

KILKENNY COUNTY COUNCIL

COMHAIRLE CHONTAE CHILL CHAINNIGH

SERVICE DELIVERY PLAN

PLEAN SEACHADADH SEIRBHÍSE

2021

Approved by Elected Members at Monthly Meeting
held on Monday, 15th February, 2021

NOTE FROM THE CHIEF EXECUTIVE

The Local Government Reform Act, 2014, established the requirement for each local authority to prepare an Annual Service Delivery Plan identifying the services that it proposes to deliver to the public in the year ahead. The purpose of this Plan is to provide a corporate document that highlights the services that will be provided by Kilkenny County Council across all Directorates in 2021 and has been prepared based on the provisions of the adopted budget of Kilkenny County Council for 2021 and the assumptions made when the Budget for 2021 was adopted by Council of continued financial support from the Government to offset the impact of COVID 19 on our income streams.

County Kilkenny is situated in the South East of Ireland with a population of 99,118 (2016). The County has an area of 2,062 square kilometres (206,200 hectares). The main urban centre is Kilkenny City and Environs. The next largest population centre in County Kilkenny are the Ferrybank area, adjacent to Waterford City, and the district towns of Callan, Castlecomer, Graiguenamanagh and Thomastown. Kilkenny is a medieval city with a population of 27,751 (2016) and is known internationally as a centre for craft and design. Kilkenny boasts a strong indigenous industry in sectors such as food and drink as well as the craft sector. Tourism, agriculture, food processing, financial services, light engineering, animation, arts and design are the main industries in the County.

The City has developed a strong profile as a services centre and is an administration centre for a number of state and semi-state agencies. Kilkenny has high profile nationally and internationally as a centre for tourism, festivals, heritage and the arts.

Kilkenny County Council's Corporate Plan 2019-2024 provides a vision for how we propose to work in partnership to deliver for the people of Kilkenny.

The Corporate Plan takes account of a series of cross-cutting themes permeating the Council. It also reflects a range of cross-departmental issues. As a strategic framework, the Corporate Plan will steer the preparation and implementation of Service Delivery Plans by each service area. The Service Delivery Plans detail how each Directorate Areas will deliver on the objectives contained in the Corporate Plan and identifies the work programmes for each Directorate for 2021.

It is the responsibility of all of us who work on behalf of this Council to seek to promote a strong economy with a quality of life and quality environment, which in turn contributes to making Kilkenny an attractive and enjoyable County for our communities, our tourists and the business sector.

COVID 19 had a significant impact across all our communities in 2020 and those impacts are continuing as we start 2021 in Level 5 restrictions. It is placing restrictions on our interactions with our citizens, our customers and our staff. We have adapted to enable our services to be delivered having regard to public health guidance. We remain committed to continue to deliver our services in a timely manner and within the budget approved by the Elected Members for 2021. As outlined at Budget time we will require national financial support whilst the impact of COVID 19 on our income sources continues. Having regard to the current operating environment we will endeavour to achieve the objectives outlined in all the service delivery plans prepared by each directorate whilst observing all guidelines to ensure the safety of our staff, elected members and the general public.

In 2020, the arrival of COVID 19 required significant changes, not alone in how we do our business but a significant change in emphasis on priorities across the organisation as we adapted to meet local needs. We worked to deliver supports to the local businesses through the Restart Grants, Rates Waiver schemes, on-line trading vouchers etc. We worked in partnership with other agencies and community/voluntary groups to establish the Community Forum and the Community Call, which supported so many vulnerable people throughout 2020, particularly in the early phase of the pandemic when there was so much uncertainty.

We delivered changes in public realm in the City and across the County to facilitate physical distancing to enable people to go about their business safely. We established a Tourism Recovery Taskforce to support a sector that is so important to Kilkenny to re-open when the opportunities presented during 2020. We are currently playing a significant role in the national Keep Well campaign, to encourage and support people to stay well and stay connected. We will continue to adapt in 2021 as the response to the pandemic adjusts and we move into the vaccination phase. I want to acknowledge the commitment of our staff during 2020 to delivering services in very challenging circumstances and I know that commitment will continue in 2021 to enable us to deliver for our communities.

