following estates have now been taken in charge by Kilkenny County Council:

- TC175 Harrowville, Leggettsrath West.
- TC190 Tobar Brid, Graiguenamanagh.

Active Land Management

There are 18 Vacant Sites on the Vacant Sites Register and the number of cancelled entries due to site activation or improvement is 29. The Vacant Site levy (VSL) will be replaced by the RZLT from 2025 but any outstanding VSL's will remain due to the Council. For 2024 a total of €142,200 has been received in levies, bringing the total income from Developers to €667,200. The CPO of Vacant Site Ref. VSR21-7, on Father Hayden Road by the Council, is progressing.

A Draft Annual Map of lands in scope for the new Residential Zoned Land Tax (RZLT) was published on 31st January, 2024. The settlements currently liable are Kilkenny City, Rosbercon, Callan and Thomastown. Submissions were received and determinations on these submissions were notified to the landowners. Four landowners made appeals to An Bord Pleanála and 2 decisions from the Bord, upholding the Council's determinations, have been received to-date. The recent Budget announced a further opportunity for farmers to seek to have their land rezoned.

Conservation

The Conservation Office manages all protected structures in Kilkenny County and City. These structures are recognised for the following special interest: Architectural, Historical, Archaeological, Artistic, Cultural, Scientific, Technical and Social.

An advisory service on conservation matters is provided to the public and colleagues, while the conservation grants and funding applications are also delivered.

Built Heritage Investment Scheme 2024:

Conservation grant funded projects are nearing completion. Final inspections are underway by the Conservation Officer.

Historic Structures Fund 2024:

Conservation grant funded projects are nearing completion. Final inspections are underway by the Conservation Officer.

Architectural Conservation Area Trails 2024:

On site meetings with local communities in Freshford and Castlecomer have taken place. A number of community and school workshops were completed in September.

Built Heritage Stocktake 2024:

A local conservation accredited consultant has been appointed to deliver a stocktake for the following settlements: Callan, Gowran, Inistioge, Johnstown, Thomastown. The stocktake will focus on the structures listed on the RPS and NIAH.

Built Heritage Investment Scheme 2025:

The Built Heritage Investment Scheme 2025 deadline for applications has now closed. Thirty-five applications have been received: these will be assessed, with site inspections arranged for the coming weeks.

Conservation input into the following Council Project Deliveries is continuing:

- Thrive funding application for John's Quay/John Street Urban Design Strategy
- Nos. 19 and 21 Parliament Street Community Monuments Fund
- Kenny's Well Access and Interpretation Plan

Local Enterprise Village at the National Ploughing Championships 2024

A Kilkenny business, Biddy's Good Luck Horse Shoes, exhibited their business to in excess of 250,000 people at the National Ploughing Championships as part of the Local Enterprise Village.

Biddy's Good Luck Horse Shoes, supported by Local Enterprise Office Kilkenny, make pieces of Irish good luck from genuine horse shoes once worn by an Irish sports horse, a little piece of Irish heritage, history and tradition.

'Boost Your Business' - Green Efficiency Competition in partnership with Carlow County Council and KCLR

Ongoing during September was the Boost Your Business competition in conjunction with Local Enterprise Office Carlow and KCLR. Each eligible finalist will receive personalised consultancy, which could pave the way for a €7,500 grant to further invest in green initiatives. This financial support is intended to help businesses implement the changes identified during the consultation, ensuring they can continue to grow sustainably.

Future Focus – Management Development Series

During September 20 Entrepreneurs from Carlow and Kilkenny commenced the Future Focus Management Development series. The course will be delivered over six master class sessions with session one led out by Margaret Valette O'Connor who will address leadership mindset. Other topics addressed will be finance, digitalisation, sales and exit strategies. During the course sessions are complimented by mentoring provided to each client.

#SHOPKilkenny

The shopkilkenny retail campaign has run throughout the summer months with focus on celebrating inter-generational businesses in Kilkenny, the Castle Yard and other features. Up to date photography and videography content created over the course of the summer has complemented articles and features published. The most recent initiative focused on retail along

the route of Ireland's Medieval Mile with almost 60 retailers filmed in their businesses over the course of two days.

A condensed version of the output will feature in the coming weeks in a piece dedicated to retail in Kilkenny on independent.ie online.

