18 (25) Cllrs. Michael Doyle, Mary Hilda Cavanagh, Pat Dunphy, Fidelis Doherty, Joe Lyons, David Fitzgerald and John Brennan

Proposed by Cllr. Michael Doyle, seconded by Cllr. Pat Dunphy and agreed:

"In the context of the lack of necessary municipal wastewater infrastructure in the vast majority of our towns and villages across the county we call on Kilkenny County Council to accept the principle of developer led modular wastewater plants in towns and villages where there is a demand, desire and need for development.

We further call on Minister for Housing, James Browne to direct Uisce Eireann to support the local authority in overseeing and ensuring the treatment systems are of acceptable standard, have acceptable maintenance plans and will be constructed in a manner whereby full connection will be possible to municipal plants when delivered."

Cllrs. Michael Doyle, Pat Dunphy, Maria Dollard, Seán Ó hArgáin, Jenny Catt Slattery & Deirdre Cullen spoke on this motion. Issues raised as follows:

- Biggest issue in rural Ireland is lack of development.
- A lot of funding has been given to Towns & Villages and CLÁR and while villages are looking well there is nobody living in them.
- Requested Department to come up with a plan to deliver necessary infrastructure to allow for rural development.
- Going to lose services that a rural Parish needs.
- Way of life in rural Ireland will be gone.
- Call on Executive to consider how the Council can deliver a solution for these areas.
- Serious issue with current waste water system.
- Variation proposed in the County Development Plan
- Concerns that the Council would be exposed to costs.

A discussion took place in relation to Members speaking on Notices of Motion.

Ms. Mary Mulholland referred to Standing Orders and advised that there would not be multiple speakers on Notices of Motion. She advised that Standing Orders clearly state that the Proposer and Seconder would speak on Motion with no other speaker facilitated. Other speakers allowed only if there is an amendment to Motion.

If members want to change the process it can be brought to CPG and is a matter for members to decide.

Mr. Tim Butler, Director of Services replied as follows:

- 4 water supply schemes in County that do not have capacity for any additional houses.
- 15 small towns and villages which do not have capacity for any additional connections to those supplies.
- Significant environmental issue in Kilmanagh.
- Developer led infrastructure in Hugginstown causing significant environmental issues.
- 15 wastewater supplies that do not have capacity.
- Variation 4 brought to the Members early this year and submitted to Office of Planning Regulator who advised of significant impact on environment and question of who is going to maintain it.
- If that falls back on Local Authority it will have significant funding implications.
- As a Planning Authority we will go back to the OPR to see if we can agree a certain wording in relation to a developer led infrastructure – if this is to happen we would have to know that it is not going to have an impact on the environment, that the developer will maintain. And that in time Uisce Eireann will take it in charge.

a19 (25) Cllr. Brian Cleere

Proposed by Cllr. Brian Cleere, seconded by Cllr. Joe Sheridan and agreed:

"To introduce a 'Community Hedge Cutting Grant Scheme' to Kilkenny. This scheme will provide financial assistance to communities and local resident groups who wish to undertake overhanging trees and hedge cutting for safety reasons, and will also assist landowners to comply with their responsibilities under Section 70 of the 1993 Roads Act."

Cllr. Brian Cleere & Cllr. Joe Sheridan spoke on the Motion.

Ms. Mary Mulholland, Director of Services advised that responsibility for landowners to ensure that roadside hedges on private property are trimmed is listed in the Act as the responsibility of the land owner. She advised that to propose the Notice of Motion would be contrary to our responsibilities under the Act and it would be difficult to make provision for it under our Roads Programme or to fund it from 2026 Programme.

Ms. Mulholland advised that this would have a huge impact on the Rural and Local Roads Budget and where this is happening in other local authorities they are providing funding from their Roads Programme annually.

20 (25) All Elected Members

Proposed by Cllr. Pat Dunphy, seconded by Cllr. John Brennan and agreed:

"To ask the Minister for Arts, Media, Communications, Culture and Sport, Patrick O'Donovan, to provide the €15 million (current annual funding is €10 million) €5 million increase sought by the Irish Postmasters Union to safeguard the Post Office Network. This support is vital to keep Post Offices, key community and financial service hubs, open, as the current model is unsustainable. A recent Grant Thornton report warns that without this funding, up to one-third of rural post offices could close by 2026."

Cllrs. Pat Dunphy & John Brennan spoke in support of this Motion.