Finally, I want to thank you the Elected Members for your support during 2020 and for your flexibility to adapt to necessary new ways of carrying out your role as Elected Members as we all worked to keep our communities safe.

**Colette Byrne,
Chief Executive
Kilkenny County Council**

INTRODUCTION - RÉAMHRÁ

Mission & Values

The Council's Mission Statement and its Core Values & Principles have been outlined in its Corporate Plan 2019-2024 as follows:

Kilkenny County Council is committed to working with the people of Kilkenny to develop sustainable, connected, economically thriving and proud communities with the consideration of climate change embedded into all of our policies and services.

The Council supports the democratic process and the mandate of the elected representatives as well as recognising the need for a safe, healthy and a supportive environment for staff.

The Council subscribes to the following core values and principles:

- Accessibility, Transparency & Openness.
- Accountability & Budgetary Control.
- Adopting a Regional Approach and/or multi agency approach, where appropriate.
- Building Capacity.
- Community Leadership & Citizen Engagement.
- Efficient & Good Value Customer Service.
- Maximising the use of Scarce Resources.
- Mutual respect and support for Members, Staff and Citizens.
- Participation and Equality.
- Recognition of Employees.
- Responsiveness & Efficiency.
- Service Improvement & Measurement.
- Supporting an Enhanced Local Democratic process & Governance.
- Trust & Integrity.

The Service Delivery Plan is based on the Core Objectives & Supporting Strategies, as set out in the Corporate Plan. It outlines in detail the key actions in each of the service areas proposed to be undertaken in 2021. It also identifies the performance standards for the services.

In delivering this ambitious programme of work like any other year, the Council recognises the need

- to maximise the use of its resources,
- for improved communication,
- to focus on customer services,
- to work in partnership to achieve citizen engagement & social inclusion.

In addition, for the year 2021 our Service Plan will require us:

- to retain flexibility to respond to the impacts of COVID,
- to adapt to different ways of working in the delivery of services,
- to optimise use of best technology to access support to our services online.
- to support the delivery of new or changed national and local programmes and priorities to respond to the impacts of COVID and
- to retain flexibility to enable us to adapt in response to financial constraints should those circumstance arise in 2021.

The Service Delivery Plans in this document provides much detail on services/actions to be delivered in 2021, however it is important to set out the strategic priorities for Kilkenny County Council for the coming year.

- **Housing:** The delivery of housing continues to be a key priority for the Council. We have delivered our targets in 2020 and in some cases exceeded targets set nationally. It is inevitable that COVID and the necessity to close construction sites etc. will impact on output by the year-end but we will progress the delivery of as many additional units of accommodation as we can in 2021.
- **National Planning Framework 2040 and National Development Plan 2019 – 2027:**
It is important that Kilkenny position itself to maximise the potential presented by both the National Planning Framework and National Development Plan. To this end we will focus in 2021 on preparing a vision for Kilkenny City and Environs 2040. We will also continue to work with Waterford City & Council to assist them develop a vision for the greater Waterford City area for 2040, with a view to bidding for capital funding for infrastructure and public realm projects, in addition to those already delivered (e.g. *Ferrybank Neighbourhood Park*) and those approved funding (e.g. those under the Urban Regeneration and Development Fund).
- **South East Region:** We will continue to work with Carlow, Tipperary, Waterford and Wexford for the betterment of the South East. We will engage with the 1st Citizens Forum in the South East to present a regional voice for the development of infrastructure, projects and services at a regional level.
- **Abbey Quarter:** We will progress the delivery of the Abbey Quarter. We will complete the refurbishment of the Brewhouse and the Linear Park/Skate Park and progress plans for Phase 2 including the Urban Park and Street, subject to planning and funding. A decision of the Part 10 Planning Application submitted to Bord Pleanala is due in February. A decision on our URDF funding application is awaited. Through the Partnership, we will progress plans for the first new building on the site at the rear of the Brewhouse.
- **Further development of Culture:** Arts/Culture/Heritage is synonymous with Kilkenny. We will commence the development of the new City Library in the Mayfair Building subject to funding and progress plans for the upgrade of the existing Carnegie Library.
- **Western Environs:** We will complete roads & services in the Western Environs to facilitate residential development of scale and education facilities- two post primary and one primary school. Construction of infrastructure will be completed in 2021. This is a significant investment by the Council in future proofing the City for compact growth in keeping with the “10 Minute City” concept adopted by the Council.
- **Belview Economic Zone:** We will work with key strategic partners (*Waterford Port, IDA, Irish Water*) to ensure we maximise the potential of the Belview Area, particularly in the context of Brexit. We will progress plans for the upgrade of the N29, which will facilitate further development of zoned lands in the Belview area.