Engineers' Building Feasibility Study

Kilkenny County Council was recently awarded a €50,000 grant through Enterprise Ireland Smart Regions Stream 4 Funding to conduct a Feasibility Study on the Engineers' Building in the Abbey Quarter. The Feasibility Study will assess the opportunities that the building presents through engagement with business and community stakeholders. KPMG has been appointed to conduct the study and it is expected that the Feasibility Study will be completed by the end of 2024.

Broadband/ Digital Update

Kilkenny County Council is developing a three-year Digital Strategy for the County covering the period 2024–2026. The first phase of the public consultation comprised a short online survey which opened until Friday 19th July with 15 completed responses. The second phase invited citizens and businesses to attend in-person public consultation sessions which took place on 17th July in the Kilkenny Mayfair Library 'Maker Space', facilitated by Digital Strategy Consultants Ltd. The Digital Strategy is due to be available in draft during Autumn 2024.

Our Kids Code

OurKidsCode offers six 2-hour Taster Workshops for parents and children on STEM activities. After successful programmes were delivered at the Mayfair Library over the summer the next 'OurKidsCode' commenced on 18th September in Muckalee Community Centre and runs throughout September and October.

Kilkenny City Night Time Economy

The fourth meeting of Kilkenny Night Time Economy Forum was held on 18th September. A Progress Report was provided under each pillar of the Night Time Economy Action Plan, placemaking, safety and security, evening and night time activity and marketing. Ignacio Peregrina was elected Chair of the Forum for the remainder of the pilot period. The next meeting is scheduled to take place on 4th December.

Tourism

Nationally, the season this year has been less positive than was hoped for, with many external factors challenging performance including sustained periods of unpredictable weather, reports of lower levels of domestic holiday demand, limited accommodation stock and variety of stock, and airline strikes earlier in the summer. Kilkenny County Council continues in its support for the sector locally and are currently working and planning for the shoulder season and the cooler months.

Kilkenny Tourism and visitkilkenny.ie

Kilkenny Tourism CLG hosted its 2024 AGM on 11th September at the Parade Tower in Kilkenny. The event saw partners in the Tourism and Hospitality Sector come together to both review the previous years activity and to also look towards the end of this year, the off season and further into next season for planning and activation measures.

Gareth Alcorn agreed to remain in the role of Chairperson of Kilkenny Tourism with two new Directors, Francis Nesbitt and Bart Pawlukojo.

Kilkenny Tourism CLG acknowledged the support of Kilkenny County Council towards its activities and in meeting its objectives and is looking forward to maintaining and growing this partnership into the future.

Irish Tourism Industry Confederation

Kilkenny County Council's Tourism Team attended ITICs 2024 Conference at the Royal Convention Centre in Dublin. Exploring the theme of Responsible Ambition, the event provided stimulating and insightful discussions, thought provoking conversations, challenging perspectives and inspiring new ideas. Minister Catherine Martin was present and conveyed her ongoing support for the sector as a whole going forward.

HOUSING

The Directorate of Housing incorporates a wide range of services for applicants and tenants to facilitate and support the provision of independent and supported accommodation.

The following information gives the up to date progress for 2024 under the various support services.

AFFORDABLE HOMES

Kilkenny County Council continue to work in partnership with developers Whitebox, Cairn Homes & Glenveagh in delivering Affordable Homes across Kilkenny City and Ferrybank.

There are a limited number of homes available in all 3 developments. Under the Affordable Purchase Scheme successful applicants will be able to avail of a reduction on the full market price, of between up to 20% & 25%, depending on the price of the property and the applicant's own financial circumstances.

Applications can only be made online via the dedicated application portal accessible via the Council's website as follows:

<https://affordablehousing.kilkennycoco.ie/abbeymeadows>

<https://kilkennycoco.ie/nyne-park>

<https://kilkennycoco.ie/cluain-qlasan>

Application portals remain open for all 3 developments.

The Affordable Homes are generally targeted at first-time buyers (exceptions apply) who need assistance bridging the gap between their own available funds (including the Help to Buy scheme), the mortgage that they can obtain and the cost of the new home. Under the Affordable Purchase Scheme eligible buyers will be able to purchase their own new home by availing of this shared equity scheme. Kilkenny County Council will retain an equity share and successful applicants have the option of buying out this share over time. Equity shares are calculated on an individual basis and are linked to an applicant's income, their savings and their mortgage capacity.

It is important that potential applicants familiarise themselves with the eligibility criteria and compile the requisite documents to complete their applications subject to them meeting the qualifying criteria. Full information is available at <https://kilkennycoco.ie/affordable-homes>

It is strongly recommended applicants have Mortgage Approval in Principle prior to applying for this scheme, as applicants will be required to demonstrate their capacity to purchase. Only valid applications (*i.e. applications with all required documentation submitted*) will go forward for assessment. Applications which are incomplete or those not accompanied by the required documentation will be deemed invalid.

