Contributions were received from the members as follows:

- Members agreed that having an outlying ambulance standby point in Urlingford would be of massive benefit to the area saying such a move would make people's lives safer.
- Clarity was sought on use of the service during unsocial hours, increased noise and staffing of the service.
- Disappointment of local residents that the location had been ruled out as an access point for the adjoining estate was acknowledged.
- The NAS and HSE were thanked for the excellent service which they provide.