- **Infrastructure:** We will progress plans and seek funding for strategic infrastructure to support the development of Kilkenny City & County including the completion of the Northern Ring Road Extension, major upgrade/realignment to the N24, N25, & N77 routes.
- **Flood Schemes:** In partnership with OPW we will progress the 6 schemes identified in the CFRAMs Studies. Consultants continue to work before year end on plans for Graiguenamanagh and Ballyhale with a view to presenting options for resolving the flood issue at both locations.
- **Kilkenny Greenway:** We will commence work on the Kilkenny Greenway to link Waterford City to New Ross with a view to completing and opening the Kilkenny Greenway in 2022. We will work with the Regional Greenways Office to support the local communities prepare for the opportunities that the Greenway will present. We will progress the plans to provide connectivity to both Glenmore and Slieverue.
- **Community Forum/Community Call/ Keep Well Campaign:** We will lead and work in partnership with other arms of the State along with Community and Voluntary organisations to support our communities through the current crisis. It is important that we work collectively to support the most vulnerable in our communities.
- **Urbans Centres:** We will respond to the current crisis and this will necessitate a continued focus on our urban centres in implementing changes to support recovery. This year 2021 like last year will be a challenging year for retail and hospitality sectors in particular and we will work with relevant stakeholders to position Kilkenny for recovery. We will source funding for active travel measures to afford a higher priority for pedestrians, cyclists and public transport and the implementation of safe schools' zones throughout the City and County.
- **Climate Change:** This is a challenge for all sectors of society and we will continue our work in this area with particular focus on modal shift. We expect to commence a significant project to complete the retrofitting of our public lights in the City and the County in 2021. We will deliver on the actions contained in the Climate Change Adaptation Strategy 2019-2024 and the Sub-Actions for 2021 through the Climate Action Steering Group.
- **Rural Regeneration:** We will work with communities to prepare plans to address local needs and seek funding from national funding schemes as appropriate.
- **Third Level Education:** As work progresses on the delivery of the Technology University South East Ireland (TUSEI), it is important that Kilkenny positions itself to achieve the objective of having a campus of the Technology University for the South East in Kilkenny City.

Our strategic priorities are underpinned by our supporting strategies contained in our adopted Corporate Plan 2019 - 2024. Therefore, the delivery of the key actions identified in each Service Area Plans for 2021 may be affected from the impacts of COVID.

Year 2021 will be challenging as we start the year under Level 5 Restrictions. Similar to the year 2020, we will continue to adapt to new ways to deliver our services subject to the availability of staff, resources and funds. Our incomes streams will continue to be uncertain. Businesses, hospitality sector, tourism will all be badly affected which will impact on the economy of the City & County. Kilkenny relies heavily on tourism as a significant source of employment and a major contributor to our economy. We will support Government schemes as required to support businesses to deal with the impact of the virus. We will continue to engage with the Tourism Recovery Task Force and City Centre Task Force to support and position Kilkenny for re-opening post the pandemic.