Any queries in relation to any of the above to affordablehousing@kilkennycoco.ie and a member of the team will revert back.

HOMELESS SERVICES

Homeless Prevention Measures

The government have put in place a number of measures to prevent homelessness arising from the reactivation of notices of termination of tenancies in June 2023. We are currently providing advice and directing Tenants to the appropriate services required to prevent homelessness. Where a household is in receipt of a valid notice to quit and requires assistance in establishing what options are available to them to avoid potential homelessness they are advised to contact the Housing Office at its dedicated email address NTQEnquiries@kilkennycoco.ie. Further details are available on www.kilkennycoco.ie.

Any tenants who may have received a notice of termination or a landlord who has issued a notice of termination to their tenants or who may wish to in the coming months should direct any queries to the dedicated email provided and all queries will be responded to in a timely manner.

Healthy Ireland

A Social Farming open day took place at Éiru Farm, Jerpoint, Thomastown on 24th September, 2024. Social Farming Projects in Kilkenny are supported by the Local Community Development Committee (LCDC) through the Healthy Ireland Fund. These projects provide individuals with additional needs the opportunity to spend time on a family farm in a welcoming, supportive, and inclusive environment. Participants can engage in a variety of activities that interest them, such as gardening, animal care, or indoor tasks like baking bread or making jam.

Activities are tailored to suit each person's abilities and preferences, ensuring a safe and encouraging atmosphere. The focus is on helping participants build confidence, develop social connections, and form meaningful relationships. While the farm is a typical working farm, not a treatment facility, it offers a non-clinical space where individuals can benefit from the positive experiences of farm life.

ARTS

In Bloom - Future Sounds of Kilkenny

The Arts Office in collaboration with Cleere's Bar music series 'In Bloom – Futures Sounds of Kilkenny' for young and emerging bands and musicians finished on 22nd September, 2024. The line-up of musicians in the series included Seafall, Joycult, Jack Doheny, Charlotte Mackay, Aoife Rhatigan, Organic Produce, the Quincevelles and The Donnys. The events which commenced in July 2024 provided a platform for emerging artists, amplifying young voices and giving these musicians an opportunity to connect with audiences, build a following, and energise the City with their creativity and passion.

Kilkenny Audit of Oral Heritage Recordings Survey

The Heritage Office announced Phase Two Audit of oral heritage recordings in County Kilkenny. The project aims to identify recorded collections of oral heritage and folklore that have been undertaken over the decades, in both private and public bodies, as well as by individuals. Mac Conmara Heritage Consulting, leading experts in the fields of heritage and oral history, as well as the delivery of large-scale cultural audits, have been appointed to lead the project. Members of the public are invited to contribute any information they have of spoken word collections via the Kilkenny Heritage website by taking part in the survey.

CIVIL DEFENCE

September was a busy month for the volunteers in Kilkenny Civil Defence. Several duties took place including the Medieval Marathon where medical cover was provided to over 1,500 participants.

Volunteers participated in "Team up to Clean up" collecting over 8 bags of rubbish from the River Nore by boat. Kilkenny Civil Defence attended the National Ploughing Championships both providing

information about Civil Defence and locating Missing Persons.

National Services Day was held in the Castle Park where all Emergency Services both statutory and voluntary got to meet the public and display their vehicles, equipment and skills. It was a hugely successful event with thousands of people turning out. A special display took place where the Fire Service cut up an old car and members of the National Ambulance service "treated" the patients on board to give the public an up-close experience of what happens at road traffic accidents.

Kilkenny Civil Defence took ownership of a new Ford Ranger part funded by the Department of Defence. The vehicle runs completely on HVO (Hydrotreated vegetable oil) making a reduction of 90% in carbon emissions.

- Beneficiaries of Temporary Protection (BOTP)
- Those with Refugee, Subsidiary Protection, or Permission to Remain status.

The LAITs aim to link people in any of the above groups with local service providers appropriate to the need of the person. They act as the direct point of contact to advocate, provide information, guidance and advice to queries, as they arise.

In September, the LAITs have worked with 60 International Protection Applicants in relation to 142 queries across health access, education including English language, Traineeships, employment access, Department of Social Protection supports, community engagement, bank account setup, independent living, youth support, transport, accommodation, and legal/immigration. They worked with 108 Ukrainians across 30 individual meetings and 6 group sessions addressing queries such as health access, education, employment, Department of Social Protection, independent living, relocations and legal/immigration.

