### 2024 Financial Review

### 1. Introduction

The Council's 2024 Annual Financial Statement (AFS) has been prepared in accordance with the requirements of the Department of the Housing, Local Government and Heritage Guidelines. In the adoption of FRS102, the financial statements have been renamed as per the new naming conventions.

### 2. Statement of Comprehensive Income (formerly Income & Expenditure Account)

The Statement of Comprehensive Income is set out in page 13. The total expenditure incurred on the provision of services by the Council in 2024 was  $\in$ 125.8m. The net surplus for the year was  $\in$ 31k, bringing the cumulative surplus to date to  $\in$ 160k. The adopted budget for the year was  $\in$ 111m. Housing, roads and development management accounted for 87% of the increase in expenditure over budget. A significant portion of the additional expenditure in housing was funded from additional rental income. Additional roads grant income was received to offset against the overspend in roads. One-off grants relating to business incentives totalling  $\in$ 7.6m were paid in 2024. The council received 100% funding in relation to these grant payments.

Public lighting costs were €560k higher than budget. This was mainly due to increased energy costs. The net operating cost of the fire service was €1m higher than budget due to increases in payroll and training costs. Additional expenditure was also incurred in tourism, festivals, library operations, maintenance of parks and open spaces and in the provision of additional match funding for the various grant schemes. A reduction in rates strike offs and additional rates income helped to fund these overspends.

An additional pension provision of  $\in 1.3$  was also required to meet the ever increasing pension liability. This is a national issue and not just an issue for Kilkenny County Council. This cost was offset by additional compensation for Payroll cost increases of over  $\in 1m$ .

### 3. Financial Position (formerly Balance Sheet) at 31<sup>st</sup> December 2024

The Council has maintained a relatively strong balance sheet as at December 2024. A strong focus was maintained on cash management throughout the year. The Bank overdraft facility was not utilized during 2024. The closing cash balance at the end of December was  $\notin$ 46.4m compared with  $\notin$ 47.2m at the end of 2023. Of the total cash balance on hand  $\notin$ 19.1m is ring-fenced to provide funding for capital projects.

The total non-mortgage bank loans outstanding at the end of the year amounted to  $\notin 12.5m$ , a decrease of 0.9m from previous year. No new non-mortgage loan finance was drawn down during the year. The total mortgage loan balance at December 2024 was  $\notin 32.99m$ , a decrease of  $\notin 0.35m$  from the previous year.

Following an increase in the commercial rates arrears in 2023, the arrears were reduced in 2024 by €878k. The collection rate for the year was 90%. The bad debt provision required has also been reduced.

The collection rate on housing rents decreased by 1% to 95% following an increase in the rent arrears by  $\in$ 120k to  $\in$ 617k. Council continues to work with the tenants in arrears to find an appropriate solution. Arrears on housing loans remained static during the year.

The historical income collection performance since 2019 is set out in the following

		Percentage Collection							
		2019	2020	2021	2022	2023	2024		
Commercial Rates		94	83	87	95	87	90		
Rents Annuities	&	95	96	97	96	96	95		
Housing Loans		90	90	90	90	90	90		

Table:

### 4. Capital Project Funding Arrangements

The total expenditure on capital projects delivered under the Capital Programme in 2024 was  $\in 87.8$ m. 81% of the expenditure was incurred in Housing and Roads. The outstanding balance on completed capital projects at December 2024 was  $\in 8.9$ m. The annual budget provides for repayment of this commitment over a period of up to 8 years.

An ambitious six-year Capital Programme for the period 2024 - 2029 has been adopted by the Elected Members with a total spend of  $\in 832$ m. The match funding to be provided by the Council is  $\notin 70.2$ m.

### 5. Conclusion

This financial report reflects the significant increase in operational delivery in 2024. The council is committed to delivering of projects included in the six-year Capital Programme. It is critical that the Council continues to manage its finances in a prudent manner to ensure that the Council has the capacity to provide the match funding required.