We will face many challenges in the delivery of our services. We will continue to use technology and promote online services. We will continue to seek any opportunity to avail of additional funding for various community schemes and other projects which arise during 2021. Our services will adapt as required depending on the level of restrictions in place and health and safety guidelines.

Delivery of all capital projects has been affected and will continue to be affected until restrictions are eased. In order to progress some projects, we may have to look at different ways to engage with the public online for public consultations on design and planning of projects. We will seek innovative ways to engage with the public to enable them to be involved in the public consultation processes.

It is our Corporate responsibility to show leadership and lead by example and take all precautions to ensure we comply with national guidelines to limit the spread of the virus as we wait for the vaccination programme to be implemented nationwide. At all times, we must protect the health and safety of our staff, elected members, our customers and the public.

AMENITY, SPORT & RECREATION

SPÓRT & CAITHEAMH AIMSIRE TAITNEAMHACHTA

Core Objective

The Core Object of the Parks Department is to promote and foster health and wellbeing for people of all ages across the county through the provision of active and passive recreational facilities which are accessible to all.

Supporting Strategies

The Supporting Strategies include the planning and development of sporting, recreational, play and amenity facilities and activities for the enjoyable and constructive use of leisure time, in conjunction with the Kilkenny Recreation & Sports Partnership, Trail Kilkenny, Coillte, HSE and other relevant agencies and groups.

KEY ACTIONS FOR 2021 ARE AS FOLLOWS:-

Parks & Playground

- Provide assistance to community groups to plan, source funding for and develop community playgrounds and play spaces particularly focusing on areas in the County currently underprovided for.
- Maintain playgrounds to a high standard and provide assistance to support community playground groups across the county who also assist in their upkeep.
- Ensure playgrounds continue to meet the requirements of European Standards EN1176 and EN1177 which relate to playground safety of equipment and safety surfacing.
- Continue to implement weekly (in house), quarterly and annual (independent) playground inspection regimes for 31 playgrounds in the county and address maintenance and operational issues where relevant in a timely manner.
- Plan for future development provision and upkeep as playgrounds age and require replacement and identify / lever capital funding to assist with same
- Continue to develop Ferrybank Park which was opened in 2020 with applications to Sports Capital for a new all-weather mini pitch.
- Continue to maintain and improve Garringreen Neighbourhood Park, Newpark Marsh and Park and the River Nore Linear Park.

Sports Pitches

- Enter into short term lease agreements with sports clubs to allow them access to Council owned pitches for games and training. There are currently 5 pitches in total available for lease.
- Facilitate clubs into entering into long term lease arrangements to enable them to access grant assistance where appropriate.
- Continue to maintain pitches, upgrading areas of wear and tear where relevant.
- Continue weekly inspections of goal posts as per recommended safety guidelines.
- Undertake weekly inspections of Multi Use Games Areas (MUGAs) at Newpark, Garringreen and The Butts.
- Apply to Sports Capital for funding for upgrade of older MUGAS.
- Development of a new MUGA at Ferrybank Neighbourhood Park.

Kilkenny Greenway

- In conjunction with our partners Wexford and Waterford Local Authorities, assist in the construction of the 24km South East Greenway located between Ferrybank, South Kilkenny and New Ross, County Wexford, and ensuring the €15.7m funding support approved by the Department of Tourism, Transport and Sport is fully utilised
- Continue to engage with landowners for the duration of the project in relation to accommodation works along the 24km Greenway.

- Consult with residents of Ferrybank to agree suitable location for Greenway car park in Ferrybank and for pedestrian access points to improve permeability/accessibility to the Greenway.
- Apply for planning permission and develop the remaining public car park along the Greenway, namely at Ferrybank. Planning permission for 2 public car parks has been approved in 2020, at Glenmore and in New Ross.
- Continue to identify and deliver connectivity links from the Greenway to urban settlements in the vicinity of same including Sileverue and Glenmore.
- Work in conjunction with our neighbouring Local Authority Partners to ensure connectivity to the Kilkenny Greenway from the Red Bridge Walking Trail in New Ross and future Rosslare to Waterford Greenway, currently at pre planning stage. Carry out feasibility study on connecting New Ross to St Mullins and onward to Graiguenamangh.