Intercultural workshop took place with Ukrainian and Irish women making traditional Irish Box Hats which will feature in an intercultural event in Q4. This arose from funding secured by Creative Ireland as the women in Uppercourt Manor had expressed an interest in participating in some form of crafts. The integration focus encouraged the Ukrainian women to do this with Irish women, for the intercultural exchange opportunity. There are 3 workshops of 7 women being held to complete 2 hats each and the women will showcase their final wears.

FIRE SERVICES

Fire Safety Certificate Applications

79 applications for Fire Safety Certificates were received to date.

A Fire Safety Certificate is a Certificate issued by the Building Control Authority which states that the works or building to which the application relates will, if constructed in accordance with the plans and specifications submitted, comply with the requirements of Part B of the Second Schedule to the Building Regulations 1997.

Fire Services Acts 1981 and 2003

Fire Prevention staff made targeted inspections of premises both to provide advice and to enforce legislation during 2023.

57 Licence Applications were processed under Section 24 of the Fire Services Acts 1981 and 2003.

7 licence applications under the Dangerous Substances legislation were assessed to-date.

82 Fire Safety Inspections of premises have taken place in 2024.

Fire Brigade Operations

The existence of a professional Fire & Rescue Service is fundamental to public and personal safety.

The Fire Service plays a crucial role in making our communities safer, whether it be preventing and protecting people from fire and other risks or responding swiftly and effectively to the incidents and emergencies that occur 24 hours per day/7 days per week/365 days per year.

The Brigades have attended 756 callouts to-date in 2024. These incidents included a number of road traffic collisions, commercial and house fires, ambulance assists, car fires, chimney fires and automatic fire alarm activations.

Recruitment of Retained Firefighters

Another recruitment campaign has commenced to recruit Firefighters in Castlecomer, Freshford, Urlingford, Thomastown and Graiguenamanagh. The closing date is the 14th October, 2024. All new recruits will undergo extensive initial training to equip them with the skills to be a Retained Firefighter. As well as responding to emergency calls and undertaking community fire safety initiatives,

Retained Firefighters attend weekly training nights to maintain competency levels and undertake routine checks on their equipment. Freshford and Callan have held an open night/day in their Fire Stations.

Retained Firefighters are men and women who are on call to respond to a range of emergencies. Many Retained Firefighters have other full or part-time jobs but when the call comes they are ready to drop whatever they are doing and become part of a team, ready to face any emergency. Although part-time, Retained Firefighters are fully trained and capable of saving life and property.

Fire Appliances

Kilkenny County Council's Fire and Rescue Service maintain fire appliances in all seven (7) Fire Stations throughout the County.

There are a variety of different types of appliances in operation i.e. Standard Class B Pumping Fire Appliance (*normal fire appliance*), Emergency Tenders, Combined Aerial and Pumping Appliances, Water Tankers, Incident Command vehicle and 4-Wheel Drive Vehicles with off road capabilities.

Kilkenny County Council Fire and Rescue Service have a Command and Control vehicle, 2-seater electrical fire vehicle and a Class B fire engine being built at present. We will continue with a replacement programme and refurbishment programme as capital funding is made available. The Road Safety Authority carried out an inspection on our fleet. Feedback from the inspector's visit was positive.

Community Fire Safety Programme

Kilkenny Fire and Rescue Service continue to deliver the National Directorate Fire and Emergency Management Primary Schools Programme. It is targeted at all Third Class Primary School children. The Fire Authority has delivered this programme from inception in 2006 and every year subsequently (*except during the recent pandemic*). Over 20,000 pupils have participated in the Primary school's programme to date.

The Fire Authority has provided training and refresher training for a number of firefighters in each brigade to assist them to deliver this Programme to all school children in Third Classes in Kilkenny City and County where the school management accept our invitation to visit their schools.

Training

Kilkenny County Council's Fire & Rescue Service are obliged under the Fire Services Acts 1981 and 2003 and the Safety, Health and Welfare at Work Act 2005 to ensure that our Fire-fighters and Officers are adequately trained and competent to deal with tasks and varying roles they may encounter in the performance of their duties.