## STATEMENT OF ACCOUNTING POLICIES

### 1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Housing, Local Government and Heritage (DHLGH) at 31st December 2024. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

### 2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

### 3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice. (Each local authority should list the areas where they are not complying with this policy, e.g. development contributions)

### 4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non- mortgage related loans

### 4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

### 4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

### 5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

### 6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

### 7. Provision for Bad & Doubtful Debts

Provision has/has not been made in the relevant accounts for bad & doubtful debts.

### 8. Fixed Assets

### 8.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

### 8.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

### 8.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DHPLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

### 8.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

### 8.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DHLGH.

### 8.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

The policies applied to assets subject to depreciation are as follows:

Asset Type	Bases	Depreciation Rate
Plant & Machinery		
- Long life	S/L	10%
- Short life	S/L	20%
Equipment	S/L	20%
Furniture	S/L	20%
Heritage Assets		Nil
Library Books		Nil
Playgrounds	S/L	20%
Parks	S/L	2%
Landfill sites (*See note)		
Water Assets		
- Water schemes	S/L	Asset life over 70 years
- Drainage schemes	S/L	Asset life over 50 years

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

\* The value of landfill sites has been included in note 1 under land. Depreciation represents the depletion of the landfill asset.

### 9. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

### 10. Development Debtors & Income

Short term development levy debtors are included in note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

### 11. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

### 12. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

### 13. Stock

Stocks are valued on an average cost basis.

### 14. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

### 15. Interest in Local Authority Companies

The interest of Kilkenny County Council in companies is listed in Appendix 8.

### 16. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;

b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and

c. follow a code of conduct issued by the Minister for Housing, Local Government and Heritage under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Local Government and Heritage in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements.

Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

### 17. Accounting for Expenditure

Expenditure in relation to policy is accounted for in the relevant division e.g. E15 Climate Action and Flooding. Operational expenditure is accounted for in the area where the expenditure is incurred e.g. Housing, Roads, etc. This is in line with the Local Authorities costing system where the full cost of a service/sub-service must reflect all the costs associated with the service.

### STATEMENT OF COMPREHENSIVE INCOME (INCOME & EXPENDITURE ACCOUNT STATEMENT) FOR YEAR ENDING 31st DECEMBER 2024

The Income and Expenditure Account Statement brings together all the revenue related income and expenditure. It shows the surplus/(deficit) for the year. Transfers to/from reserves are shown separately and not allocated by service division. Note 16 allocates transfers by service division in the same format as Table A of the adopted Local Authority budget.

### 23. Revenue Commissioners: Level 1 Compliance Intervention Letter

In October 2022, 31 City and County Councils received a Level 1 Compliance Intervention letter regarding Relevant Contracts Tax (RCT) as per the Revenue Commissioners Compliance Intervention Framework.

Since then, the Local Authorities have worked with the Local Government Management Agency and external tax advisers to provide the requested information to Revenue and have conducted the required self-review of their RCT obligations for certain contracts. The sector has completed its engagement with Revenue, and each local authority is now awaiting the final correspondence from the Revenue Commissioners.

### 24. Development Contribution Waiver Scheme

In 2023, the Government approved additional measures under the Housing for All Action Plan to incentivise the activation of increased housing supply and help reduce housing construction costs, including the introduction of temporary time-limited arrangements for the waiving of local authority "section 48" development contributions. This waiver is reported in the capital account. However, due to the accounting treatment of the waiver, the income figure for development contributions in appendix 5 does not agree with development contribution income figure in Note 10 in Annual Financial Statements 2024.

The income figure in Note 10 is higher as it also includes the grant income from the DHLGH in respect of the waiver.

### 25. Accounting for Increased Cost of Business Scheme (ICOB)

As part of Budget 2024, the government signed off on a package of €257 million for the Increased Cost of Business (ICOB) grant as a vital measure for small and medium businesses.

Local authorities, funded through the Department of Enterprise, Trade and Employment, managed the rollout of the grant to qualifying businesses.

The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading. The income appears in Appendix 3 under Enterprise, Trade and Employment.