Woodstock Gardens

- Maintain and upkeep newly refurbished walkways from Inistioge village to Woodstock Gardens.
- Continue to seek funding for development of further phases of the trails towards the Red House and Waterfall to the south and Mount Alto to the west through Outdoor Recreational Infrastructure Scheme (ORIS) and the Neighbourhood Scheme.
- Continue to build on links connecting the village community to Woodstock Gardens following successful completion of the woodland trails which physically link both areas and building on relationships established during the Entente Florale and Tidy Towns competitions.
- Market and promote the Gardens to target potential visitors.
- Continue to promote a wide variety of outdoor events to attract members of the public to the gardens, e.g. Schools Orienteering, Dawn Chorus, Light Up Gold, Tree Day, Kilkenny Day, Yulefest Trail.
- Promote environmental education through the Forest Schools Programme and guided nature walks and talks.
- Make the Gardens available where appropriate for weddings and other private events
- Run events to coincide with Play Day and Heritage Week.
- Implement a planting programme to replace valuable specimen trees lost due to storm damage to maintain the quality of the planting in the arboretum for future generations.
- Upgrade the Winter Garden formal planting scheme to provide year-round interest.
- Continue to offer garden tours to visitors and provide a mobility service for the less able bodied.
- Continue with other improvements throughout the Gardens, such as new timber hoarding to rear of House, complete Pergola, continue to provide specimen tree information plaques etc.
- Complete enhancement works to Tea Room by 31st March, 2021.

Annual Tree Planting and Tree Surgery Programme

- The Parks Section is committed to planting trees in public places in the city and county in association with community groups and in support of our objectives under the Climate Change Adaptation Strategy. The trees will be predominantly native species and or pollinator friendly and will be semi-mature at planting as appropriate and subject to COVID Restrictions.
- Continue community planting schemes in association with community groups.
- Assess the health of trees in public places around the county and organise tree surgery based on sound arboricultural principles.
- Continue to advise on landscaping design for urban streetscape enhancement schemes.

Amenity Grants

- Invite applications for amenity grants to support communities and resident associations to maintain their local areas.
- Assist communities with relevant advice in relation to planting schemes, pollinator planting and meadow management.
- Process all valid grant claims by year end.
- Support the objectives of the All Ireland Pollinator Plan by encouraging groups to manage areas in a more sensitive manner for habitat and pollinators.

Maintenance of Residential Amenity Areas

- The Parks Department manages grass cutting in parks and playgrounds across the city and county and in certain residential estates where the size of the grass area warrants assistance to residents.
- The Parks Department will seek to convert locations currently intensively managed to meadow grassland in support of pollinators and biodiversity.
- Support community groups through advice to maintain open space areas in a more sustainable way

Trails & Walks – ORIS funded schemes

- Source funding from the ORIS - Outdoor Recreational Infrastructure Scheme – to develop further walking trails in Kilkenny, to include Woodstock, Tory Hill and Browns Wood Freshford. Applications to continue second phases of trail development in these locations have been made and works will commence in 2021 if successful
- Seek funding for the second phase of development of the Moat Field in Callan with an application to ORIS 2021.

Planning and Development

- Progress proposals to repurpose the closed 17-acre landfill amenity site at Dunmore into a Biodiversity and Recreational Countryside Park.
- Explore the development of an overall masterplan for a local recreational amenity at St Canice's site in conjunction with the HSE, KRSP and local clubs.
- Assist in the master planning for the Breaghagh Valley Linear Park and connectivity into City Centre.
- Assist the Planning Section in the proper planning and development of Kilkenny by having input into masterplans and planning applications.

Performance Standards

Performance under Amenity, Sport and Recreation will be assessed against the standards as set out above.