All personnel responding to Fire & Rescue Service incidents require a minimum level of training to meet core requirements. In addition, many personnel also require further training for specialist or supervisory roles. Furthermore, a number of Fire & Rescue Service personnel have completed Instructor courses in order that they in turn can instruct and direct delivery of training sessions/courses. Personnel also require appropriate refresher training in all the above throughout their careers, generally delivered either through on-station training or through specific refresher courses.

Training has traditionally been delivered at varying levels (e.g. Local Station, Fire Authority, Region, National and International) and through a variety of arrangements.

An Emergency First Responder Refresher course was held in Castlecomer Fire Station from the 17th to 19th September. This course is 3 days in duration and is a pre-hospital Emergency Care Council approved course. Instructors on the course are in-house. This course provides practical training on the knowledge and skills that are required to enable firefighters to safely provide emergency first aid.

We have 6 firefighters on a 2 week Breathing Apparatus Course (QQI) in Hacketstown Fire Station. This course provides practical training on the knowledge and skills that are required to enable recruit firefighters to safely work as BA wearers at operational incidents, within the incident command structure and BA procedural norms.

We have also provided our own in-house instructors to national training courses in areas such as compartment fire behaviour, Breathing Apparatus and Managing Incidents.

LIBRARY

Kilkenny's Toil and Trouble Festival

Kilkenny County Council Library Service is commemorating the 700th Anniversary of the Kilkenny Witch Trials by offering a wide-ranging programme of events as part of the Toil and Trouble Festival.

This programme of events has something for all ages including author visits, children's art workshops, candle making sessions, primary schools history workshops, plant lore workshops, walking tours, oral history sessions and a free educational schools activity pack for every primary school child in Kilkenny.

A full programme of events can be found [here](#).

National Public Library Open Day 2024

National Public Library Open Day took place on 28th September and our Library Branches used this opportunity to demonstrate that the Library really does have something for everyone. We held story times and creation stations and invited the public to take a closer look and visit their local Library.

We also used the opportunity to promote the work of the Library on our social media platforms and engage with public Libraries all over the country.

SDG Week 2024

Ireland's third Sustainable Development Goals (SDG) Week took place from 23rd to 29th September and Kilkenny Libraries offered a diverse, eclectic and practical mix of events to celebrate. Libraries support the implementation of the SDGs by providing free access to information, support for literacy and ICT skills and access to community space.

Events included:

- Waking the Seeds – an interactive art session for families in the Mayfair Library
- Zero Food Waste demo sessions in Thomastown and Loughboy Libraries
- An information session with a food nutritionist in Graig Library
- A bee-themed storytime and craft in Castlecomer Library
- An eco nature-art mandala making workshop in Urlingford Library
- A stress management workshop with life coach Deirdre Lindy in Ferrybank Library

Launch of Community Energy Hub

The South East Energy Agency has partnered with Libraries across the Southeast to launch the Community Energy Hub, a free resource that helps people improve their energy efficiency and save money.

Loughboy Library was one of four Libraries selected to pilot this programme and it was launched on 9th September with hopes to expand the service following the pilot phase.

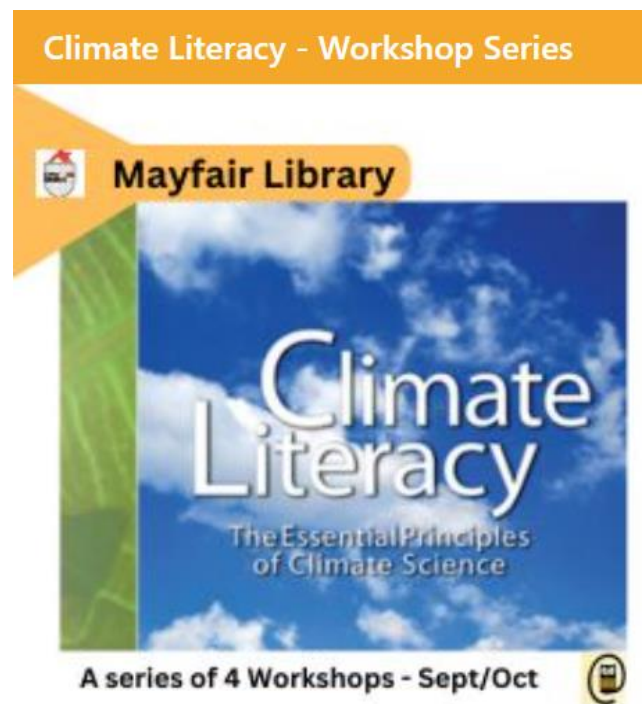

This adds to existing supports in our libraries including accessibility to CODEMA home energy kits for library members.

