3.0 BACKGROUND

In the Programme for Government, a commitment was made to end the system of Direct Provision and replace it with a new International Protection accommodation model centred on a not-for-profit approach. This will be delivered through the expansion of the model of interagency working groups and resettlement and intercultural workers currently in place for the Irish Refugee Protection Programme (IRPP).

In expanding this model, Department of Children, Disability, Equality, Integration and Youth in collaboration with the Local Authorities aims to establish a permanent network of **Local Authority Integration Teams** (LAITs) operating at local level and providing supports to:

- Applicants for International Protection (IP Applicants);
- Those with Refugee, Subsidiary Protection, or Permission to Remain status;
- Programme Refugees, and;
- Beneficiaries of Temporary Accommodation (BOTP's).

The primary role of the LAITs is to provide ongoing integration supports to IP applicants, Programme Refugees and BOTP's to enable them to live independently in the community.

This will involve linking these cohorts with local service providers appropriate to their needs. The LAITs will also act as the direct point of contact, providing information, guidance and advice, answering queries as they arise and ensuring that they are in receipt of applicable benefits and entitlements. The Integration Support Worker will support the Integration Support Coordinator in the delivery of services including support in accessing employment and developing English language proficiency; childcare, healthcare services and linkages to sporting and other local / community activities.

The LAITs will engage with the Irish Refugee Protection Programme during the period of resettlement. Grant agreements, put in place to support this process through integration projects, will set out the relationship including a referral process to provide integration supports to programme refugees.

The LAITs are not intended to replace mainstream service provision but to support IP applicants, Programme Refugees and BOTP's in accessing mainstream services.
