5. Notices of Motion

(a) Notice of Motion in the name of Cllr Mary Hilda Cavanagh received 24th of October 2018

That the Minister for Environment, Community and Local Government be requested to amend the rules for additions to the Register of Electors. That he be requested to allow Peace Commissioners, Public Representatives, Clergy men and women and school Principals to witness the signatures of new applicants. That he also be requested to provide funding for a comprehensive updating of the register of Electors before the next Local Elections.

Following discussion, agreement was reached that the first part of this Notice of Motion would hold more clout if it was endorsed by AILG in advance of being submitted to Minister John Paul Phelan. Cllr Fitzpatrick confirmed that he had no difficulty in bringing this Notice of Motion to the attention of AILG.

In relation to the issue of funding, Michael Delahunty advised that the field workers were cut in 2010 and the position of Revenue Collectors has changed substantially and has been subsumed into office based staff officers under a restructuring agreement in light of the changing nature of the finance function to an EFT payment system and in the former Revenue Collector role which had been largely door to door based collection. He advised that the maintenance of The Register is a matter for the Council but people have a personal responsibility also to keep their own register details updated. He advised that the fieldworker exercise was last carried out in advance of the 2014 Local Elections and that Kilkenny County Council was one of the last, if not the last Local Authority, to undertake a field worker process. In the light of budget position he did not envisage the return of the field worker exercise.

(b) Notice of Motion in the name of Cllr Mary Hilda Cavanagh received 24th of October 2018

That Kilkenny County Council would write to the Minister for Housing, Planning and Local Government seeking funds to convert Heating system in Local authority Homes from Gas to Solid Fuel where feasible on a phased basis.

Members discussed the financial burden placed on tenants with gas and oil heating costs. Mary Mulholland advised that the only retro fitting programme available from the Department was to remove solid fuel stoves. She highlighted the cost implications for Kilkenny County Council as a result of tenant's failure to properly maintain solid fuel stoves and clean chimneys. It was agreed that Mary Mulholland would speak to Housing Technical staff to establish how the cost of the various heating systems compare.