Climate Literacy Programme

As part of the ALL (*Adult Literacy for Life*) Strategy and in conjunction with our partners in KCETB, Kilkenny Library Service are delighted to announce a series of four workshops which commenced on 17th September and will introduce people to the concepts of climate literacy in a clear and practical way.

This series of workshops is taking place in the Mayfair Library and topics covered include clothes upcycling, biodiversity, waste minimisation and a trip to Dunmore Civic Amenity Site.

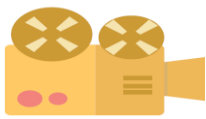

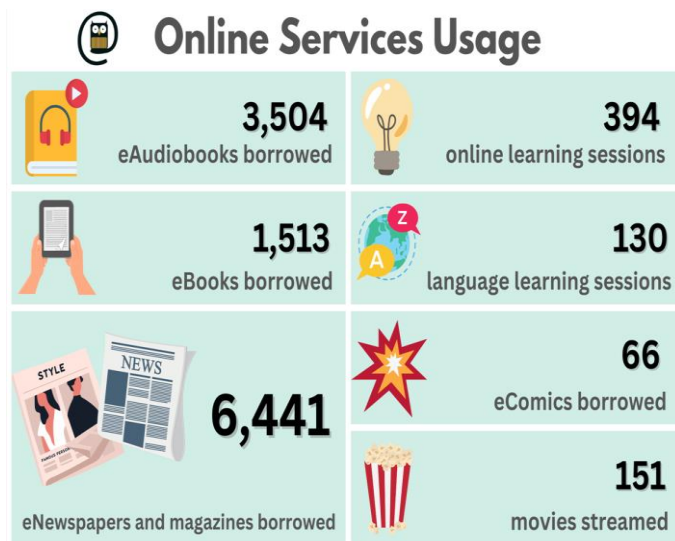

Climate Literacy for All

A series of 4 workshops for adults that are a mixture of theory and practical elements covering four different climate change issues.

The theory will include an Introduction to...

Digital Engagement

Library staff prepared, recorded, edited and published 282 posts and videos on our social media platforms in September. Our engagements for the month were 5,657 and our videos and reels had 5,252 views. Our virtual newsletter was sent to 7,655 email accounts.

Alignment with the Sustainable Development Goals

Here are 2 ways in which Kilkenny County Council Library Service helped to further the United Nations Sustainable Development Goals in September:

SDG 3: Good Health & Wellbeing

The Mayfair Library held a series of Age Friendly workshops aimed at equipping our older people with the information and skills they need to stay healthy and active as they age. Topics covered included community safety, dementia awareness and self-care.

SDG 11: Sustainable cities and communities

Castlecomer Library staff digitised and exhibited written accounts of schoolchildren from 4 local primary schools which were originally recorded in 2004. The topics of these accounts are wide-ranging including sport, school, family, shopping and technology and these rich records of life in Castlecomer and surrounding communities are now preserved for generations to come.

Increased Cost of Business (ICOB) Grant Scheme

As part of Budget 2024, the Government signed off on a package of €257m for the Increased Cost of Business (ICOB) Grant as a vital measure for Small and Medium Enterprises. This rollout was managed through the Local Authorities and funded by the Department of Enterprise, Trade and Employment (DETE). Eligible businesses will receive a once-off grant which will be based on the value of their Commercial Rates Bill in 2023.

A total of 2,450 grants were paid out up to 30th September 2024 with a total value of €4,308,010. The scheme closed for applications and further information requests on 27th September 2024.

Rates Revaluation

Further to Revaluation 2017, 197 customers with a total rate demand value of €4.5m appealed their new valuation to the Valuation Tribunal. To-date 191 appeals have been completed.

The following is a breakdown of the appeal outcomes to date:

Decrease in Revaluation on Appeal	149 cases
Appeal Withdrawn	33 cases
Increase in Revaluation on Appeal	1 cases
No change to Revaluation on Appeal	9 cases
Appeals Outstanding	4 cases

The total annual Income lost to date stands at €853k.

Finance Update

Inflation is having a significant impact on the cost of delivering all services and on the delivery of the Capital Programme. The issue is being kept under review.

The bank overdraft facility was not utilised in the nine month period to the end of September.

Budget 2025

Work has commenced on the preparation of the Council Budget for 2025. Workshops will be held with Elected Members over the coming weeks to discuss the issues arising. The proposed date for the Statutory Budget Meeting is Friday, 6th December, 2024.
